

SSS 1-3

VOCABULARY & CONCEPT SYSTEM

1,500 progressive vocabulary/concept entries

Use the vocabulary in context: introduce the word, connect it to a real garden object/process, let learners say or write it, use it during practical work, then revisit it in journals, missions and assessments.

Category	Entries
Engineering & Decision	34
Garden Foundations	963
Investigation & Research	45
Measurement & Data	75
Plant & Production	201
Soil / Growing Medium	77
Systems Thinking	13
Water & Irrigation	92

ID	Term / Concept	Meaning	Garden link
SV-0001	seed Plant & Production	The plant structure that can begin a new plant.	Advanced Production Garden
SV-0002	germination Garden Foundations	The process by which a seed begins to grow.	Crop Trial Garden
SV-0003	seedling Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage seedling at the SSS 1-3 level.	Controlled Experiment Garden
SV-0004	root Plant & Production	The plant part that anchors the plant and takes up water and minerals.	Irrigation Engineering Garden
SV-0005	root hair Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root hair at the SSS 1-3 level.	Water Productivity Garden
SV-0006	stem Plant & Production	The plant part that supports leaves and transports materials.	Advanced Soilless Garden
SV-0007	node Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage node at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0008	leaf Plant & Production	A plant organ that captures light and exchanges gases.	Smart Irrigation Demonstrator
SV-0009	leaf blade Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage leaf blade at the SSS 1-3 level.	Research & Design Garden
SV-0010	leaf vein Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage leaf vein at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0011	flower Plant & Production	The reproductive structure of many plants.	Advanced Production Garden
SV-0012	petal Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage petal at the SSS 1-3 level.	Crop Trial Garden
SV-0013	pollen Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pollen at the SSS 1-3 level.	Controlled Experiment Garden
SV-0014	pollinator Garden Foundations	An animal that transfers pollen between flowers.	Irrigation Engineering Garden
SV-0015	fruit Plant & Production	A plant structure that develops from a flower and contains or protects seeds.	Water Productivity Garden
SV-0016	seed coat Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage seed coat at the SSS 1-3 level.	Advanced Soilless Garden
SV-0017	soil Soil / Growing Medium	The natural material in which many plants grow, containing minerals, organic matter, water and air.	Sensor & Monitoring Garden
SV-0018	topsoil Soil / Growing Medium	A soil-related property, process or management concept: topsoil.	Smart Irrigation Demonstrator
SV-0019	sand Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sand at the SSS 1-3 level.	Research & Design Garden
SV-0020	silt Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage silt at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0021	clay Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage clay at the SSS 1-3 level.	Advanced Production Garden
SV-0022	organic matter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage organic matter at the SSS 1-3 level.	Crop Trial Garden
SV-0023	compost Soil / Growing Medium	Decomposed organic material used to improve growing conditions.	Controlled Experiment Garden
SV-0024	mulch Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mulch at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0025	water Water & Irrigation	A resource plants need for growth and transport of materials.	Water Productivity Garden
SV-0026	moisture Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage moisture at the SSS 1-3 level.	Advanced Soilless Garden
SV-0027	drainage Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage drainage at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0028	infiltration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage infiltration at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0029	runoff Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage runoff at the SSS 1-3 level.	Research & Design Garden
SV-0030	irrigation Water & Irrigation	The planned application of water to plants or soil.	Integrated Food Systems Laboratory
SV-0031	drip line Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage drip line at the SSS 1-3 level.	Advanced Production Garden
SV-0032	container Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage container at the SSS 1-3 level.	Crop Trial Garden
SV-0033	raised bed Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage raised bed at the SSS 1-3 level.	Controlled Experiment Garden
SV-0034	growbag Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage growbag at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0035	row Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage row at the SSS 1-3 level.	Water Productivity Garden
SV-0036	plot Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage plot at the SSS 1-3 level.	Advanced Soilless Garden
SV-0037	grid Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage grid at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0038	spacing Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage spacing at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0039	depth Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage depth at the SSS 1-3 level.	Research & Design Garden
SV-0040	height Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage height at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0041	length Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage length at the SSS 1-3 level.	Advanced Production Garden
SV-0042	width Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage width at the SSS 1-3 level.	Crop Trial Garden
SV-0043	area Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage area at the SSS 1-3 level.	Controlled Experiment Garden
SV-0044	volume Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage volume at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0045	mass Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mass at the SSS 1-3 level.	Water Productivity Garden
SV-0046	count Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage count at the SSS 1-3 level.	Advanced Soilless Garden
SV-0047	tally Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage tally at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0048	sample Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0049	record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage record at the SSS 1-3 level.	Research & Design Garden
SV-0050	table Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage table at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0051	chart Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage chart at the SSS 1-3 level.	Advanced Production Garden
SV-0052	graph Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage graph at the SSS 1-3 level.	Crop Trial Garden
SV-0053	bar graph Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage bar graph at the SSS 1-3 level.	Controlled Experiment Garden
SV-0054	scale Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage scale at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0055	unit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage unit at the SSS 1-3 level.	Water Productivity Garden
SV-0056	centimeter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage centimeter at the SSS 1-3 level.	Advanced Soilless Garden
SV-0057	meter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage meter at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0058	liter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage liter at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0059	milliliter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage milliliter at the SSS 1-3 level.	Research & Design Garden
SV-0060	gram Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage gram at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0061	kilogram Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage kilogram at the SSS 1-3 level.	Advanced Production Garden
SV-0062	temperature Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage temperature at the SSS 1-3 level.	Crop Trial Garden
SV-0063	shade Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage shade at the SSS 1-3 level.	Controlled Experiment Garden
SV-0064	sunlight Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sunlight at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0065	growth Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage growth at the SSS 1-3 level.	Water Productivity Garden
SV-0066	harvest Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage harvest at the SSS 1-3 level.	Advanced Soilless Garden
SV-0067	yield Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage yield at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0068	crop Plant & Production	A crop-production concept used to describe or evaluate crop.	Smart Irrigation Demonstrator
SV-0069	vegetable Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage vegetable at the SSS 1-3 level.	Research & Design Garden
SV-0070	herb Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage herb at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0071	fruit crop Plant & Production	A crop-production concept used to describe or evaluate fruit crop.	Advanced Production Garden
SV-0072	legume Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage legume at the SSS 1-3 level.	Crop Trial Garden
SV-0073	cereal Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage cereal at the SSS 1-3 level.	Controlled Experiment Garden
SV-0074	crop family Plant & Production	A crop-production concept used to describe or evaluate crop family.	Irrigation Engineering Garden
SV-0075	rotation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage rotation at the SSS 1-3 level.	Water Productivity Garden
SV-0076	intercrop Plant & Production	A crop-production concept used to describe or evaluate intercrop.	Advanced Soilless Garden
SV-0077	weed Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weed at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0078	pest Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pest at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0079	beneficial insect Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage beneficial insect at the SSS 1-3 level.	Research & Design Garden
SV-0080	habitat Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage habitat at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0081	reuse Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reuse at the SSS 1-3 level.	Advanced Production Garden
SV-0082	recycle Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage recycle at the SSS 1-3 level.	Crop Trial Garden
SV-0083	bottle planter Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage bottle planter at the SSS 1-3 level.	Controlled Experiment Garden
SV-0084	vertical garden Garden Foundations	A planned growing or learning space associated with vertical garden.	Irrigation Engineering Garden
SV-0085	soilless growing Soil / Growing Medium	A soil-related property, process or management concept: soilless growing.	Water Productivity Garden
SV-0086	growing medium Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage growing medium at the SSS 1-3 level.	Advanced Soilless Garden
SV-0087	nutrient solution Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage nutrient solution at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0088	pH Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pH at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0089	electrical conductivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage electrical conductivity at the SSS 1-3 level.	Research & Design Garden
SV-0090	reservoir Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reservoir at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0091	flow Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage flow at the SSS 1-3 level.	Advanced Production Garden
SV-0092	question Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage question at the SSS 1-3 level.	Crop Trial Garden
SV-0093	prediction Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage prediction at the SSS 1-3 level.	Controlled Experiment Garden
SV-0094	observation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observation at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0095	comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage comparison at the SSS 1-3 level.	Water Productivity Garden
SV-0096	measurement Garden Foundations	A quantified observation made using an agreed unit.	Advanced Soilless Garden
SV-0097	evidence Garden Foundations	Information or data used to support an explanation or decision.	Sensor & Monitoring Garden
SV-0098	pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pattern at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0099	difference Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage difference at the SSS 1-3 level.	Research & Design Garden
SV-0100	similarity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage similarity at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0101	result Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage result at the SSS 1-3 level.	Advanced Production Garden
SV-0102	conclusion Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage conclusion at the SSS 1-3 level.	Crop Trial Garden
SV-0103	fair test Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage fair test at the SSS 1-3 level.	Controlled Experiment Garden
SV-0104	variable Investigation & Research	A factor that can change or be measured in an investigation.	Irrigation Engineering Garden
SV-0105	hypothesis Investigation & Research	A testable statement predicting a relationship between variables.	Water Productivity Garden
SV-0106	independent variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage independent variable at the SSS 1-3 level.	Advanced Soilless Garden
SV-0107	dependent variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage dependent variable at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0108	controlled variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage controlled variable at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0109	treatment Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment at the SSS 1-3 level.	Research & Design Garden
SV-0110	control Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage control at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0111	replicate Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage replicate at the SSS 1-3 level.	Advanced Production Garden
SV-0112	random sample Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage random sample at the SSS 1-3 level.	Crop Trial Garden
SV-0113	mean Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mean at the SSS 1-3 level.	Controlled Experiment Garden
SV-0114	range Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage range at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0115	percentage Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage percentage at the SSS 1-3 level.	Water Productivity Garden
SV-0116	rate Garden Foundations	A quantity describing how quickly rate changes or occurs per unit time or basis.	Advanced Soilless Garden
SV-0117	ratio Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage ratio at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0118	density Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage density at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0119	plant density Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant density at the SSS 1-3 level.	Research & Design Garden
