ID	Term / Concept	Meaning	Garden link
PV2-0001	seed Plant & Production	The plant structure that can begin a new plant.	Raised Food Garden
PV2-0002	germination Garden Foundations	The process by which a seed begins to grow.	Geometry Garden
PV2-0003	seedling Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage seedling at the Primary 4-6 level.	Grid Experiment Garden
PV2-0004	root Plant & Production	The plant part that anchors the plant and takes up water and minerals.	Keyhole Garden
PV2-0005	root hair Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root hair at the Primary 4-6 level.	Compost Garden
PV2-0006	stem Plant & Production	The plant part that supports leaves and transports materials.	Gravity Drip Garden
PV2-0007	node Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage node at the Primary 4-6 level.	Vertical Garden
PV2-0008	leaf Plant & Production	A plant organ that captures light and exchanges gases.	Crop Rotation Garden
PV2-0009	leaf blade Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage leaf blade at the Primary 4-6 level.	Water-Smart Garden
PV2-0010	leaf vein Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage leaf vein at the Primary 4-6 level.	Intro Soilless Garden
PV2-0011	flower Plant & Production	The reproductive structure of many plants.	Raised Food Garden
PV2-0012	petal Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage petal at the Primary 4-6 level.	Geometry Garden
PV2-0013	pollen Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pollen at the Primary 4-6 level.	Grid Experiment Garden
PV2-0014	pollinator Garden Foundations	An animal that transfers pollen between flowers.	Keyhole Garden
PV2-0015	fruit Plant & Production	A plant structure that develops from a flower and contains or protects seeds.	Compost Garden
PV2-0016	seed coat Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage seed coat at the Primary 4-6 level.	Gravity Drip Garden
PV2-0017	soil Soil / Growing Medium	The natural material in which many plants grow, containing minerals, organic matter, water and air.	Vertical Garden
PV2-0018	topsoil Soil / Growing Medium	A soil-related property, process or management concept: topsoil.	Crop Rotation Garden
PV2-0019	sand Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sand at the Primary 4-6 level.	Water-Smart Garden
PV2-0020	silt Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage silt at the Primary 4-6 level.	Intro Soilless Garden

ID	Term / Concept	Meaning	Garden link
PV2-0021	clay Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage clay at the Primary 4-6 level.	Raised Food Garden
PV2-0022	organic matter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage organic matter at the Primary 4-6 level.	Geometry Garden
PV2-0023	compost Soil / Growing Medium	Decomposed organic material used to improve growing conditions.	Grid Experiment Garden
PV2-0024	mulch Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mulch at the Primary 4-6 level.	Keyhole Garden
PV2-0025	water Water & Irrigation	A resource plants need for growth and transport of materials.	Compost Garden
PV2-0026	moisture Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage moisture at the Primary 4-6 level.	Gravity Drip Garden
PV2-0027	drainage Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage drainage at the Primary 4-6 level.	Vertical Garden
PV2-0028	infiltration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage infiltration at the Primary 4-6 level.	Crop Rotation Garden
PV2-0029	runoff Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage runoff at the Primary 4-6 level.	Water-Smart Garden
PV2-0030	irrigation Water & Irrigation	The planned application of water to plants or soil.	Intro Soilless Garden
PV2-0031	drip line Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage drip line at the Primary 4-6 level.	Raised Food Garden
PV2-0032	container Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage container at the Primary 4-6 level.	Geometry Garden
PV2-0033	raised bed Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage raised bed at the Primary 4-6 level.	Grid Experiment Garden
PV2-0034	growbag Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage growbag at the Primary 4-6 level.	Keyhole Garden
PV2-0035	row Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage row at the Primary 4-6 level.	Compost Garden
PV2-0036	plot Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage plot at the Primary 4-6 level.	Gravity Drip Garden
PV2-0037	grid Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage grid at the Primary 4-6 level.	Vertical Garden
PV2-0038	spacing Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage spacing at the Primary 4-6 level.	Crop Rotation Garden
PV2-0039	depth Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage depth at the Primary 4-6 level.	Water-Smart Garden
PV2-0040	height Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage height at the Primary 4-6 level.	Intro Soilless Garden

