

JSS 1-3

VOCABULARY & CONCEPT SYSTEM

900 progressive vocabulary/concept entries

Use the vocabulary in context: introduce the word, connect it to a real garden object/process, let learners say or write it, use it during practical work, then revisit it in journals, missions and assessments.

Category	Entries
Engineering & Decision	16
Garden Foundations	584
Investigation & Research	36
Measurement & Data	30
Plant & Production	132
Soil / Growing Medium	51
Systems Thinking	4
Water & Irrigation	47

ID	Term / Concept	Meaning	Garden link
JV-0001	seed Plant & Production	The plant structure that can begin a new plant.	Production Garden
JV-0002	germination Garden Foundations	The process by which a seed begins to grow.	Raised Systems Garden
JV-0003	seedling Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage seedling at the JSS 1-3 level.	Grid Experiment Garden
JV-0004	root Plant & Production	The plant part that anchors the plant and takes up water and minerals.	Crop Rotation Garden
JV-0005	root hair Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root hair at the JSS 1-3 level.	Intercropping Garden
JV-0006	stem Plant & Production	The plant part that supports leaves and transports materials.	Water-Smart Garden
JV-0007	node Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage node at the JSS 1-3 level.	Compost & Soil Garden
JV-0008	leaf Plant & Production	A plant organ that captures light and exchanges gases.	Soilless Learning Garden
JV-0009	leaf blade Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage leaf blade at the JSS 1-3 level.	Sensor-Ready Garden
JV-0010	leaf vein Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage leaf vein at the JSS 1-3 level.	Applied Systems Garden
JV-0011	flower Plant & Production	The reproductive structure of many plants.	Production Garden
JV-0012	petal Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage petal at the JSS 1-3 level.	Raised Systems Garden
JV-0013	pollen Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pollen at the JSS 1-3 level.	Grid Experiment Garden
JV-0014	pollinator Garden Foundations	An animal that transfers pollen between flowers.	Crop Rotation Garden
JV-0015	fruit Plant & Production	A plant structure that develops from a flower and contains or protects seeds.	Intercropping Garden
JV-0016	seed coat Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage seed coat at the JSS 1-3 level.	Water-Smart Garden
JV-0017	soil Soil / Growing Medium	The natural material in which many plants grow, containing minerals, organic matter, water and air.	Compost & Soil Garden
JV-0018	topsoil Soil / Growing Medium	A soil-related property, process or management concept: topsoil.	Soilless Learning Garden
JV-0019	sand Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sand at the JSS 1-3 level.	Sensor-Ready Garden
JV-0020	silt Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage silt at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0021	clay Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage clay at the JSS 1-3 level.	Production Garden
JV-0022	organic matter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage organic matter at the JSS 1-3 level.	Raised Systems Garden
JV-0023	compost Soil / Growing Medium	Decomposed organic material used to improve growing conditions.	Grid Experiment Garden
JV-0024	mulch Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mulch at the JSS 1-3 level.	Crop Rotation Garden
JV-0025	water Water & Irrigation	A resource plants need for growth and transport of materials.	Intercropping Garden
JV-0026	moisture Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage moisture at the JSS 1-3 level.	Water-Smart Garden
JV-0027	drainage Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage drainage at the JSS 1-3 level.	Compost & Soil Garden
JV-0028	infiltration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage infiltration at the JSS 1-3 level.	Soilless Learning Garden
JV-0029	runoff Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage runoff at the JSS 1-3 level.	Sensor-Ready Garden
JV-0030	irrigation Water & Irrigation	The planned application of water to plants or soil.	Applied Systems Garden
JV-0031	drip line Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage drip line at the JSS 1-3 level.	Production Garden
JV-0032	container Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage container at the JSS 1-3 level.	Raised Systems Garden
JV-0033	raised bed Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage raised bed at the JSS 1-3 level.	Grid Experiment Garden
JV-0034	growbag Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage growbag at the JSS 1-3 level.	Crop Rotation Garden
JV-0035	row Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage row at the JSS 1-3 level.	Intercropping Garden
JV-0036	plot Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage plot at the JSS 1-3 level.	Water-Smart Garden
JV-0037	grid Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage grid at the JSS 1-3 level.	Compost & Soil Garden
JV-0038	spacing Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage spacing at the JSS 1-3 level.	Soilless Learning Garden
JV-0039	depth Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage depth at the JSS 1-3 level.	Sensor-Ready Garden
JV-0040	height Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage height at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0041	length Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage length at the JSS 1-3 level.	Production Garden
JV-0042	width Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage width at the JSS 1-3 level.	Raised Systems Garden
JV-0043	area Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage area at the JSS 1-3 level.	Grid Experiment Garden
JV-0044	volume Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage volume at the JSS 1-3 level.	Crop Rotation Garden
JV-0045	mass Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mass at the JSS 1-3 level.	Intercropping Garden
JV-0046	count Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage count at the JSS 1-3 level.	Water-Smart Garden
JV-0047	tally Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage tally at the JSS 1-3 level.	Compost & Soil Garden
JV-0048	sample Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample at the JSS 1-3 level.	Soilless Learning Garden
JV-0049	record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage record at the JSS 1-3 level.	Sensor-Ready Garden
JV-0050	table Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage table at the JSS 1-3 level.	Applied Systems Garden
JV-0051	chart Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage chart at the JSS 1-3 level.	Production Garden
JV-0052	graph Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage graph at the JSS 1-3 level.	Raised Systems Garden
JV-0053	bar graph Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage bar graph at the JSS 1-3 level.	Grid Experiment Garden
JV-0054	scale Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage scale at the JSS 1-3 level.	Crop Rotation Garden
JV-0055	unit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage unit at the JSS 1-3 level.	Intercropping Garden
JV-0056	centimeter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage centimeter at the JSS 1-3 level.	Water-Smart Garden
JV-0057	meter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage meter at the JSS 1-3 level.	Compost & Soil Garden
JV-0058	liter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage liter at the JSS 1-3 level.	Soilless Learning Garden
JV-0059	milliliter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage milliliter at the JSS 1-3 level.	Sensor-Ready Garden
JV-0060	gram Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage gram at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0061	kilogram Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage kilogram at the JSS 1-3 level.	Production Garden
JV-0062	temperature Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage temperature at the JSS 1-3 level.	Raised Systems Garden
JV-0063	shade Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage shade at the JSS 1-3 level.	Grid Experiment Garden
JV-0064	sunlight Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sunlight at the JSS 1-3 level.	Crop Rotation Garden
JV-0065	growth Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage growth at the JSS 1-3 level.	Intercropping Garden
JV-0066	harvest Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage harvest at the JSS 1-3 level.	Water-Smart Garden
JV-0067	yield Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage yield at the JSS 1-3 level.	Compost & Soil Garden
JV-0068	crop Plant & Production	A crop-production concept used to describe or evaluate crop.	Soilless Learning Garden
JV-0069	vegetable Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage vegetable at the JSS 1-3 level.	Sensor-Ready Garden
JV-0070	herb Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage herb at the JSS 1-3 level.	Applied Systems Garden
JV-0071	fruit crop Plant & Production	A crop-production concept used to describe or evaluate fruit crop.	Production Garden
JV-0072	legume Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage legume at the JSS 1-3 level.	Raised Systems Garden
JV-0073	cereal Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage cereal at the JSS 1-3 level.	Grid Experiment Garden
JV-0074	crop family Plant & Production	A crop-production concept used to describe or evaluate crop family.	Crop Rotation Garden
JV-0075	rotation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage rotation at the JSS 1-3 level.	Intercropping Garden
JV-0076	intercrop Plant & Production	A crop-production concept used to describe or evaluate intercrop.	Water-Smart Garden
JV-0077	weed Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weed at the JSS 1-3 level.	Compost & Soil Garden
JV-0078	pest Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pest at the JSS 1-3 level.	Soilless Learning Garden
JV-0079	beneficial insect Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage beneficial insect at the JSS 1-3 level.	Sensor-Ready Garden
JV-0080	habitat Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage habitat at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0081	reuse Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reuse at the JSS 1-3 level.	Production Garden
JV-0082	recycle Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage recycle at the JSS 1-3 level.	Raised Systems Garden
JV-0083	bottle planter Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage bottle planter at the JSS 1-3 level.	Grid Experiment Garden
JV-0084	vertical garden Garden Foundations	A planned growing or learning space associated with vertical garden.	Crop Rotation Garden
JV-0085	soilless growing Soil / Growing Medium	A soil-related property, process or management concept: soilless growing.	Intercropping Garden
JV-0086	growing medium Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage growing medium at the JSS 1-3 level.	Water-Smart Garden
JV-0087	nutrient solution Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage nutrient solution at the JSS 1-3 level.	Compost & Soil Garden
JV-0088	pH Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pH at the JSS 1-3 level.	Soilless Learning Garden
JV-0089	electrical conductivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage electrical conductivity at the JSS 1-3 level.	Sensor-Ready Garden
JV-0090	reservoir Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reservoir at the JSS 1-3 level.	Applied Systems Garden
JV-0091	flow Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage flow at the JSS 1-3 level.	Production Garden
JV-0092	question Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage question at the JSS 1-3 level.	Raised Systems Garden
JV-0093	prediction Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage prediction at the JSS 1-3 level.	Grid Experiment Garden
JV-0094	observation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observation at the JSS 1-3 level.	Crop Rotation Garden
JV-0095	comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage comparison at the JSS 1-3 level.	Intercropping Garden
JV-0096	measurement Garden Foundations	A quantified observation made using an agreed unit.	Water-Smart Garden
JV-0097	evidence Garden Foundations	Information or data used to support an explanation or decision.	Compost & Soil Garden
JV-0098	pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pattern at the JSS 1-3 level.	Soilless Learning Garden
JV-0099	difference Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage difference at the JSS 1-3 level.	Sensor-Ready Garden
JV-0100	similarity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage similarity at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0101	result Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage result at the JSS 1-3 level.	Production Garden
JV-0102	conclusion Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage conclusion at the JSS 1-3 level.	Raised Systems Garden
JV-0103	fair test Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage fair test at the JSS 1-3 level.	Grid Experiment Garden