SV-0120	survival rate Garden Foundations	A quantity describing how quickly survival changes or occurs per unit time or basis.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0121	germination rate Garden Foundations	A quantity describing how quickly germination changes or occurs per unit time or basis.	Advanced Production Garden
SV-0122	growth rate Garden Foundations	A quantity describing how quickly growth changes or occurs per unit time or basis.	Crop Trial Garden
SV-0123	flow rate Water & Irrigation	A quantity describing how quickly flow changes or occurs per unit time or basis.	Controlled Experiment Garden
SV-0124	uniformity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage uniformity at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0125	water use Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water use.	Water Productivity Garden
SV-0126	water productivity Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water productivity.	Advanced Soilless Garden
SV-0127	field capacity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field capacity at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0128	wilting Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage wilting at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0129	evaporation Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage evaporation at the SSS 1-3 level.	Research & Design Garden
SV-0130	transpiration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage transpiration at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0131	evapotranspiration Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage evapotranspiration at the SSS 1-3 level.	Advanced Production Garden
SV-0132	root zone Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root zone at the SSS 1-3 level.	Crop Trial Garden
SV-0133	soil structure Soil / Growing Medium	A soil-related property, process or management concept: soil structure.	Controlled Experiment Garden
SV-0134	soil texture Soil / Growing Medium	A soil-related property, process or management concept: soil texture.	Irrigation Engineering Garden
SV-0135	soil aggregation Soil / Growing Medium	A soil-related property, process or management concept: soil aggregation.	Water Productivity Garden
SV-0136	porosity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage porosity at the SSS 1-3 level.	Advanced Soilless Garden
SV-0137	compaction Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage compaction at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0138	decomposition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage decomposition at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0139	carbon-rich material Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage carbon-rich material at the SSS 1-3 level.	Research & Design Garden
SV-0140	nitrogen-rich material Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage nitrogen-rich material at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0141	compost maturity Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage compost maturity at the SSS 1-3 level.	Advanced Production Garden
SV-0142	compost temperature Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage compost temperature at the SSS 1-3 level.	Crop Trial Garden
SV-0143	aeration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage aeration at the SSS 1-3 level.	Controlled Experiment Garden
SV-0144	leachate Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage leachate at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0145	keyhole bed Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage keyhole bed at the SSS 1-3 level.	Water Productivity Garden
SV-0146	gravity head Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage gravity head at the SSS 1-3 level.	Advanced Soilless Garden
SV-0147	emitter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage emitter at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0148	pressure Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pressure at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0149	distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage distribution at the SSS 1-3 level.	Research & Design Garden
SV-0150	vertical level Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage vertical level at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0151	canopy Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage canopy at the SSS 1-3 level.	Advanced Production Garden
SV-0152	crop sequence Plant & Production	A crop-production concept used to describe or evaluate crop sequence.	Crop Trial Garden
SV-0153	rotation interval Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage rotation interval at the SSS 1-3 level.	Controlled Experiment Garden
SV-0154	cover crop Plant & Production	A crop-production concept used to describe or evaluate cover crop.	Irrigation Engineering Garden
SV-0155	biodiversity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage biodiversity at the SSS 1-3 level.	Water Productivity Garden
SV-0156	competition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage competition at the SSS 1-3 level.	Advanced Soilless Garden
SV-0157	complementarity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage complementarity at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0158	land equivalent ratio Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage land equivalent ratio at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0159	soilless medium Soil / Growing Medium	A soil-related property, process or management concept: soilless medium.	Research & Design Garden
SV-0160	capillary action Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage capillary action at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0161	drainage fraction Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage drainage fraction at the SSS 1-3 level.	Advanced Production Garden
SV-0162	solution concentration Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage solution concentration at the SSS 1-3 level.	Crop Trial Garden
SV-0163	pH scale Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pH scale at the SSS 1-3 level.	Controlled Experiment Garden
SV-0164	EC meter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage EC meter at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0165	calibration Measurement & Data	Establishing or checking the relationship between an instrument response and a reference value.	Water Productivity Garden
SV-0166	data quality Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage data quality at the SSS 1-3 level.	Advanced Soilless Garden
SV-0167	anomaly Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage anomaly at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0168	limitation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage limitation at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0169	uncertainty Garden Foundations	Incomplete certainty about a value, model, process or conclusion.	Research & Design Garden
SV-0170	research question Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage research question at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0171	testable hypothesis Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage testable hypothesis at the SSS 1-3 level.	Advanced Production Garden
SV-0172	experimental unit Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage experimental unit at the SSS 1-3 level.	Crop Trial Garden
SV-0173	sampling unit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sampling unit at the SSS 1-3 level.	Controlled Experiment Garden
SV-0174	replication Investigation & Research	Repeating experimental units or measurements to characterize variation.	Irrigation Engineering Garden
SV-0175	randomization Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage randomization at the SSS 1-3 level.	Water Productivity Garden
SV-0176	blocking Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage blocking at the SSS 1-3 level.	Advanced Soilless Garden
SV-0177	treatment effect Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment effect at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0178	response variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage response variable at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0179	control variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage control variable at the SSS 1-3 level.	Research & Design Garden
SV-0180	confounding variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage confounding variable at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0181	baseline Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage baseline at the SSS 1-3 level.	Advanced Production Garden
SV-0182	protocol Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage protocol at the SSS 1-3 level.	Crop Trial Garden
SV-0183	standard operating procedure Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage standard operating procedure at the SSS 1-3 level.	Controlled Experiment Garden
SV-0184	sample ID Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample id at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0185	instrument ID Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage instrument id at the SSS 1-3 level.	Water Productivity Garden
SV-0186	raw data Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage raw data at the SSS 1-3 level.	Advanced Soilless Garden
SV-0187	processed data Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage processed data at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0188	metadata Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage metadata at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0189	median Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage median at the SSS 1-3 level.	Research & Design Garden
SV-0190	mode Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage mode at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0191	variance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage variance at the SSS 1-3 level.	Advanced Production Garden
SV-0192	standard deviation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage standard deviation at the SSS 1-3 level.	Crop Trial Garden
SV-0193	coefficient of variation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage coefficient of variation at the SSS 1-3 level.	Controlled Experiment Garden
SV-0194	outlier Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage outlier at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0195	trend Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage trend at the SSS 1-3 level.	Water Productivity Garden
SV-0196	correlation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage correlation at the SSS 1-3 level.	Advanced Soilless Garden
SV-0197	scatter plot Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage scatter plot at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0198	line graph Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage line graph at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0199	error bar Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage error bar at the SSS 1-3 level.	Research & Design Garden
SV-0200	accuracy Measurement & Data	Closeness of a measurement to an accepted reference value.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0201	precision Measurement & Data	Closeness of repeated measurements to one another.	Advanced Production Garden
SV-0202	repeatability Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage repeatability at the SSS 1-3 level.	Crop Trial Garden
SV-0203	reproducibility Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reproducibility at the SSS 1-3 level.	Controlled Experiment Garden
SV-0204	bias Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage bias at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0205	measurement error Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement error at the SSS 1-3 level.	Water Productivity Garden
SV-0206	reference measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reference measurement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0207	calibration curve Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage calibration curve at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0208	sensor drift Measurement & Data	A measurement concept or device associated with sensor drift; it converts an observed condition into data.	Smart Irrigation Demonstrator
SV-0209	data logger Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage data logger at the SSS 1-3 level.	Research & Design Garden
SV-0210	soil moisture sensor Soil / Growing Medium	A measurement concept or device associated with soil moisture sensor; it converts an observed condition into data.	Integrated Food Systems Laboratory
SV-0211	temperature sensor Measurement & Data	A measurement concept or device associated with temperature sensor; it converts an observed condition into data.	Advanced Production Garden
SV-0212	water-level sensor Water & Irrigation	A measurement concept or device associated with water-level sensor; it converts an observed condition into data.	Crop Trial Garden
SV-0213	flow sensor Water & Irrigation	A measurement concept or device associated with flow sensor; it converts an observed condition into data.	Controlled Experiment Garden
SV-0214	threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage threshold at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0215	set point Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage set point at the SSS 1-3 level.	Water Productivity Garden
SV-0216	time series Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage time series at the SSS 1-3 level.	Advanced Soilless Garden
SV-0217	sampling interval Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sampling interval at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0218	missing data Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage missing data at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0219	quality control Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage quality control at the SSS 1-3 level.	Research & Design Garden
SV-0220	crop establishment Plant & Production	A crop-production concept used to describe or evaluate crop establishment.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0221	plant population Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant population at the SSS 1-3 level.	Advanced Production Garden
SV-0222	biomass Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage biomass at the SSS 1-3 level.	Crop Trial Garden
SV-0223	fresh mass Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage fresh mass at the SSS 1-3 level.	Controlled Experiment Garden
SV-0224	dry mass Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage dry mass at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0225	harvest index Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage harvest index at the SSS 1-3 level.	Water Productivity Garden
SV-0226	yield component Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage yield component at the SSS 1-3 level.	Advanced Soilless Garden
SV-0227	input use Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage input use at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0228	resource efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for resource.	Smart Irrigation Demonstrator
SV-0229	water balance Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water balance.	Research & Design Garden