ID	Term / Concept	Meaning	Garden link
PV2-0041	length Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage length at the Primary 4-6 level.	Raised Food Garden
PV2-0042	width Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage width at the Primary 4-6 level.	Geometry Garden
PV2-0043	area Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage area at the Primary 4-6 level.	Grid Experiment Garden
PV2-0044	volume Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage volume at the Primary 4-6 level.	Keyhole Garden
PV2-0045	mass Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mass at the Primary 4-6 level.	Compost Garden
PV2-0046	count Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage count at the Primary 4-6 level.	Gravity Drip Garden
PV2-0047	tally Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage tally at the Primary 4-6 level.	Vertical Garden
PV2-0048	sample Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample at the Primary 4-6 level.	Crop Rotation Garden
PV2-0049	record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage record at the Primary 4-6 level.	Water-Smart Garden
PV2-0050	table Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage table at the Primary 4-6 level.	Intro Soilless Garden
PV2-0051	chart Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage chart at the Primary 4-6 level.	Raised Food Garden
PV2-0052	graph Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage graph at the Primary 4-6 level.	Geometry Garden
PV2-0053	bar graph Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage bar graph at the Primary 4-6 level.	Grid Experiment Garden
PV2-0054	scale Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage scale at the Primary 4-6 level.	Keyhole Garden
PV2-0055	unit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage unit at the Primary 4-6 level.	Compost Garden
PV2-0056	centimeter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage centimeter at the Primary 4-6 level.	Gravity Drip Garden
PV2-0057	meter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage meter at the Primary 4-6 level.	Vertical Garden
PV2-0058	liter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage liter at the Primary 4-6 level.	Crop Rotation Garden
PV2-0059	milliliter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage milliliter at the Primary 4-6 level.	Water-Smart Garden
PV2-0060	gram Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage gram at the Primary 4-6 level.	Intro Soilless Garden

ID	Term / Concept	Meaning	Garden link
PV2-0061	kilogram Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage kilogram at the Primary 4-6 level.	Raised Food Garden
PV2-0062	temperature Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage temperature at the Primary 4-6 level.	Geometry Garden
PV2-0063	shade Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage shade at the Primary 4-6 level.	Grid Experiment Garden
PV2-0064	sunlight Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sunlight at the Primary 4-6 level.	Keyhole Garden
PV2-0065	growth Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage growth at the Primary 4-6 level.	Compost Garden
PV2-0066	harvest Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage harvest at the Primary 4-6 level.	Gravity Drip Garden
PV2-0067	yield Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage yield at the Primary 4-6 level.	Vertical Garden
PV2-0068	crop Plant & Production	A crop-production concept used to describe or evaluate crop.	Crop Rotation Garden
PV2-0069	vegetable Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage vegetable at the Primary 4-6 level.	Water-Smart Garden
PV2-0070	herb Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage herb at the Primary 4-6 level.	Intro Soilless Garden
PV2-0071	fruit crop Plant & Production	A crop-production concept used to describe or evaluate fruit crop.	Raised Food Garden
PV2-0072	legume Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage legume at the Primary 4-6 level.	Geometry Garden
PV2-0073	cereal Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage cereal at the Primary 4-6 level.	Grid Experiment Garden
PV2-0074	crop family Plant & Production	A crop-production concept used to describe or evaluate crop family.	Keyhole Garden
PV2-0075	rotation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage rotation at the Primary 4-6 level.	Compost Garden
PV2-0076	intercrop Plant & Production	A crop-production concept used to describe or evaluate intercrop.	Gravity Drip Garden
PV2-0077	weed Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weed at the Primary 4-6 level.	Vertical Garden
PV2-0078	pest Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pest at the Primary 4-6 level.	Crop Rotation Garden
PV2-0079	beneficial insect Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage beneficial insect at the Primary 4-6 level.	Water-Smart Garden
PV2-0080	habitat Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage habitat at the Primary 4-6 level.	Intro Soilless Garden