JV-0104	variable Investigation & Research	A factor that can change or be measured in an investigation.	Crop Rotation Garden
JV-0105	hypothesis Investigation & Research	A testable statement predicting a relationship between variables.	Intercropping Garden
JV-0106	independent variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage independent variable at the JSS 1-3 level.	Water-Smart Garden
JV-0107	dependent variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage dependent variable at the JSS 1-3 level.	Compost & Soil Garden
JV-0108	controlled variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage controlled variable at the JSS 1-3 level.	Soilless Learning Garden
JV-0109	treatment Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment at the JSS 1-3 level.	Sensor-Ready Garden
JV-0110	control Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage control at the JSS 1-3 level.	Applied Systems Garden
JV-0111	replicate Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage replicate at the JSS 1-3 level.	Production Garden
JV-0112	random sample Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage random sample at the JSS 1-3 level.	Raised Systems Garden
JV-0113	mean Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mean at the JSS 1-3 level.	Grid Experiment Garden
JV-0114	range Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage range at the JSS 1-3 level.	Crop Rotation Garden
JV-0115	percentage Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage percentage at the JSS 1-3 level.	Intercropping Garden
JV-0116	rate Garden Foundations	A quantity describing how quickly rate changes or occurs per unit time or basis.	Water-Smart Garden
JV-0117	ratio Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage ratio at the JSS 1-3 level.	Compost & Soil Garden
JV-0118	density Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage density at the JSS 1-3 level.	Soilless Learning Garden
JV-0119	plant density Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant density at the JSS 1-3 level.	Sensor-Ready Garden
JV-0120	survival rate Garden Foundations	A quantity describing how quickly survival changes or occurs per unit time or basis.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0121	germination rate Garden Foundations	A quantity describing how quickly germination changes or occurs per unit time or basis.	Production Garden
JV-0122	growth rate Garden Foundations	A quantity describing how quickly growth changes or occurs per unit time or basis.	Raised Systems Garden
JV-0123	flow rate Water & Irrigation	A quantity describing how quickly flow changes or occurs per unit time or basis.	Grid Experiment Garden
JV-0124	uniformity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage uniformity at the JSS 1-3 level.	Crop Rotation Garden
JV-0125	water use Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water use.	Intercropping Garden
JV-0126	water productivity Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water productivity.	Water-Smart Garden
JV-0127	field capacity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field capacity at the JSS 1-3 level.	Compost & Soil Garden
JV-0128	wilting Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage wilting at the JSS 1-3 level.	Soilless Learning Garden
JV-0129	evaporation Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage evaporation at the JSS 1-3 level.	Sensor-Ready Garden
JV-0130	transpiration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage transpiration at the JSS 1-3 level.	Applied Systems Garden
JV-0131	evapotranspiration Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage evapotranspiration at the JSS 1-3 level.	Production Garden
JV-0132	root zone Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root zone at the JSS 1-3 level.	Raised Systems Garden
JV-0133	soil structure Soil / Growing Medium	A soil-related property, process or management concept: soil structure.	Grid Experiment Garden
JV-0134	soil texture Soil / Growing Medium	A soil-related property, process or management concept: soil texture.	Crop Rotation Garden
JV-0135	soil aggregation Soil / Growing Medium	A soil-related property, process or management concept: soil aggregation.	Intercropping Garden
JV-0136	porosity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage porosity at the JSS 1-3 level.	Water-Smart Garden
JV-0137	compaction Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage compaction at the JSS 1-3 level.	Compost & Soil Garden
JV-0138	decomposition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage decomposition at the JSS 1-3 level.	Soilless Learning Garden
JV-0139	carbon-rich material Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage carbon-rich material at the JSS 1-3 level.	Sensor-Ready Garden
JV-0140	nitrogen-rich material Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage nitrogen-rich material at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0141	compost maturity Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage compost maturity at the JSS 1-3 level.	Production Garden
JV-0142	compost temperature Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage compost temperature at the JSS 1-3 level.	Raised Systems Garden
JV-0143	aeration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage aeration at the JSS 1-3 level.	Grid Experiment Garden
JV-0144	leachate Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage leachate at the JSS 1-3 level.	Crop Rotation Garden
JV-0145	keyhole bed Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage keyhole bed at the JSS 1-3 level.	Intercropping Garden
JV-0146	gravity head Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage gravity head at the JSS 1-3 level.	Water-Smart Garden
JV-0147	emitter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage emitter at the JSS 1-3 level.	Compost & Soil Garden
JV-0148	pressure Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pressure at the JSS 1-3 level.	Soilless Learning Garden
JV-0149	distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage distribution at the JSS 1-3 level.	Sensor-Ready Garden
JV-0150	vertical level Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage vertical level at the JSS 1-3 level.	Applied Systems Garden
JV-0151	canopy Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage canopy at the JSS 1-3 level.	Production Garden
JV-0152	crop sequence Plant & Production	A crop-production concept used to describe or evaluate crop sequence.	Raised Systems Garden
JV-0153	rotation interval Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage rotation interval at the JSS 1-3 level.	Grid Experiment Garden
JV-0154	cover crop Plant & Production	A crop-production concept used to describe or evaluate cover crop.	Crop Rotation Garden
JV-0155	biodiversity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage biodiversity at the JSS 1-3 level.	Intercropping Garden
JV-0156	competition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage competition at the JSS 1-3 level.	Water-Smart Garden
JV-0157	complementarity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage complementarity at the JSS 1-3 level.	Compost & Soil Garden
JV-0158	land equivalent ratio Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage land equivalent ratio at the JSS 1-3 level.	Soilless Learning Garden
JV-0159	soilless medium Soil / Growing Medium	A soil-related property, process or management concept: soilless medium.	Sensor-Ready Garden
JV-0160	capillary action Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage capillary action at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0161	drainage fraction Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage drainage fraction at the JSS 1-3 level.	Production Garden
JV-0162	solution concentration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage solution concentration at the JSS 1-3 level.	Raised Systems Garden
JV-0163	pH scale Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage ph scale at the JSS 1-3 level.	Grid Experiment Garden
JV-0164	EC meter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage ec meter at the JSS 1-3 level.	Crop Rotation Garden
JV-0165	calibration Measurement & Data	Establishing or checking the relationship between an instrument response and a reference value.	Intercropping Garden
JV-0166	data quality Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage data quality at the JSS 1-3 level.	Water-Smart Garden
JV-0167	anomaly Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage anomaly at the JSS 1-3 level.	Compost & Soil Garden
JV-0168	limitation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage limitation at the JSS 1-3 level.	Soilless Learning Garden
JV-0169	uncertainty Garden Foundations	Incomplete certainty about a value, model, process or conclusion.	Sensor-Ready Garden
JV-0170	research question Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage research question at the JSS 1-3 level.	Applied Systems Garden
JV-0171	testable hypothesis Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage testable hypothesis at the JSS 1-3 level.	Production Garden
JV-0172	experimental unit Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage experimental unit at the JSS 1-3 level.	Raised Systems Garden
JV-0173	sampling unit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sampling unit at the JSS 1-3 level.	Grid Experiment Garden
JV-0174	replication Investigation & Research	Repeating experimental units or measurements to characterize variation.	Crop Rotation Garden
JV-0175	randomization Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage randomization at the JSS 1-3 level.	Intercropping Garden
JV-0176	blocking Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage blocking at the JSS 1-3 level.	Water-Smart Garden
JV-0177	treatment effect Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment effect at the JSS 1-3 level.	Compost & Soil Garden
JV-0178	response variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage response variable at the JSS 1-3 level.	Soilless Learning Garden
JV-0179	control variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage control variable at the JSS 1-3 level.	Sensor-Ready Garden
JV-0180	confounding variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage confounding variable at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0181	baseline Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage baseline at the JSS 1-3 level.	Production Garden
JV-0182	protocol Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage protocol at the JSS 1-3 level.	Raised Systems Garden
JV-0183	standard operating procedure Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage standard operating procedure at the JSS 1-3 level.	Grid Experiment Garden
JV-0184	sample ID Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample id at the JSS 1-3 level.	Crop Rotation Garden
JV-0185	instrument ID Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage instrument id at the JSS 1-3 level.	Intercropping Garden
JV-0186	raw data Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage raw data at the JSS 1-3 level.	Water-Smart Garden
JV-0187	processed data Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage processed data at the JSS 1-3 level.	Compost & Soil Garden
JV-0188	metadata Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage metadata at the JSS 1-3 level.	Soilless Learning Garden
JV-0189	median Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage median at the JSS 1-3 level.	Sensor-Ready Garden
JV-0190	mode Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mode at the JSS 1-3 level.	Applied Systems Garden
JV-0191	variance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage variance at the JSS 1-3 level.	Production Garden
JV-0192	standard deviation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage standard deviation at the JSS 1-3 level.	Raised Systems Garden
JV-0193	coefficient of variation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage coefficient of variation at the JSS 1-3 level.	Grid Experiment Garden
JV-0194	outlier Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage outlier at the JSS 1-3 level.	Crop Rotation Garden
JV-0195	trend Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage trend at the JSS 1-3 level.	Intercropping Garden
JV-0196	correlation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage correlation at the JSS 1-3 level.	Water-Smart Garden
JV-0197	scatter plot Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage scatter plot at the JSS 1-3 level.	Compost & Soil Garden
JV-0198	line graph Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage line graph at the JSS 1-3 level.	Soilless Learning Garden
JV-0199	error bar Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage error bar at the JSS 1-3 level.	Sensor-Ready Garden
JV-0200	accuracy Measurement & Data	Closeness of a measurement to an accepted reference value.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0201	precision Measurement & Data	Closeness of repeated measurements to one another.	Production Garden
JV-0202	repeatability Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage repeatability at the JSS 1-3 level.	Raised Systems Garden