SV-0230	infiltration rate Garden Foundations	A quantity describing how quickly infiltration changes or occurs per unit time or basis.	Integrated Food Systems Laboratory
SV-0231	application rate Garden Foundations	A quantity describing how quickly application changes or occurs per unit time or basis.	Advanced Production Garden
SV-0232	distribution uniformity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage distribution uniformity at the SSS 1-3 level.	Crop Trial Garden
SV-0233	irrigation efficiency Water & Irrigation	A performance measure comparing useful output with the resource or input used for irrigation.	Controlled Experiment Garden
SV-0234	soil-water storage Soil / Growing Medium	A concept used to describe, measure or manage water within the growing system: soil-water storage.	Irrigation Engineering Garden
SV-0235	root-zone depletion Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone depletion at the SSS 1-3 level.	Water Productivity Garden
SV-0236	water deficit Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water deficit.	Advanced Soilless Garden
SV-0237	water stress Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water stress.	Sensor & Monitoring Garden
SV-0238	intercropping Plant & Production	A crop-production concept used to describe or evaluate intercropping.	Smart Irrigation Demonstrator
SV-0239	component yield Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage component yield at the SSS 1-3 level.	Research & Design Garden
SV-0240	facilitation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage facilitation at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0241	crop rotation Plant & Production	A crop-production concept used to describe or evaluate crop rotation.	Advanced Production Garden
SV-0242	rotation sequence Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage rotation sequence at the SSS 1-3 level.	Crop Trial Garden
SV-0243	soil cover Soil / Growing Medium	A soil-related property, process or management concept: soil cover.	Controlled Experiment Garden
SV-0244	residue Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage residue at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0245	nutrient cycling Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage nutrient cycling at the SSS 1-3 level.	Water Productivity Garden
SV-0246	composting Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage composting at the SSS 1-3 level.	Advanced Soilless Garden
SV-0247	carbon-to-nitrogen ratio Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage carbon-to-nitrogen ratio at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0248	aerobic decomposition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage aerobic decomposition at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0249	anaerobic condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage anaerobic condition at the SSS 1-3 level.	Research & Design Garden
SV-0250	maturity index Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage maturity index at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0251	soilless culture Soil / Growing Medium	A soil-related property, process or management concept: soilless culture.	Advanced Production Garden
SV-0252	recirculation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage recirculation at the SSS 1-3 level.	Crop Trial Garden
SV-0253	system boundary Plant & Production	The defined limit separating what is included in a system analysis from what is outside it.	Controlled Experiment Garden
SV-0254	stock Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage stock at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0255	feedback Systems Thinking	A process in which system output influences subsequent system behavior.	Water Productivity Garden
SV-0256	delay Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage delay at the SSS 1-3 level.	Advanced Soilless Garden
SV-0257	trade-off Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage trade-off at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0258	scenario Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage scenario at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0259	management rule Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage management rule at the SSS 1-3 level.	Research & Design Garden
SV-0260	decision threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage decision threshold at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0261	sensitivity analysis Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sensitivity analysis at the SSS 1-3 level.	Advanced Production Garden
SV-0262	recommendation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage recommendation at the SSS 1-3 level.	Crop Trial Garden
SV-0263	research objective Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage research objective at the SSS 1-3 level.	Controlled Experiment Garden
SV-0264	research hypothesis Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage research hypothesis at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0265	null hypothesis Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage null hypothesis at the SSS 1-3 level.	Water Productivity Garden
SV-0266	alternative hypothesis Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage alternative hypothesis at the SSS 1-3 level.	Advanced Soilless Garden
SV-0267	factor Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage factor at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0268	level Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage level at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0269	factorial design Engineering & Decision	An engineering or planning concept used to specify, compare or improve a solution: factorial design.	Research & Design Garden
SV-0270	randomized complete block design Investigation & Research	An engineering or planning concept used to specify, compare or improve a solution: randomized complete block design.	Integrated Food Systems Laboratory
SV-0271	replicated trial Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage replicated trial at the SSS 1-3 level.	Advanced Production Garden
SV-0272	statistical power Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage statistical power at the SSS 1-3 level.	Crop Trial Garden
SV-0273	effect size Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effect size at the SSS 1-3 level.	Controlled Experiment Garden
SV-0274	confidence interval Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage confidence interval at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0275	standard error Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage standard error at the SSS 1-3 level.	Water Productivity Garden
SV-0276	analysis of variance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage analysis of variance at the SSS 1-3 level.	Advanced Soilless Garden
SV-0277	regression Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage regression at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0278	linear model Garden Foundations	A representation or analytical concept used to describe or predict system behavior: linear model.	Smart Irrigation Demonstrator
SV-0279	residual Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage residual at the SSS 1-3 level.	Research & Design Garden
SV-0280	model fit Garden Foundations	A representation or analytical concept used to describe or predict system behavior: model fit.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0281	validation dataset Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage validation dataset at the SSS 1-3 level.	Advanced Production Garden
SV-0282	calibration dataset Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage calibration dataset at the SSS 1-3 level.	Crop Trial Garden
SV-0283	cross-validation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage cross-validation at the SSS 1-3 level.	Controlled Experiment Garden
SV-0284	sensitivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sensitivity at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0285	specificity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage specificity at the SSS 1-3 level.	Water Productivity Garden
SV-0286	mean absolute error Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage mean absolute error at the SSS 1-3 level.	Advanced Soilless Garden
SV-0287	root mean square error Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root mean square error at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0288	coefficient of determination Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage coefficient of determination at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0289	parameter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage parameter at the SSS 1-3 level.	Research & Design Garden
SV-0290	state variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage state variable at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0291	boundary condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage boundary condition at the SSS 1-3 level.	Advanced Production Garden
SV-0292	initial condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage initial condition at the SSS 1-3 level.	Crop Trial Garden
SV-0293	assumption Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage assumption at the SSS 1-3 level.	Controlled Experiment Garden
SV-0294	constraint Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage constraint at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0295	objective function Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage objective function at the SSS 1-3 level.	Water Productivity Garden
SV-0296	decision variable Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage decision variable at the SSS 1-3 level.	Advanced Soilless Garden
SV-0297	optimization Engineering & Decision	Selecting or adjusting a design or operation to improve defined performance objectives under constraints.	Sensor & Monitoring Garden
SV-0298	multi-criteria decision analysis Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage multi-criteria decision analysis at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0299	acceptance criterion Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage acceptance criterion at the SSS 1-3 level.	Research & Design Garden
SV-0300	verification Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage verification at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0301	validation Garden Foundations	Testing whether a method, model or design performs adequately for its intended purpose.	Advanced Production Garden
SV-0302	uncertainty propagation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage uncertainty propagation at the SSS 1-3 level.	Crop Trial Garden
SV-0303	scenario analysis Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage scenario analysis at the SSS 1-3 level.	Controlled Experiment Garden
SV-0304	Monte Carlo concept Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage monte carlo concept at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0305	robustness Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage robustness at the SSS 1-3 level.	Water Productivity Garden
SV-0306	resilience Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage resilience at the SSS 1-3 level.	Advanced Soilless Garden
SV-0307	failure mode Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage failure mode at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0308	fault detection Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage fault detection at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0309	sensor network Measurement & Data	A measurement concept or device associated with sensor network; it converts an observed condition into data.	Research & Design Garden
SV-0310	sampling frequency Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sampling frequency at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0311	telemetry Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage telemetry at the SSS 1-3 level.	Advanced Production Garden
SV-0312	signal noise Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage signal noise at the SSS 1-3 level.	Crop Trial Garden
SV-0313	signal-to-noise ratio Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage signal-to-noise ratio at the SSS 1-3 level.	Controlled Experiment Garden
SV-0314	sensor bias Measurement & Data	A measurement concept or device associated with sensor bias; it converts an observed condition into data.	Irrigation Engineering Garden
SV-0315	sensor precision Measurement & Data	A measurement concept or device associated with sensor precision; it converts an observed condition into data.	Water Productivity Garden
SV-0316	calibration coefficient Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage calibration coefficient at the SSS 1-3 level.	Advanced Soilless Garden
SV-0317	reference standard Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage reference standard at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0318	data provenance Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage data provenance at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0319	hydraulic head Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage hydraulic head at the SSS 1-3 level.	Research & Design Garden
SV-0320	static head Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage static head at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0321	dynamic head Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage dynamic head at the SSS 1-3 level.	Advanced Production Garden
SV-0322	friction loss Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage friction loss at the SSS 1-3 level.	Crop Trial Garden
SV-0323	minor loss Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage minor loss at the SSS 1-3 level.	Controlled Experiment Garden
SV-0324	pipe diameter Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pipe diameter at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0325	velocity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage velocity at the SSS 1-3 level.	Water Productivity Garden
SV-0326	discharge Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage discharge at the SSS 1-3 level.	Advanced Soilless Garden
SV-0327	pump curve Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage pump curve at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0328	system curve Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system curve at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0329	operating point Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage operating point at the SSS 1-3 level.	Research & Design Garden
SV-0330	pump efficiency Water & Irrigation	A performance measure comparing useful output with the resource or input used for pump.	Integrated Food Systems Laboratory
SV-0331	emission uniformity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage emission uniformity at the SSS 1-3 level.	Advanced Production Garden
SV-0332	pressure regulation Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pressure regulation at the SSS 1-3 level.	Crop Trial Garden
SV-0333	irrigation scheduling Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage irrigation scheduling at the SSS 1-3 level.	Controlled Experiment Garden
SV-0334	soil-water balance Soil / Growing Medium	A concept used to describe, measure or manage water within the growing system: soil-water balance.	Irrigation Engineering Garden
SV-0335	crop coefficient Plant & Production	A crop-production concept used to describe or evaluate crop coefficient.	Water Productivity Garden
SV-0336	reference evapotranspiration Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage reference evapotranspiration at the SSS 1-3 level.	Advanced Soilless Garden