ID	Term / Concept	Meaning	Garden link
PV2-0081	reuse Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reuse at the Primary 4-6 level.	Raised Food Garden
PV2-0082	recycle Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage recycle at the Primary 4-6 level.	Geometry Garden
PV2-0083	bottle planter Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage bottle planter at the Primary 4-6 level.	Grid Experiment Garden
PV2-0084	vertical garden Garden Foundations	A planned growing or learning space associated with vertical garden.	Keyhole Garden
PV2-0085	soilless growing Soil / Growing Medium	A soil-related property, process or management concept: soilless growing.	Compost Garden
PV2-0086	growing medium Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage growing medium at the Primary 4-6 level.	Gravity Drip Garden
PV2-0087	nutrient solution Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage nutrient solution at the Primary 4-6 level.	Vertical Garden
PV2-0088	pH Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pH at the Primary 4-6 level.	Crop Rotation Garden
PV2-0089	electrical conductivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage electrical conductivity at the Primary 4-6 level.	Water-Smart Garden
PV2-0090	reservoir Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reservoir at the Primary 4-6 level.	Intro Soilless Garden
PV2-0091	flow Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage flow at the Primary 4-6 level.	Raised Food Garden
PV2-0092	question Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage question at the Primary 4-6 level.	Geometry Garden
PV2-0093	prediction Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage prediction at the Primary 4-6 level.	Grid Experiment Garden
PV2-0094	observation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observation at the Primary 4-6 level.	Keyhole Garden
PV2-0095	comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage comparison at the Primary 4-6 level.	Compost Garden
PV2-0096	measurement Garden Foundations	A quantified observation made using an agreed unit.	Gravity Drip Garden
PV2-0097	evidence Garden Foundations	Information or data used to support an explanation or decision.	Vertical Garden
PV2-0098	pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pattern at the Primary 4-6 level.	Crop Rotation Garden
PV2-0099	difference Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage difference at the Primary 4-6 level.	Water-Smart Garden
PV2-0100	similarity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage similarity at the Primary 4-6 level.	Intro Soilless Garden

ID	Term / Concept	Meaning	Garden link
PV2-0101	result Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage result at the Primary 4-6 level.	Raised Food Garden
PV2-0102	conclusion Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage conclusion at the Primary 4-6 level.	Geometry Garden
PV2-0103	fair test Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage fair test at the Primary 4-6 level.	Grid Experiment Garden
PV2-0104	variable Investigation & Research	A factor that can change or be measured in an investigation.	Keyhole Garden
PV2-0105	hypothesis Investigation & Research	A testable statement predicting a relationship between variables.	Compost Garden
PV2-0106	independent variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage independent variable at the Primary 4-6 level.	Gravity Drip Garden
PV2-0107	dependent variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage dependent variable at the Primary 4-6 level.	Vertical Garden
PV2-0108	controlled variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage controlled variable at the Primary 4-6 level.	Crop Rotation Garden
PV2-0109	treatment Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment at the Primary 4-6 level.	Water-Smart Garden
PV2-0110	control Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage control at the Primary 4-6 level.	Intro Soilless Garden
PV2-0111	replicate Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage replicate at the Primary 4-6 level.	Raised Food Garden
PV2-0112	random sample Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage random sample at the Primary 4-6 level.	Geometry Garden
PV2-0113	mean Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mean at the Primary 4-6 level.	Grid Experiment Garden
PV2-0114	range Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage range at the Primary 4-6 level.	Keyhole Garden
PV2-0115	percentage Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage percentage at the Primary 4-6 level.	Compost Garden
PV2-0116	rate Garden Foundations	A quantity describing how quickly rate changes or occurs per unit time or basis.	Gravity Drip Garden
PV2-0117	ratio Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage ratio at the Primary 4-6 level.	Vertical Garden
PV2-0118	density Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage density at the Primary 4-6 level.	Crop Rotation Garden
PV2-0119	plant density Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant density at the Primary 4-6 level.	Water-Smart Garden
PV2-0120	survival rate Garden Foundations	A quantity describing how quickly survival changes or occurs per unit time or basis.	Intro Soilless Garden