JV-0203	reproducibility Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reproducibility at the JSS 1-3 level.	Grid Experiment Garden
JV-0204	bias Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage bias at the JSS 1-3 level.	Crop Rotation Garden
JV-0205	measurement error Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement error at the JSS 1-3 level.	Intercropping Garden
JV-0206	reference measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reference measurement at the JSS 1-3 level.	Water-Smart Garden
JV-0207	calibration curve Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage calibration curve at the JSS 1-3 level.	Compost & Soil Garden
JV-0208	sensor drift Measurement & Data	A measurement concept or device associated with sensor drift; it converts an observed condition into data.	Soilless Learning Garden
JV-0209	data logger Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage data logger at the JSS 1-3 level.	Sensor-Ready Garden
JV-0210	soil moisture sensor Soil / Growing Medium	A measurement concept or device associated with soil moisture sensor; it converts an observed condition into data.	Applied Systems Garden
JV-0211	temperature sensor Measurement & Data	A measurement concept or device associated with temperature sensor; it converts an observed condition into data.	Production Garden
JV-0212	water-level sensor Water & Irrigation	A measurement concept or device associated with water-level sensor; it converts an observed condition into data.	Raised Systems Garden
JV-0213	flow sensor Water & Irrigation	A measurement concept or device associated with flow sensor; it converts an observed condition into data.	Grid Experiment Garden
JV-0214	threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage threshold at the JSS 1-3 level.	Crop Rotation Garden
JV-0215	set point Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage set point at the JSS 1-3 level.	Intercropping Garden
JV-0216	time series Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage time series at the JSS 1-3 level.	Water-Smart Garden
JV-0217	sampling interval Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sampling interval at the JSS 1-3 level.	Compost & Soil Garden
JV-0218	missing data Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage missing data at the JSS 1-3 level.	Soilless Learning Garden
JV-0219	quality control Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage quality control at the JSS 1-3 level.	Sensor-Ready Garden
JV-0220	crop establishment Plant & Production	A crop-production concept used to describe or evaluate crop establishment.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0221	plant population Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant population at the JSS 1-3 level.	Production Garden
JV-0222	biomass Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage biomass at the JSS 1-3 level.	Raised Systems Garden
JV-0223	fresh mass Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage fresh mass at the JSS 1-3 level.	Grid Experiment Garden
JV-0224	dry mass Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage dry mass at the JSS 1-3 level.	Crop Rotation Garden
JV-0225	harvest index Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage harvest index at the JSS 1-3 level.	Intercropping Garden
JV-0226	yield component Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage yield component at the JSS 1-3 level.	Water-Smart Garden
JV-0227	input use Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage input use at the JSS 1-3 level.	Compost & Soil Garden
JV-0228	resource efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for resource.	Soilless Learning Garden
JV-0229	water balance Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water balance.	Sensor-Ready Garden
JV-0230	infiltration rate Garden Foundations	A quantity describing how quickly infiltration changes or occurs per unit time or basis.	Applied Systems Garden
JV-0231	application rate Garden Foundations	A quantity describing how quickly application changes or occurs per unit time or basis.	Production Garden
JV-0232	distribution uniformity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage distribution uniformity at the JSS 1-3 level.	Raised Systems Garden
JV-0233	irrigation efficiency Water & Irrigation	A performance measure comparing useful output with the resource or input used for irrigation.	Grid Experiment Garden
JV-0234	soil-water storage Soil / Growing Medium	A concept used to describe, measure or manage water within the growing system: soil-water storage.	Crop Rotation Garden
JV-0235	root-zone depletion Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone depletion at the JSS 1-3 level.	Intercropping Garden
JV-0236	water deficit Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water deficit.	Water-Smart Garden
JV-0237	water stress Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water stress.	Compost & Soil Garden
JV-0238	intercropping Plant & Production	A crop-production concept used to describe or evaluate intercropping.	Soilless Learning Garden
JV-0239	component yield Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage component yield at the JSS 1-3 level.	Sensor-Ready Garden
JV-0240	facilitation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage facilitation at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0241	crop rotation Plant & Production	A crop-production concept used to describe or evaluate crop rotation.	Production Garden
JV-0242	rotation sequence Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage rotation sequence at the JSS 1-3 level.	Raised Systems Garden
JV-0243	soil cover Soil / Growing Medium	A soil-related property, process or management concept: soil cover.	Grid Experiment Garden
JV-0244	residue Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage residue at the JSS 1-3 level.	Crop Rotation Garden
JV-0245	nutrient cycling Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage nutrient cycling at the JSS 1-3 level.	Intercropping Garden
JV-0246	composting Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage composting at the JSS 1-3 level.	Water-Smart Garden
JV-0247	carbon-to-nitrogen ratio Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage carbon-to-nitrogen ratio at the JSS 1-3 level.	Compost & Soil Garden
JV-0248	aerobic decomposition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage aerobic decomposition at the JSS 1-3 level.	Soilless Learning Garden
JV-0249	anaerobic condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage anaerobic condition at the JSS 1-3 level.	Sensor-Ready Garden
JV-0250	maturity index Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage maturity index at the JSS 1-3 level.	Applied Systems Garden
JV-0251	soilless culture Soil / Growing Medium	A soil-related property, process or management concept: soilless culture.	Production Garden
JV-0252	recirculation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage recirculation at the JSS 1-3 level.	Raised Systems Garden
JV-0253	system boundary Plant & Production	The defined limit separating what is included in a system analysis from what is outside it.	Grid Experiment Garden
JV-0254	stock Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage stock at the JSS 1-3 level.	Crop Rotation Garden
JV-0255	feedback Systems Thinking	A process in which system output influences subsequent system behavior.	Intercropping Garden
JV-0256	delay Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage delay at the JSS 1-3 level.	Water-Smart Garden
JV-0257	trade-off Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage trade-off at the JSS 1-3 level.	Compost & Soil Garden
JV-0258	scenario Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage scenario at the JSS 1-3 level.	Soilless Learning Garden
JV-0259	management rule Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage management rule at the JSS 1-3 level.	Sensor-Ready Garden
JV-0260	decision threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage decision threshold at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0261	sensitivity analysis Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sensitivity analysis at the JSS 1-3 level.	Production Garden
JV-0262	recommendation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage recommendation at the JSS 1-3 level.	Raised Systems Garden
JV-0263	basic condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic condition at the JSS 1-3 level.	Grid Experiment Garden
JV-0264	basic response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic response at the JSS 1-3 level.	Crop Rotation Garden
JV-0265	basic measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic measurement at the JSS 1-3 level.	Intercropping Garden
JV-0266	basic record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic record at the JSS 1-3 level.	Water-Smart Garden
JV-0267	basic indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic indicator at the JSS 1-3 level.	Compost & Soil Garden
JV-0268	basic value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic value at the JSS 1-3 level.	Soilless Learning Garden
JV-0269	basic change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic change at the JSS 1-3 level.	Sensor-Ready Garden
JV-0270	basic pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic pattern at the JSS 1-3 level.	Applied Systems Garden
JV-0271	basic comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic comparison at the JSS 1-3 level.	Production Garden
JV-0272	basic distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic distribution at the JSS 1-3 level.	Raised Systems Garden
JV-0273	basic performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic performance at the JSS 1-3 level.	Grid Experiment Garden
JV-0274	basic quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic quality at the JSS 1-3 level.	Crop Rotation Garden
JV-0275	basic status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic status at the JSS 1-3 level.	Intercropping Garden
JV-0276	basic management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic management at the JSS 1-3 level.	Water-Smart Garden
JV-0277	basic requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage basic requirement at the JSS 1-3 level.	Compost & Soil Garden
JV-0278	basic limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic limit at the JSS 1-3 level.	Soilless Learning Garden
JV-0279	basic target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic target at the JSS 1-3 level.	Sensor-Ready Garden
JV-0280	basic threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic threshold at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0281	basic efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for basic.	Production Garden
JV-0282	basic productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic productivity at the JSS 1-3 level.	Raised Systems Garden
JV-0283	garden condition Garden Foundations	A planned growing or learning space associated with garden condition.	Grid Experiment Garden
JV-0284	garden response Garden Foundations	A planned growing or learning space associated with garden response.	Crop Rotation Garden
JV-0285	garden measurement Garden Foundations	A planned growing or learning space associated with garden measurement.	Intercropping Garden
JV-0286	garden record Garden Foundations	A planned growing or learning space associated with garden record.	Water-Smart Garden
JV-0287	garden indicator Garden Foundations	A planned growing or learning space associated with garden indicator.	Compost & Soil Garden
JV-0288	garden value Garden Foundations	A planned growing or learning space associated with garden value.	Soilless Learning Garden
JV-0289	garden change Garden Foundations	A planned growing or learning space associated with garden change.	Sensor-Ready Garden
JV-0290	garden pattern Garden Foundations	A planned growing or learning space associated with garden pattern.	Applied Systems Garden
JV-0291	garden comparison Garden Foundations	A planned growing or learning space associated with garden comparison.	Production Garden
JV-0292	garden distribution Garden Foundations	A planned growing or learning space associated with garden distribution.	Raised Systems Garden
JV-0293	garden performance Garden Foundations	A planned growing or learning space associated with garden performance.	Grid Experiment Garden
JV-0294	garden quality Garden Foundations	A planned growing or learning space associated with garden quality.	Crop Rotation Garden
JV-0295	garden status Garden Foundations	A planned growing or learning space associated with garden status.	Intercropping Garden
JV-0296	garden management Garden Foundations	A planned growing or learning space associated with garden management.	Water-Smart Garden
JV-0297	garden requirement Engineering & Decision	A planned growing or learning space associated with garden requirement.	Compost & Soil Garden
JV-0298	garden limit Garden Foundations	A planned growing or learning space associated with garden limit.	Soilless Learning Garden
JV-0299	garden target Garden Foundations	A planned growing or learning space associated with garden target.	Sensor-Ready Garden
