

LIFEWS AgriShine(TM) GrowMeal(TM)

PRIMARY 1-3 GARDEN OBSERVATION & LEARNING JOURNAL

STUDENT EDITION

DRAW YOUR SCHOOL GARDEN

Name: _____

Class: _____ School: _____

OBSERVE -> MEASURE -> COMPARE -> RECORD -> EXPLAIN

HOW TO USE MY JOURNAL

OBSERVE - Look carefully and notice details before you act.

MEASURE - Use a ruler, count, tally, balance, cup or another teacher-approved method.

COMPARE - Look for similarities, differences, more/less, taller/shorter or changes over time.

RECORD - Write numbers, words, tables or drawings so your evidence is not forgotten.

EXPLAIN - Use what you recorded to say what happened and what you learned.

Garden safety: follow teacher instructions, handle tools correctly, do not taste unknown plants, observe insects without catching them, and wash hands after practical work.

MY MEASUREMENT TOOLKIT

I may use these tools with teacher guidance:

Tool	What I measure or record	Unit / mark

Useful units: centimeter (cm), meter (m), gram (g), kilogram (kg), milliliter (mL), liter (L), count, tally.

Before I begin

Draw or map what you notice in this garden. Add labels for important plants, structures or learning features.

MY FIRST LOOK

One thing I want to learn: _____

OBSERVATION 01 - Alphabet Food Garden

TASK: Record three crop or garden words and their first letters.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 02 - Alphabet Food Garden

TASK: Compare the lengths of two crop names.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 03 - Alphabet Food Garden

TASK: Label leaf, stem and root on a plant drawing.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 04 - Alphabet Food Garden

TASK: Create a plant tag with crop name and date.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 05 - Alphabet Food Garden

TASK: Write one sentence about a garden word you learned.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

ALPHABET FOOD GARDEN - MY REFLECTION

My most useful observation or measurement was:

SHOW IT HERE

I learned: _____

One new question I have: _____

One garden-care action I can explain: _____

Before I begin

Draw or map what you notice in this garden. Add labels for important plants, structures or learning features.

MY FIRST LOOK

One thing I want to learn: _____

OBSERVATION 06 - Number Food Garden

TASK: Count plants in two rows and compare totals.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 07 - Number Food Garden

TASK: Measure the height of three plants in centimeters.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 08 - Number Food Garden

TASK: Make a tally of leaves on selected plants.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 09 - Number Food Garden

TASK: Record a simple harvest count.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 10 - Number Food Garden

TASK: Use your numbers to explain which group had more or fewer.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

NUMBER FOOD GARDEN - MY REFLECTION

My most useful observation or measurement was:

SHOW IT HERE

I learned: _____

One new question I have: _____

One garden-care action I can explain: _____

Before I begin

Draw or map what you notice in this garden. Add labels for important plants, structures or learning features.

MY FIRST LOOK

One thing I want to learn: _____

OBSERVATION 11 - Geometry Garden

TASK: Identify shapes in beds, containers and paths.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 12 - Geometry Garden

TASK: Measure two sides of a rectangular bed.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 13 - Geometry Garden

TASK: Count corners and compare two garden shapes.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 14 - Geometry Garden

TASK: Use square units or tiles to explore surface area.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 15 - Geometry Garden

TASK: Draw a simple map of the garden using shapes.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

GEOMETRY GARDEN - MY REFLECTION

My most useful observation or measurement was:

SHOW IT HERE

I learned: _____

One new question I have: _____

One garden-care action I can explain: _____

Before I begin

Draw or map what you notice in this garden. Add labels for important plants, structures or learning features.

MY FIRST LOOK

One thing I want to learn: _____

OBSERVATION 16 - Leaf Garden

TASK: Measure the length of three leaves.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 17 - Leaf Garden

TASK: Sort leaves by shape or size.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 18 - Leaf Garden

TASK: Compare young and older leaves.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 19 - Leaf Garden

TASK: Record leaf color and visible condition.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 20 - Leaf Garden

TASK: Observe one plant again later and describe a leaf change.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

LEAF GARDEN - MY REFLECTION

My most useful observation or measurement was:

SHOW IT HERE

I learned: _____

One new question I have: _____

One garden-care action I can explain: _____

Before I begin

Draw or map what you notice in this garden. Add labels for important plants, structures or learning features.

MY FIRST LOOK

One thing I want to learn: _____

OBSERVATION 21 - Pollinator Garden

TASK: Count flowers in a small observation area.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 22 - Pollinator Garden

TASK: Observe pollinator visits from a safe distance.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 23 - Pollinator Garden

TASK: Make a tally of flower colors.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 24 - Pollinator Garden

TASK: Compare visits to two flower patches.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 25 - Pollinator Garden

TASK: Explain one way the garden can support pollinators without touching them.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

POLLINATOR GARDEN - MY REFLECTION

My most useful observation or measurement was:

SHOW IT HERE

I learned: _____

One new question I have: _____

One garden-care action I can explain: _____

Before I begin

Draw or map what you notice in this garden. Add labels for important plants, structures or learning features.