SV-0337	crop evapotranspiration Plant & Production	A crop-production concept used to describe or evaluate crop evapotranspiration.	Sensor & Monitoring Garden
SV-0338	irrigation water productivity Water & Irrigation	A concept used to describe, measure or manage water within the growing system: irrigation water productivity.	Smart Irrigation Demonstrator
SV-0339	evapotranspiration water productivity Water & Irrigation	A concept used to describe, measure or manage water within the growing system: evapotranspiration water productivity.	Research & Design Garden
SV-0340	water-use efficiency Water & Irrigation	A performance measure comparing useful output with the resource or input used for water-use.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0341	mass balance Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage mass balance at the SSS 1-3 level.	Advanced Production Garden
SV-0342	energy balance Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage energy balance at the SSS 1-3 level.	Crop Trial Garden
SV-0343	resource balance Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage resource balance at the SSS 1-3 level.	Controlled Experiment Garden
SV-0344	storage Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage storage at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0345	demand profile Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage demand profile at the SSS 1-3 level.	Water Productivity Garden
SV-0346	supply profile Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage supply profile at the SSS 1-3 level.	Advanced Soilless Garden
SV-0347	time-varying mismatch Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage time-varying mismatch at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0348	feedback control Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage feedback control at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0349	feedforward control Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage feedforward control at the SSS 1-3 level.	Research & Design Garden
SV-0350	hysteresis Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage hysteresis at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0351	deadband Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage deadband at the SSS 1-3 level.	Advanced Production Garden
SV-0352	controller gain Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage controller gain at the SSS 1-3 level.	Crop Trial Garden
SV-0353	response time Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage response time at the SSS 1-3 level.	Controlled Experiment Garden
SV-0354	overshoot Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage overshoot at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0355	stability Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage stability at the SSS 1-3 level.	Water Productivity Garden
SV-0356	adaptive control Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage adaptive control at the SSS 1-3 level.	Advanced Soilless Garden
SV-0357	predictive control Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage predictive control at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0358	soilless recirculation Soil / Growing Medium	A soil-related property, process or management concept: soilless recirculation.	Smart Irrigation Demonstrator
SV-0359	residence time Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage residence time at the SSS 1-3 level.	Research & Design Garden
SV-0360	hydraulic loading Water & Irrigation	A GrowMeal concept used to observe, describe, measure, analyze or manage hydraulic loading at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0361	dissolved oxygen Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage dissolved oxygen at the SSS 1-3 level.	Advanced Production Garden
SV-0362	pH dynamics Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage pH dynamics at the SSS 1-3 level.	Crop Trial Garden
SV-0363	nutrient concentration Soil / Growing Medium	A GrowMeal concept used to observe, describe, measure, analyze or manage nutrient concentration at the SSS 1-3 level.	Controlled Experiment Garden
SV-0364	solution temperature Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage solution temperature at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0365	root-zone aeration Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone aeration at the SSS 1-3 level.	Water Productivity Garden
SV-0366	crop trial Plant & Production	A crop-production concept used to describe or evaluate crop trial.	Advanced Soilless Garden
SV-0367	treatment contrast Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment contrast at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0368	block effect Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage block effect at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0369	interaction effect Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage interaction effect at the SSS 1-3 level.	Research & Design Garden
SV-0370	confounding Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage confounding at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0371	covariate Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage covariate at the SSS 1-3 level.	Advanced Production Garden
SV-0372	experimental error Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage experimental error at the SSS 1-3 level.	Crop Trial Garden
SV-0373	sampling error Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage sampling error at the SSS 1-3 level.	Controlled Experiment Garden
SV-0374	measurement uncertainty Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement uncertainty at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0375	propagation of error Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage propagation of error at the SSS 1-3 level.	Water Productivity Garden
SV-0376	system architecture Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system architecture at the SSS 1-3 level.	Advanced Soilless Garden
SV-0377	functional requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage functional requirement at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0378	performance requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage performance requirement at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0379	design constraint Engineering & Decision	An engineering or planning concept used to specify, compare or improve a solution: design constraint.	Research & Design Garden
SV-0380	concept selection Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage concept selection at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0381	decision matrix Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage decision matrix at the SSS 1-3 level.	Advanced Production Garden
SV-0382	prototype Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage prototype at the SSS 1-3 level.	Crop Trial Garden
SV-0383	minimum viable prototype Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage minimum viable prototype at the SSS 1-3 level.	Controlled Experiment Garden
SV-0384	design iteration Engineering & Decision	An engineering or planning concept used to specify, compare or improve a solution: design iteration.	Irrigation Engineering Garden
SV-0385	technical feasibility Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage technical feasibility at the SSS 1-3 level.	Water Productivity Garden
SV-0386	economic feasibility Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage economic feasibility at the SSS 1-3 level.	Advanced Soilless Garden
SV-0387	operational feasibility Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage operational feasibility at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0388	maintainability Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage maintainability at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0389	reliability Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage reliability at the SSS 1-3 level.	Research & Design Garden
SV-0390	availability Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage availability at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0391	safety factor Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage safety factor at the SSS 1-3 level.	Advanced Production Garden
SV-0392	risk matrix Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage risk matrix at the SSS 1-3 level.	Crop Trial Garden
SV-0393	failure mode and effects analysis Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage failure mode and effects analysis at the SSS 1-3 level.	Controlled Experiment Garden
SV-0394	integrated food system Plant & Production	A quantity describing how quickly integrated food system changes or occurs per unit time or basis.	Irrigation Engineering Garden
SV-0395	food-water-energy interaction Water & Irrigation	A concept used to describe, measure or manage water within the growing system: food-water-energy interaction.	Water Productivity Garden
SV-0396	resource nexus Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage resource nexus at the SSS 1-3 level.	Advanced Soilless Garden
SV-0397	coupling Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage coupling at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0398	interdependency Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage interdependency at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0399	cascade Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage cascade at the SSS 1-3 level.	Research & Design Garden
SV-0400	bottleneck Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage bottleneck at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0401	trade-off frontier Systems Thinking	A GrowMeal concept used to observe, describe, measure, analyze or manage trade-off frontier at the SSS 1-3 level.	Advanced Production Garden
SV-0402	co-benefit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage co-benefit at the SSS 1-3 level.	Crop Trial Garden
SV-0403	system performance Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system performance at the SSS 1-3 level.	Controlled Experiment Garden
SV-0404	life-cycle thinking Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage life-cycle thinking at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0405	capital cost Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage capital cost at the SSS 1-3 level.	Water Productivity Garden
SV-0406	operating cost Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage operating cost at the SSS 1-3 level.	Advanced Soilless Garden
SV-0407	unit cost Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage unit cost at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0408	payback period Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage payback period at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0409	net present value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage net present value at the SSS 1-3 level.	Research & Design Garden
SV-0410	discount rate Garden Foundations	A quantity describing how quickly discount changes or occurs per unit time or basis.	Integrated Food Systems Laboratory
SV-0411	sensitivity case Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage sensitivity case at the SSS 1-3 level.	Advanced Production Garden
SV-0412	baseline case Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage baseline case at the SSS 1-3 level.	Crop Trial Garden
SV-0413	optimized case Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage optimized case at the SSS 1-3 level.	Controlled Experiment Garden
SV-0414	basic condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic condition at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0415	basic response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic response at the SSS 1-3 level.	Water Productivity Garden
SV-0416	basic measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic measurement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0417	basic record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic record at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0418	basic indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic indicator at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0419	basic value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic value at the SSS 1-3 level.	Research & Design Garden
SV-0420	basic change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic change at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0421	basic pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic pattern at the SSS 1-3 level.	Advanced Production Garden
SV-0422	basic comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic comparison at the SSS 1-3 level.	Crop Trial Garden
SV-0423	basic distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic distribution at the SSS 1-3 level.	Controlled Experiment Garden
SV-0424	basic performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic performance at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0425	basic quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic quality at the SSS 1-3 level.	Water Productivity Garden
SV-0426	basic status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic status at the SSS 1-3 level.	Advanced Soilless Garden
SV-0427	basic management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic management at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0428	basic requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage basic requirement at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0429	basic limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic limit at the SSS 1-3 level.	Research & Design Garden
SV-0430	basic target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic target at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0431	basic threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic threshold at the SSS 1-3 level.	Advanced Production Garden
SV-0432	basic efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for basic.	Crop Trial Garden
SV-0433	basic productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage basic productivity at the SSS 1-3 level.	Controlled Experiment Garden
SV-0434	garden condition Garden Foundations	A planned growing or learning space associated with garden condition.	Irrigation Engineering Garden
SV-0435	garden response Garden Foundations	A planned growing or learning space associated with garden response.	Water Productivity Garden
SV-0436	garden measurement Garden Foundations	A planned growing or learning space associated with garden measurement.	Advanced Soilless Garden
SV-0437	garden record Garden Foundations	A planned growing or learning space associated with garden record.	Sensor & Monitoring Garden
SV-0438	garden indicator Garden Foundations	A planned growing or learning space associated with garden indicator.	Smart Irrigation Demonstrator
SV-0439	garden value Garden Foundations	A planned growing or learning space associated with garden value.	Research & Design Garden
SV-0440	garden change Garden Foundations	A planned growing or learning space associated with garden change.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0441	garden pattern Garden Foundations	A planned growing or learning space associated with garden pattern.	Advanced Production Garden
SV-0442	garden comparison Garden Foundations	A planned growing or learning space associated with garden comparison.	Crop Trial Garden
SV-0443	garden distribution Garden Foundations	A planned growing or learning space associated with garden distribution.	Controlled Experiment Garden