JV-0300	garden threshold Garden Foundations	A planned growing or learning space associated with garden threshold.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0301	garden efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for garden.	Production Garden
JV-0302	garden productivity Garden Foundations	A planned growing or learning space associated with garden productivity.	Raised Systems Garden
JV-0303	plant condition Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant condition at the JSS 1-3 level.	Grid Experiment Garden
JV-0304	plant response Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant response at the JSS 1-3 level.	Crop Rotation Garden
JV-0305	plant measurement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant measurement at the JSS 1-3 level.	Intercropping Garden
JV-0306	plant record Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant record at the JSS 1-3 level.	Water-Smart Garden
JV-0307	plant indicator Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant indicator at the JSS 1-3 level.	Compost & Soil Garden
JV-0308	plant value Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant value at the JSS 1-3 level.	Soilless Learning Garden
JV-0309	plant change Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant change at the JSS 1-3 level.	Sensor-Ready Garden
JV-0310	plant pattern Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant pattern at the JSS 1-3 level.	Applied Systems Garden
JV-0311	plant comparison Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant comparison at the JSS 1-3 level.	Production Garden
JV-0312	plant distribution Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant distribution at the JSS 1-3 level.	Raised Systems Garden
JV-0313	plant performance Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant performance at the JSS 1-3 level.	Grid Experiment Garden
JV-0314	plant quality Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant quality at the JSS 1-3 level.	Crop Rotation Garden
JV-0315	plant status Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant status at the JSS 1-3 level.	Intercropping Garden
JV-0316	plant management Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant management at the JSS 1-3 level.	Water-Smart Garden
JV-0317	plant requirement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant requirement at the JSS 1-3 level.	Compost & Soil Garden
JV-0318	plant limit Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant limit at the JSS 1-3 level.	Soilless Learning Garden
JV-0319	plant target Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant target at the JSS 1-3 level.	Sensor-Ready Garden
JV-0320	plant threshold Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant threshold at the JSS 1-3 level.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0321	plant efficiency Plant & Production	A performance measure comparing useful output with the resource or input used for plant.	Production Garden
JV-0322	plant productivity Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant productivity at the JSS 1-3 level.	Raised Systems Garden
JV-0323	crop condition Plant & Production	A crop-production concept used to describe or evaluate crop condition.	Grid Experiment Garden
JV-0324	crop response Plant & Production	A crop-production concept used to describe or evaluate crop response.	Crop Rotation Garden
JV-0325	crop measurement Plant & Production	A crop-production concept used to describe or evaluate crop measurement.	Intercropping Garden
JV-0326	crop record Plant & Production	A crop-production concept used to describe or evaluate crop record.	Water-Smart Garden
JV-0327	crop indicator Plant & Production	A crop-production concept used to describe or evaluate crop indicator.	Compost & Soil Garden
JV-0328	crop value Plant & Production	A crop-production concept used to describe or evaluate crop value.	Soilless Learning Garden
JV-0329	crop change Plant & Production	A crop-production concept used to describe or evaluate crop change.	Sensor-Ready Garden
JV-0330	crop pattern Plant & Production	A crop-production concept used to describe or evaluate crop pattern.	Applied Systems Garden
JV-0331	crop comparison Plant & Production	A crop-production concept used to describe or evaluate crop comparison.	Production Garden
JV-0332	crop distribution Plant & Production	A crop-production concept used to describe or evaluate crop distribution.	Raised Systems Garden
JV-0333	crop performance Plant & Production	A crop-production concept used to describe or evaluate crop performance.	Grid Experiment Garden
JV-0334	crop quality Plant & Production	A crop-production concept used to describe or evaluate crop quality.	Crop Rotation Garden
JV-0335	crop status Plant & Production	A crop-production concept used to describe or evaluate crop status.	Intercropping Garden
JV-0336	crop management Plant & Production	A crop-production concept used to describe or evaluate crop management.	Water-Smart Garden
JV-0337	crop requirement Plant & Production	A crop-production concept used to describe or evaluate crop requirement.	Compost & Soil Garden
JV-0338	crop limit Plant & Production	A crop-production concept used to describe or evaluate crop limit.	Soilless Learning Garden
JV-0339	crop target Plant & Production	A crop-production concept used to describe or evaluate crop target.	Sensor-Ready Garden
JV-0340	crop threshold Plant & Production	A crop-production concept used to describe or evaluate crop threshold.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0341	crop efficiency Plant & Production	A performance measure comparing useful output with the resource or input used for crop.	Production Garden
JV-0342	crop productivity Plant & Production	A crop-production concept used to describe or evaluate crop productivity.	Raised Systems Garden
JV-0343	soil condition Soil / Growing Medium	A soil-related property, process or management concept: soil condition.	Grid Experiment Garden
JV-0344	soil response Soil / Growing Medium	A soil-related property, process or management concept: soil response.	Crop Rotation Garden
JV-0345	soil measurement Soil / Growing Medium	A soil-related property, process or management concept: soil measurement.	Intercropping Garden
JV-0346	soil record Soil / Growing Medium	A soil-related property, process or management concept: soil record.	Water-Smart Garden
JV-0347	soil indicator Soil / Growing Medium	A soil-related property, process or management concept: soil indicator.	Compost & Soil Garden
JV-0348	soil value Soil / Growing Medium	A soil-related property, process or management concept: soil value.	Soilless Learning Garden
JV-0349	soil change Soil / Growing Medium	A soil-related property, process or management concept: soil change.	Sensor-Ready Garden
JV-0350	soil pattern Soil / Growing Medium	A soil-related property, process or management concept: soil pattern.	Applied Systems Garden
JV-0351	soil comparison Soil / Growing Medium	A soil-related property, process or management concept: soil comparison.	Production Garden
JV-0352	soil distribution Soil / Growing Medium	A soil-related property, process or management concept: soil distribution.	Raised Systems Garden
JV-0353	soil performance Soil / Growing Medium	A soil-related property, process or management concept: soil performance.	Grid Experiment Garden
JV-0354	soil quality Soil / Growing Medium	A soil-related property, process or management concept: soil quality.	Crop Rotation Garden
JV-0355	soil status Soil / Growing Medium	A soil-related property, process or management concept: soil status.	Intercropping Garden
JV-0356	soil management Soil / Growing Medium	A soil-related property, process or management concept: soil management.	Water-Smart Garden
JV-0357	soil requirement Soil / Growing Medium	A soil-related property, process or management concept: soil requirement.	Compost & Soil Garden
JV-0358	soil limit Soil / Growing Medium	A soil-related property, process or management concept: soil limit.	Soilless Learning Garden
JV-0359	soil target Soil / Growing Medium	A soil-related property, process or management concept: soil target.	Sensor-Ready Garden
JV-0360	soil threshold Soil / Growing Medium	A soil-related property, process or management concept: soil threshold.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0361	soil efficiency Soil / Growing Medium	A performance measure comparing useful output with the resource or input used for soil.	Production Garden
JV-0362	soil productivity Soil / Growing Medium	A soil-related property, process or management concept: soil productivity.	Raised Systems Garden
JV-0363	water condition Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water condition.	Grid Experiment Garden
JV-0364	water response Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water response.	Crop Rotation Garden
JV-0365	water measurement Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water measurement.	Intercropping Garden
JV-0366	water record Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water record.	Water-Smart Garden
JV-0367	water indicator Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water indicator.	Compost & Soil Garden
JV-0368	water value Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water value.	Soilless Learning Garden
JV-0369	water change Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water change.	Sensor-Ready Garden
JV-0370	water pattern Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water pattern.	Applied Systems Garden
JV-0371	water comparison Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water comparison.	Production Garden
JV-0372	water distribution Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water distribution.	Raised Systems Garden
JV-0373	water performance Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water performance.	Grid Experiment Garden
JV-0374	water quality Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water quality.	Crop Rotation Garden
JV-0375	water status Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water status.	Intercropping Garden
JV-0376	water management Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water management.	Water-Smart Garden
JV-0377	water requirement Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water requirement.	Compost & Soil Garden
JV-0378	water limit Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water limit.	Soilless Learning Garden
JV-0379	water target Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water target.	Sensor-Ready Garden
JV-0380	water threshold Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water threshold.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0381	water efficiency Water & Irrigation	A performance measure comparing useful output with the resource or input used for water.	Production Garden
JV-0382	root-zone condition Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone condition at the JSS 1-3 level.	Raised Systems Garden
JV-0383	root-zone response Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone response at the JSS 1-3 level.	Grid Experiment Garden
JV-0384	root-zone measurement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0385	root-zone record Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone record at the JSS 1-3 level.	Intercropping Garden
JV-0386	root-zone indicator Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0387	root-zone value Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone value at the JSS 1-3 level.	Compost & Soil Garden
JV-0388	root-zone change Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone change at the JSS 1-3 level.	Soilless Learning Garden
JV-0389	root-zone pattern Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0390	root-zone comparison Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0391	root-zone distribution Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone distribution at the JSS 1-3 level.	Production Garden
JV-0392	root-zone performance Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone performance at the JSS 1-3 level.	Raised Systems Garden
JV-0393	root-zone quality Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0394	root-zone status Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone status at the JSS 1-3 level.	Crop Rotation Garden
JV-0395	root-zone management Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone management at the JSS 1-3 level.	Intercropping Garden
JV-0396	root-zone requirement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0397	root-zone limit Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0398	root-zone target Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone target at the JSS 1-3 level.	Soilless Learning Garden
JV-0399	root-zone threshold Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0400	root-zone efficiency Plant & Production	A performance measure comparing useful output with the resource or input used for root-zone.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0401	root-zone productivity Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone productivity at the JSS 1-3 level.	Production Garden
JV-0402	field condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field condition at the JSS 1-3 level.	Raised Systems Garden
JV-0403	field response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field response at the JSS 1-3 level.	Grid Experiment Garden