ID	Term / Concept	Meaning	Garden link
PV2-0121	germination rate Garden Foundations	A quantity describing how quickly germination changes or occurs per unit time or basis.	Raised Food Garden
PV2-0122	growth rate Garden Foundations	A quantity describing how quickly growth changes or occurs per unit time or basis.	Geometry Garden
PV2-0123	flow rate Water & Irrigation	A quantity describing how quickly flow changes or occurs per unit time or basis.	Grid Experiment Garden
PV2-0124	uniformity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage uniformity at the Primary 4-6 level.	Keyhole Garden
PV2-0125	water use Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water use.	Compost Garden
PV2-0126	water productivity Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water productivity.	Gravity Drip Garden
PV2-0127	field capacity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field capacity at the Primary 4-6 level.	Vertical Garden
PV2-0128	wilting Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage wilting at the Primary 4-6 level.	Crop Rotation Garden
PV2-0129	evaporation Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage evaporation at the Primary 4-6 level.	Water-Smart Garden
PV2-0130	transpiration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage transpiration at the Primary 4-6 level.	Intro Soilless Garden
PV2-0131	evapotranspiration Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage evapotranspiration at the Primary 4-6 level.	Raised Food Garden
PV2-0132	root zone Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root zone at the Primary 4-6 level.	Geometry Garden
PV2-0133	soil structure Soil / Growing Medium	A soil-related property, process or management concept: soil structure.	Grid Experiment Garden
PV2-0134	soil texture Soil / Growing Medium	A soil-related property, process or management concept: soil texture.	Keyhole Garden
PV2-0135	soil aggregation Soil / Growing Medium	A soil-related property, process or management concept: soil aggregation.	Compost Garden
PV2-0136	porosity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage porosity at the Primary 4-6 level.	Gravity Drip Garden
PV2-0137	compaction Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage compaction at the Primary 4-6 level.	Vertical Garden
PV2-0138	decomposition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage decomposition at the Primary 4-6 level.	Crop Rotation Garden
PV2-0139	carbon-rich material Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage carbon-rich material at the Primary 4-6 level.	Water-Smart Garden
PV2-0140	nitrogen-rich material Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage nitrogen-rich material at the Primary 4-6 level.	Intro Soilless Garden

ID	Term / Concept	Meaning	Garden link
PV2-0141	compost maturity Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage compost maturity at the Primary 4-6 level.	Raised Food Garden
PV2-0142	compost temperature Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage compost temperature at the Primary 4-6 level.	Geometry Garden
PV2-0143	aeration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage aeration at the Primary 4-6 level.	Grid Experiment Garden
PV2-0144	leachate Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage leachate at the Primary 4-6 level.	Keyhole Garden
PV2-0145	keyhole bed Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage keyhole bed at the Primary 4-6 level.	Compost Garden
PV2-0146	gravity head Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage gravity head at the Primary 4-6 level.	Gravity Drip Garden
PV2-0147	emitter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage emitter at the Primary 4-6 level.	Vertical Garden
PV2-0148	pressure Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pressure at the Primary 4-6 level.	Crop Rotation Garden
PV2-0149	distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage distribution at the Primary 4-6 level.	Water-Smart Garden
PV2-0150	vertical level Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage vertical level at the Primary 4-6 level.	Intro Soilless Garden
PV2-0151	canopy Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage canopy at the Primary 4-6 level.	Raised Food Garden
PV2-0152	crop sequence Plant & Production	A crop-production concept used to describe or evaluate crop sequence.	Geometry Garden
PV2-0153	rotation interval Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage rotation interval at the Primary 4-6 level.	Grid Experiment Garden
PV2-0154	cover crop Plant & Production	A crop-production concept used to describe or evaluate cover crop.	Keyhole Garden
PV2-0155	biodiversity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage biodiversity at the Primary 4-6 level.	Compost Garden
PV2-0156	competition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage competition at the Primary 4-6 level.	Gravity Drip Garden
PV2-0157	complementarity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage complementarity at the Primary 4-6 level.	Vertical Garden
PV2-0158	land equivalent ratio Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage land equivalent ratio at the Primary 4-6 level.	Crop Rotation Garden
PV2-0159	soilless medium Soil / Growing Medium	A soil-related property, process or management concept: soilless medium.	Water-Smart Garden
PV2-0160	capillary action Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage capillary action at the Primary 4-6 level.	Intro Soilless Garden