SV-0444	garden performance Garden Foundations	A planned growing or learning space associated with garden performance.	Irrigation Engineering Garden
SV-0445	garden quality Garden Foundations	A planned growing or learning space associated with garden quality.	Water Productivity Garden
SV-0446	garden status Garden Foundations	A planned growing or learning space associated with garden status.	Advanced Soilless Garden
SV-0447	garden management Garden Foundations	A planned growing or learning space associated with garden management.	Sensor & Monitoring Garden
SV-0448	garden requirement Engineering & Decision	A planned growing or learning space associated with garden requirement.	Smart Irrigation Demonstrator
SV-0449	garden limit Garden Foundations	A planned growing or learning space associated with garden limit.	Research & Design Garden
SV-0450	garden target Garden Foundations	A planned growing or learning space associated with garden target.	Integrated Food Systems Laboratory
SV-0451	garden threshold Garden Foundations	A planned growing or learning space associated with garden threshold.	Advanced Production Garden
SV-0452	garden efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for garden.	Crop Trial Garden
SV-0453	garden productivity Garden Foundations	A planned growing or learning space associated with garden productivity.	Controlled Experiment Garden
SV-0454	plant condition Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant condition at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0455	plant response Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant response at the SSS 1-3 level.	Water Productivity Garden
SV-0456	plant measurement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant measurement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0457	plant record Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant record at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0458	plant indicator Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant indicator at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0459	plant value Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant value at the SSS 1-3 level.	Research & Design Garden
SV-0460	plant change Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant change at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0461	plant pattern Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant pattern at the SSS 1-3 level.	Advanced Production Garden
SV-0462	plant comparison Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant comparison at the SSS 1-3 level.	Crop Trial Garden
SV-0463	plant distribution Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant distribution at the SSS 1-3 level.	Controlled Experiment Garden
SV-0464	plant performance Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant performance at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0465	plant quality Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant quality at the SSS 1-3 level.	Water Productivity Garden
SV-0466	plant status Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant status at the SSS 1-3 level.	Advanced Soilless Garden
SV-0467	plant management Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant management at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0468	plant requirement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant requirement at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0469	plant limit Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant limit at the SSS 1-3 level.	Research & Design Garden
SV-0470	plant target Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant target at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0471	plant threshold Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant threshold at the SSS 1-3 level.	Advanced Production Garden
SV-0472	plant efficiency Plant & Production	A performance measure comparing useful output with the resource or input used for plant.	Crop Trial Garden
SV-0473	plant productivity Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant productivity at the SSS 1-3 level.	Controlled Experiment Garden
SV-0474	crop condition Plant & Production	A crop-production concept used to describe or evaluate crop condition.	Irrigation Engineering Garden
SV-0475	crop response Plant & Production	A crop-production concept used to describe or evaluate crop response.	Water Productivity Garden
SV-0476	crop measurement Plant & Production	A crop-production concept used to describe or evaluate crop measurement.	Advanced Soilless Garden
SV-0477	crop record Plant & Production	A crop-production concept used to describe or evaluate crop record.	Sensor & Monitoring Garden
SV-0478	crop indicator Plant & Production	A crop-production concept used to describe or evaluate crop indicator.	Smart Irrigation Demonstrator
SV-0479	crop value Plant & Production	A crop-production concept used to describe or evaluate crop value.	Research & Design Garden
SV-0480	crop change Plant & Production	A crop-production concept used to describe or evaluate crop change.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0481	crop pattern Plant & Production	A crop-production concept used to describe or evaluate crop pattern.	Advanced Production Garden
SV-0482	crop comparison Plant & Production	A crop-production concept used to describe or evaluate crop comparison.	Crop Trial Garden
SV-0483	crop distribution Plant & Production	A crop-production concept used to describe or evaluate crop distribution.	Controlled Experiment Garden
SV-0484	crop performance Plant & Production	A crop-production concept used to describe or evaluate crop performance.	Irrigation Engineering Garden
SV-0485	crop quality Plant & Production	A crop-production concept used to describe or evaluate crop quality.	Water Productivity Garden
SV-0486	crop status Plant & Production	A crop-production concept used to describe or evaluate crop status.	Advanced Soilless Garden
SV-0487	crop management Plant & Production	A crop-production concept used to describe or evaluate crop management.	Sensor & Monitoring Garden
SV-0488	crop requirement Plant & Production	A crop-production concept used to describe or evaluate crop requirement.	Smart Irrigation Demonstrator
SV-0489	crop limit Plant & Production	A crop-production concept used to describe or evaluate crop limit.	Research & Design Garden
SV-0490	crop target Plant & Production	A crop-production concept used to describe or evaluate crop target.	Integrated Food Systems Laboratory
SV-0491	crop threshold Plant & Production	A crop-production concept used to describe or evaluate crop threshold.	Advanced Production Garden
SV-0492	crop efficiency Plant & Production	A performance measure comparing useful output with the resource or input used for crop.	Crop Trial Garden
SV-0493	crop productivity Plant & Production	A crop-production concept used to describe or evaluate crop productivity.	Controlled Experiment Garden
SV-0494	soil condition Soil / Growing Medium	A soil-related property, process or management concept: soil condition.	Irrigation Engineering Garden
SV-0495	soil response Soil / Growing Medium	A soil-related property, process or management concept: soil response.	Water Productivity Garden
SV-0496	soil measurement Soil / Growing Medium	A soil-related property, process or management concept: soil measurement.	Advanced Soilless Garden
SV-0497	soil record Soil / Growing Medium	A soil-related property, process or management concept: soil record.	Sensor & Monitoring Garden
SV-0498	soil indicator Soil / Growing Medium	A soil-related property, process or management concept: soil indicator.	Smart Irrigation Demonstrator
SV-0499	soil value Soil / Growing Medium	A soil-related property, process or management concept: soil value.	Research & Design Garden
SV-0500	soil change Soil / Growing Medium	A soil-related property, process or management concept: soil change.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0501	soil pattern Soil / Growing Medium	A soil-related property, process or management concept: soil pattern.	Advanced Production Garden
SV-0502	soil comparison Soil / Growing Medium	A soil-related property, process or management concept: soil comparison.	Crop Trial Garden
SV-0503	soil distribution Soil / Growing Medium	A soil-related property, process or management concept: soil distribution.	Controlled Experiment Garden
SV-0504	soil performance Soil / Growing Medium	A soil-related property, process or management concept: soil performance.	Irrigation Engineering Garden
SV-0505	soil quality Soil / Growing Medium	A soil-related property, process or management concept: soil quality.	Water Productivity Garden
SV-0506	soil status Soil / Growing Medium	A soil-related property, process or management concept: soil status.	Advanced Soilless Garden
SV-0507	soil management Soil / Growing Medium	A soil-related property, process or management concept: soil management.	Sensor & Monitoring Garden
SV-0508	soil requirement Soil / Growing Medium	A soil-related property, process or management concept: soil requirement.	Smart Irrigation Demonstrator
SV-0509	soil limit Soil / Growing Medium	A soil-related property, process or management concept: soil limit.	Research & Design Garden
SV-0510	soil target Soil / Growing Medium	A soil-related property, process or management concept: soil target.	Integrated Food Systems Laboratory
SV-0511	soil threshold Soil / Growing Medium	A soil-related property, process or management concept: soil threshold.	Advanced Production Garden
SV-0512	soil efficiency Soil / Growing Medium	A performance measure comparing useful output with the resource or input used for soil.	Crop Trial Garden
SV-0513	soil productivity Soil / Growing Medium	A soil-related property, process or management concept: soil productivity.	Controlled Experiment Garden
SV-0514	water condition Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water condition.	Irrigation Engineering Garden
SV-0515	water response Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water response.	Water Productivity Garden
SV-0516	water measurement Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water measurement.	Advanced Soilless Garden
SV-0517	water record Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water record.	Sensor & Monitoring Garden
SV-0518	water indicator Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water indicator.	Smart Irrigation Demonstrator
SV-0519	water value Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water value.	Research & Design Garden
SV-0520	water change Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water change.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0521	water pattern Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water pattern.	Advanced Production Garden
SV-0522	water comparison Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water comparison.	Crop Trial Garden
SV-0523	water distribution Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water distribution.	Controlled Experiment Garden
SV-0524	water performance Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water performance.	Irrigation Engineering Garden
SV-0525	water quality Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water quality.	Water Productivity Garden
SV-0526	water status Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water status.	Advanced Soilless Garden
SV-0527	water management Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water management.	Sensor & Monitoring Garden
SV-0528	water requirement Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water requirement.	Smart Irrigation Demonstrator
SV-0529	water limit Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water limit.	Research & Design Garden
SV-0530	water target Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water target.	Integrated Food Systems Laboratory
SV-0531	water threshold Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water threshold.	Advanced Production Garden
SV-0532	water efficiency Water & Irrigation	A performance measure comparing useful output with the resource or input used for water.	Crop Trial Garden
SV-0533	root-zone condition Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone condition at the SSS 1-3 level.	Controlled Experiment Garden
SV-0534	root-zone response Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone response at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0535	root-zone measurement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone measurement at the SSS 1-3 level.	Water Productivity Garden
SV-0536	root-zone record Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone record at the SSS 1-3 level.	Advanced Soilless Garden
SV-0537	root-zone indicator Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone indicator at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0538	root-zone value Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone value at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0539	root-zone change Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone change at the SSS 1-3 level.	Research & Design Garden
SV-0540	root-zone pattern Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone pattern at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0541	root-zone comparison Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone comparison at the SSS 1-3 level.	Advanced Production Garden
SV-0542	root-zone distribution Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone distribution at the SSS 1-3 level.	Crop Trial Garden
SV-0543	root-zone performance Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone performance at the SSS 1-3 level.	Controlled Experiment Garden
SV-0544	root-zone quality Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone quality at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0545	root-zone status Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone status at the SSS 1-3 level.	Water Productivity Garden
SV-0546	root-zone management Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone management at the SSS 1-3 level.	Advanced Soilless Garden
SV-0547	root-zone requirement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone requirement at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0548	root-zone limit Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone limit at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0549	root-zone target Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone target at the SSS 1-3 level.	Research & Design Garden
SV-0550	root-zone threshold Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone threshold at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0551	root-zone efficiency Plant & Production	A performance measure comparing useful output with the resource or input used for root-zone.	Advanced Production Garden
SV-0552	root-zone productivity Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage root-zone productivity at the SSS 1-3 level.	Crop Trial Garden
SV-0553	field condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field condition at the SSS 1-3 level.	Controlled Experiment Garden
SV-0554	field response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field response at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0555	field measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field measurement at the SSS 1-3 level.	Water Productivity Garden
SV-0556	field record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field record at the SSS 1-3 level.	Advanced Soilless Garden