JV-0404	field measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0405	field record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field record at the JSS 1-3 level.	Intercropping Garden
JV-0406	field indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0407	field value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field value at the JSS 1-3 level.	Compost & Soil Garden
JV-0408	field change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field change at the JSS 1-3 level.	Soilless Learning Garden
JV-0409	field pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0410	field comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0411	field distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field distribution at the JSS 1-3 level.	Production Garden
JV-0412	field performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field performance at the JSS 1-3 level.	Raised Systems Garden
JV-0413	field quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0414	field status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field status at the JSS 1-3 level.	Crop Rotation Garden
JV-0415	field management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field management at the JSS 1-3 level.	Intercropping Garden
JV-0416	field requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage field requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0417	field limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0418	field target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field target at the JSS 1-3 level.	Soilless Learning Garden
JV-0419	field threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0420	field efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for field.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0421	field productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field productivity at the JSS 1-3 level.	Production Garden
JV-0422	sample condition Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample condition at the JSS 1-3 level.	Raised Systems Garden
JV-0423	sample response Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample response at the JSS 1-3 level.	Grid Experiment Garden
JV-0424	sample measurement Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0425	sample record Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample record at the JSS 1-3 level.	Intercropping Garden
JV-0426	sample indicator Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0427	sample value Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample value at the JSS 1-3 level.	Compost & Soil Garden
JV-0428	sample change Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample change at the JSS 1-3 level.	Soilless Learning Garden
JV-0429	sample pattern Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0430	sample comparison Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0431	sample distribution Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample distribution at the JSS 1-3 level.	Production Garden
JV-0432	sample performance Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample performance at the JSS 1-3 level.	Raised Systems Garden
JV-0433	sample quality Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0434	sample status Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample status at the JSS 1-3 level.	Crop Rotation Garden
JV-0435	sample management Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample management at the JSS 1-3 level.	Intercropping Garden
JV-0436	sample requirement Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0437	sample limit Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0438	sample target Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample target at the JSS 1-3 level.	Soilless Learning Garden
JV-0439	sample threshold Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0440	sample efficiency Investigation & Research	A performance measure comparing useful output with the resource or input used for sample.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0441	sample productivity Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample productivity at the JSS 1-3 level.	Production Garden
JV-0442	treatment condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment condition at the JSS 1-3 level.	Raised Systems Garden
JV-0443	treatment response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment response at the JSS 1-3 level.	Grid Experiment Garden
JV-0444	treatment measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0445	treatment record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment record at the JSS 1-3 level.	Intercropping Garden
JV-0446	treatment indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0447	treatment value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment value at the JSS 1-3 level.	Compost & Soil Garden
JV-0448	treatment change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment change at the JSS 1-3 level.	Soilless Learning Garden
JV-0449	treatment pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0450	treatment comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0451	treatment distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment distribution at the JSS 1-3 level.	Production Garden
JV-0452	treatment performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment performance at the JSS 1-3 level.	Raised Systems Garden
JV-0453	treatment quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0454	treatment status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment status at the JSS 1-3 level.	Crop Rotation Garden
JV-0455	treatment management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment management at the JSS 1-3 level.	Intercropping Garden
JV-0456	treatment requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0457	treatment limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0458	treatment target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment target at the JSS 1-3 level.	Soilless Learning Garden
JV-0459	treatment threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0460	treatment efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for treatment.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0461	treatment productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment productivity at the JSS 1-3 level.	Production Garden
JV-0462	system condition Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system condition at the JSS 1-3 level.	Raised Systems Garden
JV-0463	system response Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system response at the JSS 1-3 level.	Grid Experiment Garden
JV-0464	system measurement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0465	system record Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system record at the JSS 1-3 level.	Intercropping Garden
JV-0466	system indicator Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0467	system value Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system value at the JSS 1-3 level.	Compost & Soil Garden
JV-0468	system change Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system change at the JSS 1-3 level.	Soilless Learning Garden
JV-0469	system pattern Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0470	system comparison Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0471	system distribution Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system distribution at the JSS 1-3 level.	Production Garden
JV-0472	system performance Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system performance at the JSS 1-3 level.	Raised Systems Garden
JV-0473	system quality Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0474	system status Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system status at the JSS 1-3 level.	Crop Rotation Garden
JV-0475	system management Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system management at the JSS 1-3 level.	Intercropping Garden
JV-0476	system requirement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0477	system limit Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0478	system target Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system target at the JSS 1-3 level.	Soilless Learning Garden
JV-0479	system threshold Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0480	system efficiency Plant & Production	A performance measure comparing useful output with the resource or input used for system.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0481	system productivity Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system productivity at the JSS 1-3 level.	Production Garden
JV-0482	measured condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured condition at the JSS 1-3 level.	Raised Systems Garden
JV-0483	measured response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured response at the JSS 1-3 level.	Grid Experiment Garden
JV-0484	measured measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0485	measured record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured record at the JSS 1-3 level.	Intercropping Garden
JV-0486	measured indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0487	measured value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured value at the JSS 1-3 level.	Compost & Soil Garden
JV-0488	measured change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured change at the JSS 1-3 level.	Soilless Learning Garden
JV-0489	measured pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0490	measured comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0491	measured distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured distribution at the JSS 1-3 level.	Production Garden
JV-0492	measured performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured performance at the JSS 1-3 level.	Raised Systems Garden
JV-0493	measured quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0494	measured status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured status at the JSS 1-3 level.	Crop Rotation Garden
JV-0495	measured management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured management at the JSS 1-3 level.	Intercropping Garden
JV-0496	measured requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage measured requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0497	measured limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0498	measured target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured target at the JSS 1-3 level.	Soilless Learning Garden
JV-0499	measured threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0500	measured efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for measured.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0501	measured productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured productivity at the JSS 1-3 level.	Production Garden
JV-0502	observed condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed condition at the JSS 1-3 level.	Raised Systems Garden
JV-0503	observed response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed response at the JSS 1-3 level.	Grid Experiment Garden
JV-0504	observed measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0505	observed record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed record at the JSS 1-3 level.	Intercropping Garden
JV-0506	observed indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0507	observed value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed value at the JSS 1-3 level.	Compost & Soil Garden
JV-0508	observed change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed change at the JSS 1-3 level.	Soilless Learning Garden
JV-0509	observed pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0510	observed comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0511	observed distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed distribution at the JSS 1-3 level.	Production Garden
JV-0512	observed performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed performance at the JSS 1-3 level.	Raised Systems Garden
JV-0513	observed quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0514	observed status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed status at the JSS 1-3 level.	Crop Rotation Garden
JV-0515	observed management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed management at the JSS 1-3 level.	Intercropping Garden
JV-0516	observed requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage observed requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0517	observed limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0518	observed target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed target at the JSS 1-3 level.	Soilless Learning Garden
JV-0519	observed threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0520	observed efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for observed.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0521	observed productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed productivity at the JSS 1-3 level.	Production Garden
JV-0522	daily condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily condition at the JSS 1-3 level.	Raised Systems Garden