ID	Term / Concept	Meaning	Garden link
PV2-0161	drainage fraction Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage drainage fraction at the Primary 4-6 level.	Raised Food Garden
PV2-0162	solution concentration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage solution concentration at the Primary 4-6 level.	Geometry Garden
PV2-0163	pH scale Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage ph scale at the Primary 4-6 level.	Grid Experiment Garden
PV2-0164	EC meter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage ec meter at the Primary 4-6 level.	Keyhole Garden
PV2-0165	calibration Measurement & Data	Establishing or checking the relationship between an instrument response and a reference value.	Compost Garden
PV2-0166	data quality Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage data quality at the Primary 4-6 level.	Gravity Drip Garden
PV2-0167	anomaly Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage anomaly at the Primary 4-6 level.	Vertical Garden
PV2-0168	limitation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage limitation at the Primary 4-6 level.	Crop Rotation Garden
PV2-0169	uncertainty Garden Foundations	Incomplete certainty about a value, model, process or conclusion.	Water-Smart Garden
PV2-0170	basic condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic condition at the Primary 4-6 level.	Intro Soilless Garden
PV2-0171	basic response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic response at the Primary 4-6 level.	Raised Food Garden
PV2-0172	basic measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic measurement at the Primary 4-6 level.	Geometry Garden
PV2-0173	basic record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic record at the Primary 4-6 level.	Grid Experiment Garden
PV2-0174	basic indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic indicator at the Primary 4-6 level.	Keyhole Garden
PV2-0175	basic value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic value at the Primary 4-6 level.	Compost Garden
PV2-0176	basic change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic change at the Primary 4-6 level.	Gravity Drip Garden
PV2-0177	basic pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic pattern at the Primary 4-6 level.	Vertical Garden
PV2-0178	basic comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic comparison at the Primary 4-6 level.	Crop Rotation Garden
PV2-0179	basic distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic distribution at the Primary 4-6 level.	Water-Smart Garden
PV2-0180	basic performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic performance at the Primary 4-6 level.	Intro Soilless Garden

ID	Term / Concept	Meaning	Garden link
PV2-0181	basic quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic quality at the Primary 4-6 level.	Raised Food Garden
PV2-0182	basic status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic status at the Primary 4-6 level.	Geometry Garden
PV2-0183	basic management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic management at the Primary 4-6 level.	Grid Experiment Garden
PV2-0184	basic requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage basic requirement at the Primary 4-6 level.	Keyhole Garden
PV2-0185	basic limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic limit at the Primary 4-6 level.	Compost Garden
PV2-0186	basic target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic target at the Primary 4-6 level.	Gravity Drip Garden
PV2-0187	basic threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic threshold at the Primary 4-6 level.	Vertical Garden
PV2-0188	basic efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for basic.	Crop Rotation Garden
PV2-0189	basic productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic productivity at the Primary 4-6 level.	Water-Smart Garden
PV2-0190	garden condition Garden Foundations	A planned growing or learning space associated with garden condition.	Intro Soilless Garden
PV2-0191	garden response Garden Foundations	A planned growing or learning space associated with garden response.	Raised Food Garden
PV2-0192	garden measurement Garden Foundations	A planned growing or learning space associated with garden measurement.	Geometry Garden