MY FIRST LOOK

One thing I want to learn: _____

OBSERVATION 26 - Raised Food Garden

TASK: Measure bed length and width.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 27 - Raised Food Garden

TASK: Measure spacing between selected plants.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 28 - Raised Food Garden

TASK: Check soil moisture using the teacher-approved method.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 29 - Raised Food Garden

TASK: Compare plant heights at two positions.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 30 - Raised Food Garden

TASK: Record a harvest count or mass with teacher support.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

RAISED FOOD GARDEN - MY REFLECTION

My most useful observation or measurement was:

SHOW IT HERE

I learned: _____

One new question I have: _____

One garden-care action I can explain: _____

Before I begin

Draw or map what you notice in this garden. Add labels for important plants, structures or learning features.

MY FIRST LOOK

One thing I want to learn: _____

OBSERVATION 31 - ReBottle Wall Garden

TASK: Count planters at different levels.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 32 - ReBottle Wall Garden

TASK: Compare plant growth at upper and lower levels.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 33 - ReBottle Wall Garden

TASK: Observe drainage after watering.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 34 - ReBottle Wall Garden

TASK: Measure plant height in two planters.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 35 - ReBottle Wall Garden

TASK: Record one maintenance need without handling mounted supports.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

REBOTTLE WALL GARDEN - MY REFLECTION

My most useful observation or measurement was:

SHOW IT HERE

I learned: _____

One new question I have: _____

One garden-care action I can explain: _____

Before I begin

Draw or map what you notice in this garden. Add labels for important plants, structures or learning features.

MY FIRST LOOK

One thing I want to learn: _____

OBSERVATION 36 - Sack GrowBag Garden

TASK: Count planting openings.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 37 - Sack GrowBag Garden

TASK: Compare top and side plants.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 38 - Sack GrowBag Garden

TASK: Measure plant height.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 39 - Sack GrowBag Garden

TASK: Observe moisture and drainage safely.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 40 - Sack GrowBag Garden

TASK: Record the number of harvested items from one growbag.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

SACK GROWBAG GARDEN - MY REFLECTION

My most useful observation or measurement was:

SHOW IT HERE

I learned: _____

One new question I have: _____

One garden-care action I can explain: _____

Before I begin

Draw or map what you notice in this garden. Add labels for important plants, structures or learning features.

MY FIRST LOOK

One thing I want to learn: _____

OBSERVATION 41 - Ground Production Garden

TASK: Measure a crop-row length.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 42 - Ground Production Garden

TASK: Count established plants in a sample section.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 43 - Ground Production Garden

TASK: Measure plant spacing.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 44 - Ground Production Garden

TASK: Make a weed or crop-condition tally.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 45 - Ground Production Garden

TASK: Record harvest quantity and describe crop performance.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

GROUND PRODUCTION GARDEN - MY REFLECTION

My most useful observation or measurement was:

SHOW IT HERE

I learned: _____

One new question I have: _____

One garden-care action I can explain: _____

Before I begin

Draw or map what you notice in this garden. Add labels for important plants, structures or learning features.

MY FIRST LOOK

One thing I want to learn: _____

OBSERVATION 46 - Discovery Production Garden

TASK: Write a simple garden question.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 47 - Discovery Production Garden

TASK: Make a prediction before observing.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 48 - Discovery Production Garden

TASK: Choose one thing to count or measure.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 49 - Discovery Production Garden

TASK: Compare two plants or conditions.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

OBSERVATION 50 - Discovery Production Garden

TASK: Use your record to state what you discovered.

What / item	Measurement or count	Unit / observation

COMPARE: What is similar, different, more, less, taller, shorter, wetter, drier, or changed?

DRAW / GRAPH / SHOW YOUR EVIDENCE

EXPLAIN: My evidence shows that _____

Date: _____ Partner/Group: _____ Teacher initials: _____

DISCOVERY PRODUCTION GARDEN - MY REFLECTION

My most useful observation or measurement was:

SHOW IT HERE

I learned: _____

One new question I have: _____

One garden-care action I can explain: _____

MY PLANT GROWTH TRACKER

Choose one plant and observe it on four different dates. Measure in the same way each time.

Date	Height (cm)	Leaf count	What changed?

DRAW THE PLANT AT THE START AND LATER

MY GARDEN DATA STORY

Choose one set of numbers from your journal. Make a simple picture graph, bar graph or comparison drawing.

MY GRAPH / DATA PICTURE

The biggest result was: _____

I think this happened because: _____

MY GROWMEAL(TM) PRIMARY 1-3 CERTIFICATE

This journal belongs to

who completed garden observations using

OBSERVE -> MEASURE -> COMPARE -> RECORD -> EXPLAIN

Teacher: _____ Date: _____

LIFEWS AgriShine(TM) GrowMeal(TM) - Primary 1-3