JV-0523	daily response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily response at the JSS 1-3 level.	Grid Experiment Garden
JV-0524	daily measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0525	daily record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily record at the JSS 1-3 level.	Intercropping Garden
JV-0526	daily indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0527	daily value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily value at the JSS 1-3 level.	Compost & Soil Garden
JV-0528	daily change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily change at the JSS 1-3 level.	Soilless Learning Garden
JV-0529	daily pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0530	daily comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0531	daily distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily distribution at the JSS 1-3 level.	Production Garden
JV-0532	daily performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily performance at the JSS 1-3 level.	Raised Systems Garden
JV-0533	daily quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0534	daily status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily status at the JSS 1-3 level.	Crop Rotation Garden
JV-0535	daily management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily management at the JSS 1-3 level.	Intercropping Garden
JV-0536	daily requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage daily requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0537	daily limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0538	daily target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily target at the JSS 1-3 level.	Soilless Learning Garden
JV-0539	daily threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0540	daily efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for daily.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0541	daily productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily productivity at the JSS 1-3 level.	Production Garden
JV-0542	weekly condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly condition at the JSS 1-3 level.	Raised Systems Garden
JV-0543	weekly response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly response at the JSS 1-3 level.	Grid Experiment Garden
JV-0544	weekly measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0545	weekly record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly record at the JSS 1-3 level.	Intercropping Garden
JV-0546	weekly indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0547	weekly value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly value at the JSS 1-3 level.	Compost & Soil Garden
JV-0548	weekly change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly change at the JSS 1-3 level.	Soilless Learning Garden
JV-0549	weekly pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0550	weekly comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0551	weekly distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly distribution at the JSS 1-3 level.	Production Garden
JV-0552	weekly performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly performance at the JSS 1-3 level.	Raised Systems Garden
JV-0553	weekly quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0554	weekly status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly status at the JSS 1-3 level.	Crop Rotation Garden
JV-0555	weekly management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly management at the JSS 1-3 level.	Intercropping Garden
JV-0556	weekly requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0557	weekly limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0558	weekly target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly target at the JSS 1-3 level.	Soilless Learning Garden
JV-0559	weekly threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0560	weekly efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for weekly.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0561	weekly productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly productivity at the JSS 1-3 level.	Production Garden
JV-0562	average condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average condition at the JSS 1-3 level.	Raised Systems Garden
JV-0563	average response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average response at the JSS 1-3 level.	Grid Experiment Garden
JV-0564	average measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0565	average record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average record at the JSS 1-3 level.	Intercropping Garden
JV-0566	average indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0567	average value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average value at the JSS 1-3 level.	Compost & Soil Garden
JV-0568	average change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average change at the JSS 1-3 level.	Soilless Learning Garden
JV-0569	average pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0570	average comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0571	average distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average distribution at the JSS 1-3 level.	Production Garden
JV-0572	average performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average performance at the JSS 1-3 level.	Raised Systems Garden
JV-0573	average quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0574	average status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average status at the JSS 1-3 level.	Crop Rotation Garden
JV-0575	average management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average management at the JSS 1-3 level.	Intercropping Garden
JV-0576	average requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage average requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0577	average limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0578	average target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average target at the JSS 1-3 level.	Soilless Learning Garden
JV-0579	average threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0580	average efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for average.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0581	average productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average productivity at the JSS 1-3 level.	Production Garden
JV-0582	relative condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative condition at the JSS 1-3 level.	Raised Systems Garden
JV-0583	relative response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative response at the JSS 1-3 level.	Grid Experiment Garden
JV-0584	relative measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0585	relative record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative record at the JSS 1-3 level.	Intercropping Garden
JV-0586	relative indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0587	relative value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative value at the JSS 1-3 level.	Compost & Soil Garden
JV-0588	relative change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative change at the JSS 1-3 level.	Soilless Learning Garden
JV-0589	relative pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0590	relative comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0591	relative distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative distribution at the JSS 1-3 level.	Production Garden
JV-0592	relative performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative performance at the JSS 1-3 level.	Raised Systems Garden
JV-0593	relative quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0594	relative status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative status at the JSS 1-3 level.	Crop Rotation Garden
JV-0595	relative management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative management at the JSS 1-3 level.	Intercropping Garden
JV-0596	relative requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage relative requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0597	relative limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0598	relative target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative target at the JSS 1-3 level.	Soilless Learning Garden
JV-0599	relative threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0600	relative efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for relative.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0601	relative productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative productivity at the JSS 1-3 level.	Production Garden
JV-0602	applied condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied condition at the JSS 1-3 level.	Raised Systems Garden
JV-0603	applied response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied response at the JSS 1-3 level.	Grid Experiment Garden
JV-0604	applied measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0605	applied record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied record at the JSS 1-3 level.	Intercropping Garden
JV-0606	applied indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0607	applied value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied value at the JSS 1-3 level.	Compost & Soil Garden
JV-0608	applied change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied change at the JSS 1-3 level.	Soilless Learning Garden
JV-0609	applied pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0610	applied comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0611	applied distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied distribution at the JSS 1-3 level.	Production Garden
JV-0612	applied performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied performance at the JSS 1-3 level.	Raised Systems Garden
JV-0613	applied quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0614	applied status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied status at the JSS 1-3 level.	Crop Rotation Garden
JV-0615	applied management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied management at the JSS 1-3 level.	Intercropping Garden
JV-0616	applied requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage applied requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0617	applied limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0618	applied target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied target at the JSS 1-3 level.	Soilless Learning Garden
JV-0619	applied threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0620	applied efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for applied.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0621	applied productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied productivity at the JSS 1-3 level.	Production Garden
JV-0622	available condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available condition at the JSS 1-3 level.	Raised Systems Garden
JV-0623	available response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available response at the JSS 1-3 level.	Grid Experiment Garden
JV-0624	available measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0625	available record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available record at the JSS 1-3 level.	Intercropping Garden
JV-0626	available indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0627	available value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available value at the JSS 1-3 level.	Compost & Soil Garden
JV-0628	available change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available change at the JSS 1-3 level.	Soilless Learning Garden
JV-0629	available pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0630	available comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0631	available distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available distribution at the JSS 1-3 level.	Production Garden
JV-0632	available performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available performance at the JSS 1-3 level.	Raised Systems Garden
JV-0633	available quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0634	available status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available status at the JSS 1-3 level.	Crop Rotation Garden
JV-0635	available management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available management at the JSS 1-3 level.	Intercropping Garden
JV-0636	available requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage available requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0637	available limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0638	available target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available target at the JSS 1-3 level.	Soilless Learning Garden
JV-0639	available threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0640	available efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for available.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0641	available productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available productivity at the JSS 1-3 level.	Production Garden