PV2-0561	effective status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective status at the Primary 4-6 level.	Raised Food Garden
PV2-0562	effective management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective management at the Primary 4-6 level.	Geometry Garden
PV2-0563	effective requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage effective requirement at the Primary 4-6 level.	Grid Experiment Garden
PV2-0564	effective limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective limit at the Primary 4-6 level.	Keyhole Garden
PV2-0565	effective target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective target at the Primary 4-6 level.	Compost Garden
PV2-0566	effective threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective threshold at the Primary 4-6 level.	Gravity Drip Garden
PV2-0567	effective efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for effective.	Vertical Garden
PV2-0568	effective productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective productivity at the Primary 4-6 level.	Crop Rotation Garden
PV2-0569	total condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total condition at the Primary 4-6 level.	Water-Smart Garden
PV2-0570	total response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total response at the Primary 4-6 level.	Intro Soilless Garden
PV2-0571	total measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total measurement at the Primary 4-6 level.	Raised Food Garden
PV2-0572	total record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total record at the Primary 4-6 level.	Geometry Garden
PV2-0573	total indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total indicator at the Primary 4-6 level.	Grid Experiment Garden
PV2-0574	total value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total value at the Primary 4-6 level.	Keyhole Garden
PV2-0575	total change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total change at the Primary 4-6 level.	Compost Garden
PV2-0576	total pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total pattern at the Primary 4-6 level.	Gravity Drip Garden
PV2-0577	total comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total comparison at the Primary 4-6 level.	Vertical Garden
PV2-0578	total distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total distribution at the Primary 4-6 level.	Crop Rotation Garden
PV2-0579	total performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total performance at the Primary 4-6 level.	Water-Smart Garden
PV2-0580	total quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total quality at the Primary 4-6 level.	Intro Soilless Garden

PV2-0581	total status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total status at the Primary 4-6 level.	Raised Food Garden
PV2-0582	total management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total management at the Primary 4-6 level.	Geometry Garden
PV2-0583	total requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage total requirement at the Primary 4-6 level.	Grid Experiment Garden
PV2-0584	total limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total limit at the Primary 4-6 level.	Keyhole Garden
PV2-0585	total target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total target at the Primary 4-6 level.	Compost Garden
PV2-0586	total threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total threshold at the Primary 4-6 level.	Gravity Drip Garden
PV2-0587	total efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for total.	Vertical Garden
PV2-0588	total productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total productivity at the Primary 4-6 level.	Crop Rotation Garden
PV2-0589	garden foundations concept 1 Garden Foundations	A planned growing or learning space associated with garden foundations concept 1.	Water-Smart Garden
PV2-0590	plant & production concept 2 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 2 at the Primary 4-6 level.	Intro Soilless Garden
PV2-0591	plant & production concept 3 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 3 at the Primary 4-6 level.	Raised Food Garden
PV2-0592	plant & production concept 4 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 4 at the Primary 4-6 level.	Geometry Garden
PV2-0593	plant & production concept 5 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 5 at the Primary 4-6 level.	Grid Experiment Garden
PV2-0594	garden foundations concept 6 Garden Foundations	A planned growing or learning space associated with garden foundations concept 6.	Keyhole Garden
PV2-0595	plant & production concept 7 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 7 at the Primary 4-6 level.	Compost Garden
PV2-0596	plant & production concept 8 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 8 at the Primary 4-6 level.	Gravity Drip Garden
PV2-0597	plant & production concept 9 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 9 at the Primary 4-6 level.	Vertical Garden
PV2-0598	plant & production concept 10 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 10 at the Primary 4-6 level.	Crop Rotation Garden
PV2-0599	garden foundations concept 11 Garden Foundations	A planned growing or learning space associated with garden foundations concept 11.	Water-Smart Garden
PV2-0600	garden foundations concept 12 Garden Foundations	A planned growing or learning space associated with garden foundations concept 12.	Intro Soilless Garden