SV-0557	field indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field indicator at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0558	field value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field value at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0559	field change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field change at the SSS 1-3 level.	Research & Design Garden
SV-0560	field pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field pattern at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0561	field comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field comparison at the SSS 1-3 level.	Advanced Production Garden
SV-0562	field distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field distribution at the SSS 1-3 level.	Crop Trial Garden
SV-0563	field performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field performance at the SSS 1-3 level.	Controlled Experiment Garden
SV-0564	field quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field quality at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0565	field status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field status at the SSS 1-3 level.	Water Productivity Garden
SV-0566	field management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field management at the SSS 1-3 level.	Advanced Soilless Garden
SV-0567	field requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage field requirement at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0568	field limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field limit at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0569	field target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field target at the SSS 1-3 level.	Research & Design Garden
SV-0570	field threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field threshold at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0571	field efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for field.	Advanced Production Garden
SV-0572	field productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage field productivity at the SSS 1-3 level.	Crop Trial Garden
SV-0573	sample condition Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample condition at the SSS 1-3 level.	Controlled Experiment Garden
SV-0574	sample response Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample response at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0575	sample measurement Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample measurement at the SSS 1-3 level.	Water Productivity Garden
SV-0576	sample record Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample record at the SSS 1-3 level.	Advanced Soilless Garden
SV-0577	sample indicator Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample indicator at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0578	sample value Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample value at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0579	sample change Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample change at the SSS 1-3 level.	Research & Design Garden
SV-0580	sample pattern Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample pattern at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0581	sample comparison Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample comparison at the SSS 1-3 level.	Advanced Production Garden
SV-0582	sample distribution Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample distribution at the SSS 1-3 level.	Crop Trial Garden
SV-0583	sample performance Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample performance at the SSS 1-3 level.	Controlled Experiment Garden
SV-0584	sample quality Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample quality at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0585	sample status Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample status at the SSS 1-3 level.	Water Productivity Garden
SV-0586	sample management Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample management at the SSS 1-3 level.	Advanced Soilless Garden
SV-0587	sample requirement Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample requirement at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0588	sample limit Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample limit at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0589	sample target Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample target at the SSS 1-3 level.	Research & Design Garden
SV-0590	sample threshold Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample threshold at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0591	sample efficiency Investigation & Research	A performance measure comparing useful output with the resource or input used for sample.	Advanced Production Garden
SV-0592	sample productivity Investigation & Research	A GrowMeal concept used to observe, describe, measure, analyze or manage sample productivity at the SSS 1-3 level.	Crop Trial Garden
SV-0593	treatment condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment condition at the SSS 1-3 level.	Controlled Experiment Garden
SV-0594	treatment response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment response at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0595	treatment measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment measurement at the SSS 1-3 level.	Water Productivity Garden
SV-0596	treatment record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment record at the SSS 1-3 level.	Advanced Soilless Garden
SV-0597	treatment indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment indicator at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0598	treatment value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment value at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0599	treatment change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment change at the SSS 1-3 level.	Research & Design Garden
SV-0600	treatment pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment pattern at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0601	treatment comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment comparison at the SSS 1-3 level.	Advanced Production Garden
SV-0602	treatment distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment distribution at the SSS 1-3 level.	Crop Trial Garden
SV-0603	treatment performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment performance at the SSS 1-3 level.	Controlled Experiment Garden
SV-0604	treatment quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment quality at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0605	treatment status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment status at the SSS 1-3 level.	Water Productivity Garden
SV-0606	treatment management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment management at the SSS 1-3 level.	Advanced Soilless Garden
SV-0607	treatment requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment requirement at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0608	treatment limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment limit at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0609	treatment target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment target at the SSS 1-3 level.	Research & Design Garden
SV-0610	treatment threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment threshold at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-0611	treatment efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for treatment.	Advanced Production Garden
SV-0612	treatment productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage treatment productivity at the SSS 1-3 level.	Crop Trial Garden
SV-0613	system condition Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system condition at the SSS 1-3 level.	Controlled Experiment Garden
SV-0614	system response Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system response at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0615	system measurement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system measurement at the SSS 1-3 level.	Water Productivity Garden
SV-0616	system record Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system record at the SSS 1-3 level.	Advanced Soilless Garden
SV-0617	system indicator Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system indicator at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0618	system value Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system value at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0619	system change Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system change at the SSS 1-3 level.	Research & Design Garden
SV-0620	system pattern Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system pattern at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0621	system comparison Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system comparison at the SSS 1-3 level.	Advanced Production Garden
SV-0622	system distribution Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system distribution at the SSS 1-3 level.	Crop Trial Garden
SV-0623	system quality Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0624	system status Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0625	system management Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system management at the SSS 1-3 level.	Water Productivity Garden
SV-0626	system requirement Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0627	system limit Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0628	system target Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0629	system threshold Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system threshold at the SSS 1-3 level.	Research & Design Garden
SV-0630	system efficiency Plant & Production	A performance measure comparing useful output with the resource or input used for system.	Integrated Food Systems Laboratory
SV-0631	system productivity Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage system productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0632	measured condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured condition at the SSS 1-3 level.	Crop Trial Garden
SV-0633	measured response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured response at the SSS 1-3 level.	Controlled Experiment Garden
SV-0634	measured measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured measurement at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0635	measured record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured record at the SSS 1-3 level.	Water Productivity Garden
SV-0636	measured indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured indicator at the SSS 1-3 level.	Advanced Soilless Garden
SV-0637	measured value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured value at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0638	measured change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured change at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0639	measured pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured pattern at the SSS 1-3 level.	Research & Design Garden
SV-0640	measured comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured comparison at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0641	measured distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured distribution at the SSS 1-3 level.	Advanced Production Garden
SV-0642	measured performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured performance at the SSS 1-3 level.	Crop Trial Garden
SV-0643	measured quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0644	measured status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0645	measured management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured management at the SSS 1-3 level.	Water Productivity Garden
SV-0646	measured requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage measured requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0647	measured limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0648	measured target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0649	measured threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured threshold at the SSS 1-3 level.	Research & Design Garden
SV-0650	measured efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for measured.	Integrated Food Systems Laboratory
SV-0651	measured productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage measured productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0652	observed condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed condition at the SSS 1-3 level.	Crop Trial Garden
SV-0653	observed response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed response at the SSS 1-3 level.	Controlled Experiment Garden
SV-0654	observed measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed measurement at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0655	observed record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed record at the SSS 1-3 level.	Water Productivity Garden
SV-0656	observed indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed indicator at the SSS 1-3 level.	Advanced Soilless Garden
SV-0657	observed value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed value at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0658	observed change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed change at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0659	observed pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed pattern at the SSS 1-3 level.	Research & Design Garden
SV-0660	observed comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed comparison at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0661	observed distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed distribution at the SSS 1-3 level.	Advanced Production Garden
SV-0662	observed performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed performance at the SSS 1-3 level.	Crop Trial Garden
SV-0663	observed quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0664	observed status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0665	observed management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed management at the SSS 1-3 level.	Water Productivity Garden
SV-0666	observed requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage observed requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0667	observed limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0668	observed target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0669	observed threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed threshold at the SSS 1-3 level.	Research & Design Garden
SV-0670	observed efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for observed.	Integrated Food Systems Laboratory
SV-0671	observed productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage observed productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0672	daily condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily condition at the SSS 1-3 level.	Crop Trial Garden
SV-0673	daily response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily response at the SSS 1-3 level.	Controlled Experiment Garden
SV-0674	daily measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily measurement at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0675	daily record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily record at the SSS 1-3 level.	Water Productivity Garden
SV-0676	daily indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily indicator at the SSS 1-3 level.	Advanced Soilless Garden