JV-0642	effective condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective condition at the JSS 1-3 level.	Raised Systems Garden
JV-0643	effective response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective response at the JSS 1-3 level.	Grid Experiment Garden
JV-0644	effective measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0645	effective record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective record at the JSS 1-3 level.	Intercropping Garden
JV-0646	effective indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0647	effective value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective value at the JSS 1-3 level.	Compost & Soil Garden
JV-0648	effective change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective change at the JSS 1-3 level.	Soilless Learning Garden
JV-0649	effective pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0650	effective comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0651	effective distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective distribution at the JSS 1-3 level.	Production Garden
JV-0652	effective performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective performance at the JSS 1-3 level.	Raised Systems Garden
JV-0653	effective quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0654	effective status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective status at the JSS 1-3 level.	Crop Rotation Garden
JV-0655	effective management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective management at the JSS 1-3 level.	Intercropping Garden
JV-0656	effective requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage effective requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0657	effective limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0658	effective target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective target at the JSS 1-3 level.	Soilless Learning Garden
JV-0659	effective threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0660	effective efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for effective.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0661	effective productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective productivity at the JSS 1-3 level.	Production Garden
JV-0662	total condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total condition at the JSS 1-3 level.	Raised Systems Garden
JV-0663	total response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total response at the JSS 1-3 level.	Grid Experiment Garden
JV-0664	total measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total measurement at the JSS 1-3 level.	Crop Rotation Garden
JV-0665	total record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total record at the JSS 1-3 level.	Intercropping Garden
JV-0666	total indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total indicator at the JSS 1-3 level.	Water-Smart Garden
JV-0667	total value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total value at the JSS 1-3 level.	Compost & Soil Garden
JV-0668	total change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total change at the JSS 1-3 level.	Soilless Learning Garden
JV-0669	total pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total pattern at the JSS 1-3 level.	Sensor-Ready Garden
JV-0670	total comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total comparison at the JSS 1-3 level.	Applied Systems Garden
JV-0671	total distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total distribution at the JSS 1-3 level.	Production Garden
JV-0672	total performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total performance at the JSS 1-3 level.	Raised Systems Garden
JV-0673	total quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total quality at the JSS 1-3 level.	Grid Experiment Garden
JV-0674	total status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total status at the JSS 1-3 level.	Crop Rotation Garden
JV-0675	total management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total management at the JSS 1-3 level.	Intercropping Garden
JV-0676	total requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage total requirement at the JSS 1-3 level.	Water-Smart Garden
JV-0677	total limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total limit at the JSS 1-3 level.	Compost & Soil Garden
JV-0678	total target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total target at the JSS 1-3 level.	Soilless Learning Garden
JV-0679	total threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total threshold at the JSS 1-3 level.	Sensor-Ready Garden
JV-0680	total efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for total.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0681	total productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total productivity at the JSS 1-3 level.	Production Garden
JV-0682	garden foundations concept 1 Garden Foundations	A planned growing or learning space associated with garden foundations concept 1.	Raised Systems Garden
JV-0683	plant & production concept 2 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 2 at the JSS 1-3 level.	Grid Experiment Garden
JV-0684	plant & production concept 3 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 3 at the JSS 1-3 level.	Crop Rotation Garden
JV-0685	plant & production concept 4 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 4 at the JSS 1-3 level.	Intercropping Garden
JV-0686	plant & production concept 5 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 5 at the JSS 1-3 level.	Water-Smart Garden
JV-0687	garden foundations concept 6 Garden Foundations	A planned growing or learning space associated with garden foundations concept 6.	Compost & Soil Garden
JV-0688	plant & production concept 7 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 7 at the JSS 1-3 level.	Soilless Learning Garden
JV-0689	plant & production concept 8 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 8 at the JSS 1-3 level.	Sensor-Ready Garden
JV-0690	plant & production concept 9 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 9 at the JSS 1-3 level.	Applied Systems Garden
JV-0691	plant & production concept 10 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 10 at the JSS 1-3 level.	Production Garden
JV-0692	garden foundations concept 11 Garden Foundations	A planned growing or learning space associated with garden foundations concept 11.	Raised Systems Garden
JV-0693	garden foundations concept 12 Garden Foundations	A planned growing or learning space associated with garden foundations concept 12.	Grid Experiment Garden
JV-0694	garden foundations concept 13 Garden Foundations	A planned growing or learning space associated with garden foundations concept 13.	Crop Rotation Garden
JV-0695	plant & production concept 14 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 14 at the JSS 1-3 level.	Intercropping Garden
JV-0696	plant & production concept 15 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 15 at the JSS 1-3 level.	Water-Smart Garden
JV-0697	soil / growing medium concept 16 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 16.	Compost & Soil Garden
JV-0698	soil / growing medium concept 17 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 17.	Soilless Learning Garden
JV-0699	garden foundations concept 18 Garden Foundations	A planned growing or learning space associated with garden foundations concept 18.	Sensor-Ready Garden
JV-0700	garden foundations concept 19 Garden Foundations	A planned growing or learning space associated with garden foundations concept 19.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0701	garden foundations concept 20 Garden Foundations	A planned growing or learning space associated with garden foundations concept 20.	Production Garden
JV-0702	garden foundations concept 21 Garden Foundations	A planned growing or learning space associated with garden foundations concept 21.	Raised Systems Garden
JV-0703	soil / growing medium concept 22 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 22.	Grid Experiment Garden
JV-0704	garden foundations concept 23 Garden Foundations	A planned growing or learning space associated with garden foundations concept 23.	Crop Rotation Garden
JV-0705	water & irrigation concept 24 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 24.	Intercropping Garden
JV-0706	water & irrigation concept 25 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 25.	Water-Smart Garden
JV-0707	garden foundations concept 26 Garden Foundations	A planned growing or learning space associated with garden foundations concept 26.	Compost & Soil Garden
JV-0708	garden foundations concept 27 Garden Foundations	A planned growing or learning space associated with garden foundations concept 27.	Soilless Learning Garden
JV-0709	garden foundations concept 28 Garden Foundations	A planned growing or learning space associated with garden foundations concept 28.	Sensor-Ready Garden
JV-0710	water & irrigation concept 29 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 29.	Applied Systems Garden
JV-0711	garden foundations concept 30 Garden Foundations	A planned growing or learning space associated with garden foundations concept 30.	Production Garden
JV-0712	garden foundations concept 31 Garden Foundations	A planned growing or learning space associated with garden foundations concept 31.	Raised Systems Garden
JV-0713	garden foundations concept 32 Garden Foundations	A planned growing or learning space associated with garden foundations concept 32.	Grid Experiment Garden
JV-0714	garden foundations concept 33 Garden Foundations	A planned growing or learning space associated with garden foundations concept 33.	Crop Rotation Garden
JV-0715	garden foundations concept 34 Garden Foundations	A planned growing or learning space associated with garden foundations concept 34.	Intercropping Garden
JV-0716	garden foundations concept 35 Garden Foundations	A planned growing or learning space associated with garden foundations concept 35.	Water-Smart Garden
JV-0717	garden foundations concept 36 Garden Foundations	A planned growing or learning space associated with garden foundations concept 36.	Compost & Soil Garden
JV-0718	garden foundations concept 37 Garden Foundations	A planned growing or learning space associated with garden foundations concept 37.	Soilless Learning Garden
JV-0719	garden foundations concept 38 Garden Foundations	A planned growing or learning space associated with garden foundations concept 38.	Sensor-Ready Garden
JV-0720	garden foundations concept 39 Garden Foundations	A planned growing or learning space associated with garden foundations concept 39.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0721	garden foundations concept 40 Garden Foundations	A planned growing or learning space associated with garden foundations concept 40.	Production Garden
JV-0722	garden foundations concept 41 Garden Foundations	A planned growing or learning space associated with garden foundations concept 41.	Raised Systems Garden
JV-0723	garden foundations concept 42 Garden Foundations	A planned growing or learning space associated with garden foundations concept 42.	Grid Experiment Garden
JV-0724	garden foundations concept 43 Garden Foundations	A planned growing or learning space associated with garden foundations concept 43.	Crop Rotation Garden
JV-0725	garden foundations concept 44 Garden Foundations	A planned growing or learning space associated with garden foundations concept 44.	Intercropping Garden
JV-0726	garden foundations concept 45 Garden Foundations	A planned growing or learning space associated with garden foundations concept 45.	Water-Smart Garden
JV-0727	garden foundations concept 46 Garden Foundations	A planned growing or learning space associated with garden foundations concept 46.	Compost & Soil Garden
JV-0728	investigation & research concept 47 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 47 at the JSS 1-3 level.	Soilless Learning Garden
JV-0729	garden foundations concept 48 Garden Foundations	A planned growing or learning space associated with garden foundations concept 48.	Sensor-Ready Garden
JV-0730	garden foundations concept 49 Garden Foundations	A planned growing or learning space associated with garden foundations concept 49.	Applied Systems Garden
JV-0731	garden foundations concept 50 Garden Foundations	A planned growing or learning space associated with garden foundations concept 50.	Production Garden
JV-0732	garden foundations concept 51 Garden Foundations	A planned growing or learning space associated with garden foundations concept 51.	Raised Systems Garden
JV-0733	garden foundations concept 52 Garden Foundations	A planned growing or learning space associated with garden foundations concept 52.	Grid Experiment Garden
JV-0734	garden foundations concept 53 Garden Foundations	A planned growing or learning space associated with garden foundations concept 53.	Crop Rotation Garden
JV-0735	garden foundations concept 54 Garden Foundations	A planned growing or learning space associated with garden foundations concept 54.	Intercropping Garden
JV-0736	garden foundations concept 55 Garden Foundations	A planned growing or learning space associated with garden foundations concept 55.	Water-Smart Garden
JV-0737	garden foundations concept 56 Garden Foundations	A planned growing or learning space associated with garden foundations concept 56.	Compost & Soil Garden
JV-0738	garden foundations concept 57 Garden Foundations	A planned growing or learning space associated with garden foundations concept 57.	Soilless Learning Garden
JV-0739	garden foundations concept 58 Garden Foundations	A planned growing or learning space associated with garden foundations concept 58.	Sensor-Ready Garden
JV-0740	garden foundations concept 59 Garden Foundations	A planned growing or learning space associated with garden foundations concept 59.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0741	garden foundations concept 60 Garden Foundations	A planned growing or learning space associated with garden foundations concept 60.	Production Garden
JV-0742	garden foundations concept 61 Garden Foundations	A planned growing or learning space associated with garden foundations concept 61.	Raised Systems Garden
JV-0743	garden foundations concept 62 Garden Foundations	A planned growing or learning space associated with garden foundations concept 62.	Grid Experiment Garden
JV-0744	garden foundations concept 63 Garden Foundations	A planned growing or learning space associated with garden foundations concept 63.	Crop Rotation Garden
JV-0745	garden foundations concept 64 Garden Foundations	A planned growing or learning space associated with garden foundations concept 64.	Intercropping Garden
JV-0746	garden foundations concept 65 Garden Foundations	A planned growing or learning space associated with garden foundations concept 65.	Water-Smart Garden
JV-0747	plant & production concept 66 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 66 at the JSS 1-3 level.	Compost & Soil Garden
JV-0748	plant & production concept 67 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 67 at the JSS 1-3 level.	Soilless Learning Garden
JV-0749	garden foundations concept 68 Garden Foundations	A planned growing or learning space associated with garden foundations concept 68.	Sensor-Ready Garden
JV-0750	garden foundations concept 69 Garden Foundations	A planned growing or learning space associated with garden foundations concept 69.	Applied Systems Garden
JV-0751	plant & production concept 70 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 70 at the JSS 1-3 level.	Production Garden
JV-0752	garden foundations concept 71 Garden Foundations	A planned growing or learning space associated with garden foundations concept 71.	Raised Systems Garden
JV-0753	garden foundations concept 72 Garden Foundations	A planned growing or learning space associated with garden foundations concept 72.	Grid Experiment Garden
JV-0754	plant & production concept 73 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 73 at the JSS 1-3 level.	Crop Rotation Garden
JV-0755	garden foundations concept 74 Garden Foundations	A planned growing or learning space associated with garden foundations concept 74.	Intercropping Garden
JV-0756	plant & production concept 75 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 75 at the JSS 1-3 level.	Water-Smart Garden
JV-0757	garden foundations concept 76 Garden Foundations	A planned growing or learning space associated with garden foundations concept 76.	Compost & Soil Garden
JV-0758	garden foundations concept 77 Garden Foundations	A planned growing or learning space associated with garden foundations concept 77.	Soilless Learning Garden
JV-0759	garden foundations concept 78 Garden Foundations	A planned growing or learning space associated with garden foundations concept 78.	Sensor-Ready Garden
JV-0760	garden foundations concept 79 Garden Foundations	A planned growing or learning space associated with garden foundations concept 79.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0761	garden foundations concept 80 Garden Foundations	A planned growing or learning space associated with garden foundations concept 80.	Production Garden
JV-0762	garden foundations concept 81 Garden Foundations	A planned growing or learning space associated with garden foundations concept 81.	Raised Systems Garden
JV-0763	plant & production concept 82 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 82 at the JSS 1-3 level.	Grid Experiment Garden
JV-0764	garden foundations concept 83 Garden Foundations	A planned growing or learning space associated with garden foundations concept 83.	Crop Rotation Garden
JV-0765	soil / growing medium concept 84 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 84.	Intercropping Garden
JV-0766	soil / growing medium concept 85 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 85.	Water-Smart Garden
JV-0767	soil / growing medium concept 86 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 86.	Compost & Soil Garden
JV-0768	garden foundations concept 87 Garden Foundations	A planned growing or learning space associated with garden foundations concept 87.	Soilless Learning Garden
JV-0769	garden foundations concept 88 Garden Foundations	A planned growing or learning space associated with garden foundations concept 88.	Sensor-Ready Garden
JV-0770	garden foundations concept 89 Garden Foundations	A planned growing or learning space associated with garden foundations concept 89.	Applied Systems Garden
JV-0771	water & irrigation concept 90 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 90.	Production Garden
JV-0772	garden foundations concept 91 Garden Foundations	A planned growing or learning space associated with garden foundations concept 91.	Raised Systems Garden
JV-0773	garden foundations concept 92 Garden Foundations	A planned growing or learning space associated with garden foundations concept 92.	Grid Experiment Garden
JV-0774	garden foundations concept 93 Garden Foundations	A planned growing or learning space associated with garden foundations concept 93.	Crop Rotation Garden
JV-0775	garden foundations concept 94 Garden Foundations	A planned growing or learning space associated with garden foundations concept 94.	Intercropping Garden
JV-0776	garden foundations concept 95 Garden Foundations	A planned growing or learning space associated with garden foundations concept 95.	Water-Smart Garden
JV-0777	garden foundations concept 96 Garden Foundations	A planned growing or learning space associated with garden foundations concept 96.	Compost & Soil Garden
JV-0778	garden foundations concept 97 Garden Foundations	A planned growing or learning space associated with garden foundations concept 97.	Soilless Learning Garden
JV-0779	garden foundations concept 98 Garden Foundations	A planned growing or learning space associated with garden foundations concept 98.	Sensor-Ready Garden
JV-0780	garden foundations concept 99 Garden Foundations	A planned growing or learning space associated with garden foundations concept 99.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0781	garden foundations concept 100 Garden Foundations	A planned growing or learning space associated with garden foundations concept 100.	Production Garden
JV-0782	garden foundations concept 101 Garden Foundations	A planned growing or learning space associated with garden foundations concept 101.	Raised Systems Garden
JV-0783	garden foundations concept 102 Garden Foundations	A planned growing or learning space associated with garden foundations concept 102.	Grid Experiment Garden
JV-0784	investigation & research concept 103 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 103 at the JSS 1-3 level.	Crop Rotation Garden
JV-0785	investigation & research concept 104 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 104 at the JSS 1-3 level.	Intercropping Garden
JV-0786	investigation & research concept 105 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 105 at the JSS 1-3 level.	Water-Smart Garden
JV-0787	investigation & research concept 106 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 106 at the JSS 1-3 level.	Compost & Soil Garden
JV-0788	investigation & research concept 107 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 107 at the JSS 1-3 level.	Soilless Learning Garden
JV-0789	garden foundations concept 108 Garden Foundations	A planned growing or learning space associated with garden foundations concept 108.	Sensor-Ready Garden
JV-0790	engineering & decision concept 109 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 109 at the JSS 1-3 level.	Applied Systems Garden
JV-0791	investigation & research concept 110 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 110 at the JSS 1-3 level.	Production Garden
JV-0792	investigation & research concept 111 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 111 at the JSS 1-3 level.	Raised Systems Garden
JV-0793	garden foundations concept 112 Garden Foundations	A planned growing or learning space associated with garden foundations concept 112.	Grid Experiment Garden
JV-0794	garden foundations concept 113 Garden Foundations	A planned growing or learning space associated with garden foundations concept 113.	Crop Rotation Garden
JV-0795	garden foundations concept 114 Garden Foundations	A planned growing or learning space associated with garden foundations concept 114.	Intercropping Garden
JV-0796	garden foundations concept 115 Garden Foundations	A planned growing or learning space associated with garden foundations concept 115.	Water-Smart Garden
JV-0797	garden foundations concept 116 Garden Foundations	A planned growing or learning space associated with garden foundations concept 116.	Compost & Soil Garden
JV-0798	garden foundations concept 117 Garden Foundations	A planned growing or learning space associated with garden foundations concept 117.	Soilless Learning Garden
JV-0799	plant & production concept 118 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 118 at the JSS 1-3 level.	Sensor-Ready Garden
JV-0800	garden foundations concept 119 Garden Foundations	A planned growing or learning space associated with garden foundations concept 119.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0801	garden foundations concept 120 Garden Foundations	A planned growing or learning space associated with garden foundations concept 120.	Production Garden
JV-0802	garden foundations concept 121 Garden Foundations	A planned growing or learning space associated with garden foundations concept 121.	Raised Systems Garden
JV-0803	water & irrigation concept 122 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 122.	Grid Experiment Garden
JV-0804	garden foundations concept 123 Garden Foundations	A planned growing or learning space associated with garden foundations concept 123.	Crop Rotation Garden
JV-0805	water & irrigation concept 124 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 124.	Intercropping Garden
JV-0806	water & irrigation concept 125 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 125.	Water-Smart Garden
JV-0807	garden foundations concept 126 Garden Foundations	A planned growing or learning space associated with garden foundations concept 126.	Compost & Soil Garden
JV-0808	garden foundations concept 127 Garden Foundations	A planned growing or learning space associated with garden foundations concept 127.	Soilless Learning Garden
JV-0809	water & irrigation concept 128 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 128.	Sensor-Ready Garden
JV-0810	garden foundations concept 129 Garden Foundations	A planned growing or learning space associated with garden foundations concept 129.	Applied Systems Garden
JV-0811	water & irrigation concept 130 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 130.	Production Garden
JV-0812	plant & production concept 131 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 131 at the JSS 1-3 level.	Raised Systems Garden
JV-0813	soil / growing medium concept 132 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 132.	Grid Experiment Garden
JV-0814	soil / growing medium concept 133 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 133.	Crop Rotation Garden
JV-0815	soil / growing medium concept 134 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 134.	Intercropping Garden
JV-0816	garden foundations concept 135 Garden Foundations	A planned growing or learning space associated with garden foundations concept 135.	Water-Smart Garden
JV-0817	garden foundations concept 136 Garden Foundations	A planned growing or learning space associated with garden foundations concept 136.	Compost & Soil Garden
JV-0818	garden foundations concept 137 Garden Foundations	A planned growing or learning space associated with garden foundations concept 137.	Soilless Learning Garden
JV-0819	garden foundations concept 138 Garden Foundations	A planned growing or learning space associated with garden foundations concept 138.	Sensor-Ready Garden
JV-0820	garden foundations concept 139 Garden Foundations	A planned growing or learning space associated with garden foundations concept 139.	Applied Systems Garden

ID	Term / Concept	Meaning	Garden link
JV-0821	soil / growing medium concept 140 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 140.	Production Garden
JV-0822	soil / growing medium concept 141 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 141.	Raised Systems Garden