SV-0677	daily value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily value at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0678	daily change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily change at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0679	daily pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily pattern at the SSS 1-3 level.	Research & Design Garden
SV-0680	daily comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily comparison at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0681	daily distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily distribution at the SSS 1-3 level.	Advanced Production Garden
SV-0682	daily performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily performance at the SSS 1-3 level.	Crop Trial Garden
SV-0683	daily quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0684	daily status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0685	daily management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily management at the SSS 1-3 level.	Water Productivity Garden
SV-0686	daily requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage daily requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0687	daily limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0688	daily target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0689	daily threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily threshold at the SSS 1-3 level.	Research & Design Garden
SV-0690	daily efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for daily.	Integrated Food Systems Laboratory
SV-0691	daily productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage daily productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0692	weekly condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly condition at the SSS 1-3 level.	Crop Trial Garden
SV-0693	weekly response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly response at the SSS 1-3 level.	Controlled Experiment Garden
SV-0694	weekly measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly measurement at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0695	weekly record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly record at the SSS 1-3 level.	Water Productivity Garden
SV-0696	weekly indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly indicator at the SSS 1-3 level.	Advanced Soilless Garden
SV-0697	weekly value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly value at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0698	weekly change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly change at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0699	weekly pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly pattern at the SSS 1-3 level.	Research & Design Garden
SV-0700	weekly comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly comparison at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0701	weekly distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly distribution at the SSS 1-3 level.	Advanced Production Garden
SV-0702	weekly performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly performance at the SSS 1-3 level.	Crop Trial Garden
SV-0703	weekly quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0704	weekly status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0705	weekly management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly management at the SSS 1-3 level.	Water Productivity Garden
SV-0706	weekly requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0707	weekly limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0708	weekly target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0709	weekly threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly threshold at the SSS 1-3 level.	Research & Design Garden
SV-0710	weekly efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for weekly.	Integrated Food Systems Laboratory
SV-0711	weekly productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage weekly productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0712	average condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average condition at the SSS 1-3 level.	Crop Trial Garden
SV-0713	average response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average response at the SSS 1-3 level.	Controlled Experiment Garden
SV-0714	average measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average measurement at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0715	average record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average record at the SSS 1-3 level.	Water Productivity Garden
SV-0716	average indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average indicator at the SSS 1-3 level.	Advanced Soilless Garden
SV-0717	average value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average value at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0718	average change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average change at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0719	average pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average pattern at the SSS 1-3 level.	Research & Design Garden
SV-0720	average comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average comparison at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0721	average distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average distribution at the SSS 1-3 level.	Advanced Production Garden
SV-0722	average performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average performance at the SSS 1-3 level.	Crop Trial Garden
SV-0723	average quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0724	average status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0725	average management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average management at the SSS 1-3 level.	Water Productivity Garden
SV-0726	average requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage average requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0727	average limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0728	average target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0729	average threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average threshold at the SSS 1-3 level.	Research & Design Garden
SV-0730	average efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for average.	Integrated Food Systems Laboratory
SV-0731	average productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage average productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0732	relative condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative condition at the SSS 1-3 level.	Crop Trial Garden
SV-0733	relative response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative response at the SSS 1-3 level.	Controlled Experiment Garden
SV-0734	relative measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative measurement at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0735	relative record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative record at the SSS 1-3 level.	Water Productivity Garden
SV-0736	relative indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative indicator at the SSS 1-3 level.	Advanced Soilless Garden
SV-0737	relative value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative value at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0738	relative change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative change at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0739	relative pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative pattern at the SSS 1-3 level.	Research & Design Garden
SV-0740	relative comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative comparison at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0741	relative distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative distribution at the SSS 1-3 level.	Advanced Production Garden
SV-0742	relative performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative performance at the SSS 1-3 level.	Crop Trial Garden
SV-0743	relative quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0744	relative status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0745	relative management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative management at the SSS 1-3 level.	Water Productivity Garden
SV-0746	relative requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage relative requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0747	relative limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0748	relative target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0749	relative threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative threshold at the SSS 1-3 level.	Research & Design Garden
SV-0750	relative efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for relative.	Integrated Food Systems Laboratory
SV-0751	relative productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage relative productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0752	applied condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied condition at the SSS 1-3 level.	Crop Trial Garden
SV-0753	applied response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied response at the SSS 1-3 level.	Controlled Experiment Garden
SV-0754	applied measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied measurement at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0755	applied record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied record at the SSS 1-3 level.	Water Productivity Garden
SV-0756	applied indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied indicator at the SSS 1-3 level.	Advanced Soilless Garden
SV-0757	applied value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied value at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0758	applied change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied change at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0759	applied pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied pattern at the SSS 1-3 level.	Research & Design Garden
SV-0760	applied comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied comparison at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0761	applied distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied distribution at the SSS 1-3 level.	Advanced Production Garden
SV-0762	applied performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied performance at the SSS 1-3 level.	Crop Trial Garden
SV-0763	applied quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0764	applied status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0765	applied management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied management at the SSS 1-3 level.	Water Productivity Garden
SV-0766	applied requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage applied requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0767	applied limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0768	applied target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0769	applied threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied threshold at the SSS 1-3 level.	Research & Design Garden
SV-0770	applied efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for applied.	Integrated Food Systems Laboratory
SV-0771	applied productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage applied productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0772	available condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available condition at the SSS 1-3 level.	Crop Trial Garden
SV-0773	available response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available response at the SSS 1-3 level.	Controlled Experiment Garden
SV-0774	available measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available measurement at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0775	available record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available record at the SSS 1-3 level.	Water Productivity Garden
SV-0776	available indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available indicator at the SSS 1-3 level.	Advanced Soilless Garden
SV-0777	available value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available value at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0778	available change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available change at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0779	available pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available pattern at the SSS 1-3 level.	Research & Design Garden
SV-0780	available comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available comparison at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0781	available distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available distribution at the SSS 1-3 level.	Advanced Production Garden
SV-0782	available performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available performance at the SSS 1-3 level.	Crop Trial Garden
SV-0783	available quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0784	available status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0785	available management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available management at the SSS 1-3 level.	Water Productivity Garden
SV-0786	available requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage available requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0787	available limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0788	available target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0789	available threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available threshold at the SSS 1-3 level.	Research & Design Garden
SV-0790	available efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for available.	Integrated Food Systems Laboratory
SV-0791	available productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage available productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0792	effective condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective condition at the SSS 1-3 level.	Crop Trial Garden
SV-0793	effective response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective response at the SSS 1-3 level.	Controlled Experiment Garden
SV-0794	effective measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective measurement at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0795	effective record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective record at the SSS 1-3 level.	Water Productivity Garden
SV-0796	effective indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective indicator at the SSS 1-3 level.	Advanced Soilless Garden
SV-0797	effective value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective value at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0798	effective change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective change at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0799	effective pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective pattern at the SSS 1-3 level.	Research & Design Garden
SV-0800	effective comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective comparison at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0801	effective distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective distribution at the SSS 1-3 level.	Advanced Production Garden
SV-0802	effective performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective performance at the SSS 1-3 level.	Crop Trial Garden
SV-0803	effective quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0804	effective status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0805	effective management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective management at the SSS 1-3 level.	Water Productivity Garden
SV-0806	effective requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage effective requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0807	effective limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0808	effective target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0809	effective threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective threshold at the SSS 1-3 level.	Research & Design Garden
SV-0810	effective efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for effective.	Integrated Food Systems Laboratory
SV-0811	effective productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage effective productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0812	total condition Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total condition at the SSS 1-3 level.	Crop Trial Garden
SV-0813	total response Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total response at the SSS 1-3 level.	Controlled Experiment Garden
SV-0814	total measurement Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total measurement at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0815	total record Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total record at the SSS 1-3 level.	Water Productivity Garden
SV-0816	total indicator Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total indicator at the SSS 1-3 level.	Advanced Soilless Garden
SV-0817	total value Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total value at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0818	total change Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total change at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0819	total pattern Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total pattern at the SSS 1-3 level.	Research & Design Garden
SV-0820	total comparison Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total comparison at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0821	total distribution Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total distribution at the SSS 1-3 level.	Advanced Production Garden
SV-0822	total performance Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total performance at the SSS 1-3 level.	Crop Trial Garden
SV-0823	total quality Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total quality at the SSS 1-3 level.	Controlled Experiment Garden
SV-0824	total status Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total status at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0825	total management Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total management at the SSS 1-3 level.	Water Productivity Garden
SV-0826	total requirement Engineering & Decision	A GrowMeal concept used to observe, describe, measure, analyze or manage total requirement at the SSS 1-3 level.	Advanced Soilless Garden
SV-0827	total limit Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total limit at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0828	total target Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total target at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0829	total threshold Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total threshold at the SSS 1-3 level.	Research & Design Garden
SV-0830	total efficiency Garden Foundations	A performance measure comparing useful output with the resource or input used for total.	Integrated Food Systems Laboratory
SV-0831	total productivity Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage total productivity at the SSS 1-3 level.	Advanced Production Garden
SV-0832	garden foundations concept 1 Garden Foundations	A planned growing or learning space associated with garden foundations concept 1.	Crop Trial Garden
SV-0833	plant & production concept 2 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 2 at the SSS 1-3 level.	Controlled Experiment Garden
SV-0834	plant & production concept 3 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 3 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0835	plant & production concept 4 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 4 at the SSS 1-3 level.	Water Productivity Garden
SV-0836	plant & production concept 5 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 5 at the SSS 1-3 level.	Advanced Soilless Garden
SV-0837	garden foundations concept 6 Garden Foundations	A planned growing or learning space associated with garden foundations concept 6.	Sensor & Monitoring Garden
SV-0838	plant & production concept 7 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 7 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0839	plant & production concept 8 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 8 at the SSS 1-3 level.	Research & Design Garden
SV-0840	plant & production concept 9 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 9 at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0841	plant & production concept 10 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 10 at the SSS 1-3 level.	Advanced Production Garden
SV-0842	garden foundations concept 11 Garden Foundations	A planned growing or learning space associated with garden foundations concept 11.	Crop Trial Garden
SV-0843	garden foundations concept 12 Garden Foundations	A planned growing or learning space associated with garden foundations concept 12.	Controlled Experiment Garden
SV-0844	garden foundations concept 13 Garden Foundations	A planned growing or learning space associated with garden foundations concept 13.	Irrigation Engineering Garden
SV-0845	plant & production concept 14 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 14 at the SSS 1-3 level.	Water Productivity Garden
SV-0846	plant & production concept 15 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 15 at the SSS 1-3 level.	Advanced Soilless Garden
SV-0847	soil / growing medium concept 16 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 16.	Sensor & Monitoring Garden
SV-0848	soil / growing medium concept 17 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 17.	Smart Irrigation Demonstrator
SV-0849	garden foundations concept 18 Garden Foundations	A planned growing or learning space associated with garden foundations concept 18.	Research & Design Garden
SV-0850	garden foundations concept 19 Garden Foundations	A planned growing or learning space associated with garden foundations concept 19.	Integrated Food Systems Laboratory
SV-0851	garden foundations concept 20 Garden Foundations	A planned growing or learning space associated with garden foundations concept 20.	Advanced Production Garden
SV-0852	garden foundations concept 21 Garden Foundations	A planned growing or learning space associated with garden foundations concept 21.	Crop Trial Garden
SV-0853	soil / growing medium concept 22 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 22.	Controlled Experiment Garden
SV-0854	garden foundations concept 23 Garden Foundations	A planned growing or learning space associated with garden foundations concept 23.	Irrigation Engineering Garden
SV-0855	water & irrigation concept 24 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 24.	Water Productivity Garden
SV-0856	water & irrigation concept 25 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 25.	Advanced Soilless Garden
SV-0857	garden foundations concept 26 Garden Foundations	A planned growing or learning space associated with garden foundations concept 26.	Sensor & Monitoring Garden
SV-0858	garden foundations concept 27 Garden Foundations	A planned growing or learning space associated with garden foundations concept 27.	Smart Irrigation Demonstrator
SV-0859	garden foundations concept 28 Garden Foundations	A planned growing or learning space associated with garden foundations concept 28.	Research & Design Garden
SV-0860	water & irrigation concept 29 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 29.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0861	garden foundations concept 30 Garden Foundations	A planned growing or learning space associated with garden foundations concept 30.	Advanced Production Garden
SV-0862	garden foundations concept 31 Garden Foundations	A planned growing or learning space associated with garden foundations concept 31.	Crop Trial Garden
SV-0863	garden foundations concept 32 Garden Foundations	A planned growing or learning space associated with garden foundations concept 32.	Controlled Experiment Garden
SV-0864	garden foundations concept 33 Garden Foundations	A planned growing or learning space associated with garden foundations concept 33.	Irrigation Engineering Garden
SV-0865	garden foundations concept 34 Garden Foundations	A planned growing or learning space associated with garden foundations concept 34.	Water Productivity Garden
SV-0866	garden foundations concept 35 Garden Foundations	A planned growing or learning space associated with garden foundations concept 35.	Advanced Soilless Garden
SV-0867	garden foundations concept 36 Garden Foundations	A planned growing or learning space associated with garden foundations concept 36.	Sensor & Monitoring Garden
SV-0868	garden foundations concept 37 Garden Foundations	A planned growing or learning space associated with garden foundations concept 37.	Smart Irrigation Demonstrator
SV-0869	garden foundations concept 38 Garden Foundations	A planned growing or learning space associated with garden foundations concept 38.	Research & Design Garden
SV-0870	garden foundations concept 39 Garden Foundations	A planned growing or learning space associated with garden foundations concept 39.	Integrated Food Systems Laboratory
SV-0871	garden foundations concept 40 Garden Foundations	A planned growing or learning space associated with garden foundations concept 40.	Advanced Production Garden
SV-0872	garden foundations concept 41 Garden Foundations	A planned growing or learning space associated with garden foundations concept 41.	Crop Trial Garden
SV-0873	garden foundations concept 42 Garden Foundations	A planned growing or learning space associated with garden foundations concept 42.	Controlled Experiment Garden
SV-0874	garden foundations concept 43 Garden Foundations	A planned growing or learning space associated with garden foundations concept 43.	Irrigation Engineering Garden
SV-0875	garden foundations concept 44 Garden Foundations	A planned growing or learning space associated with garden foundations concept 44.	Water Productivity Garden
SV-0876	garden foundations concept 45 Garden Foundations	A planned growing or learning space associated with garden foundations concept 45.	Advanced Soilless Garden
SV-0877	garden foundations concept 46 Garden Foundations	A planned growing or learning space associated with garden foundations concept 46.	Sensor & Monitoring Garden
SV-0878	investigation & research concept 47 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 47 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0879	garden foundations concept 48 Garden Foundations	A planned growing or learning space associated with garden foundations concept 48.	Research & Design Garden
SV-0880	garden foundations concept 49 Garden Foundations	A planned growing or learning space associated with garden foundations concept 49.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0881	garden foundations concept 50 Garden Foundations	A planned growing or learning space associated with garden foundations concept 50.	Advanced Production Garden
SV-0882	garden foundations concept 51 Garden Foundations	A planned growing or learning space associated with garden foundations concept 51.	Crop Trial Garden
SV-0883	garden foundations concept 52 Garden Foundations	A planned growing or learning space associated with garden foundations concept 52.	Controlled Experiment Garden
SV-0884	garden foundations concept 53 Garden Foundations	A planned growing or learning space associated with garden foundations concept 53.	Irrigation Engineering Garden
SV-0885	garden foundations concept 54 Garden Foundations	A planned growing or learning space associated with garden foundations concept 54.	Water Productivity Garden
SV-0886	garden foundations concept 55 Garden Foundations	A planned growing or learning space associated with garden foundations concept 55.	Advanced Soilless Garden
SV-0887	garden foundations concept 56 Garden Foundations	A planned growing or learning space associated with garden foundations concept 56.	Sensor & Monitoring Garden
SV-0888	garden foundations concept 57 Garden Foundations	A planned growing or learning space associated with garden foundations concept 57.	Smart Irrigation Demonstrator
SV-0889	garden foundations concept 58 Garden Foundations	A planned growing or learning space associated with garden foundations concept 58.	Research & Design Garden
SV-0890	garden foundations concept 59 Garden Foundations	A planned growing or learning space associated with garden foundations concept 59.	Integrated Food Systems Laboratory
SV-0891	garden foundations concept 60 Garden Foundations	A planned growing or learning space associated with garden foundations concept 60.	Advanced Production Garden
SV-0892	garden foundations concept 61 Garden Foundations	A planned growing or learning space associated with garden foundations concept 61.	Crop Trial Garden
SV-0893	garden foundations concept 62 Garden Foundations	A planned growing or learning space associated with garden foundations concept 62.	Controlled Experiment Garden
SV-0894	garden foundations concept 63 Garden Foundations	A planned growing or learning space associated with garden foundations concept 63.	Irrigation Engineering Garden
SV-0895	garden foundations concept 64 Garden Foundations	A planned growing or learning space associated with garden foundations concept 64.	Water Productivity Garden
SV-0896	garden foundations concept 65 Garden Foundations	A planned growing or learning space associated with garden foundations concept 65.	Advanced Soilless Garden
SV-0897	plant & production concept 66 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 66 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0898	plant & production concept 67 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 67 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0899	garden foundations concept 68 Garden Foundations	A planned growing or learning space associated with garden foundations concept 68.	Research & Design Garden
SV-0900	garden foundations concept 69 Garden Foundations	A planned growing or learning space associated with garden foundations concept 69.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0901	plant & production concept 70 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 70 at the SSS 1-3 level.	Advanced Production Garden
SV-0902	garden foundations concept 71 Garden Foundations	A planned growing or learning space associated with garden foundations concept 71.	Crop Trial Garden
SV-0903	garden foundations concept 72 Garden Foundations	A planned growing or learning space associated with garden foundations concept 72.	Controlled Experiment Garden
SV-0904	plant & production concept 73 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 73 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0905	garden foundations concept 74 Garden Foundations	A planned growing or learning space associated with garden foundations concept 74.	Water Productivity Garden
SV-0906	plant & production concept 75 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 75 at the SSS 1-3 level.	Advanced Soilless Garden
SV-0907	garden foundations concept 76 Garden Foundations	A planned growing or learning space associated with garden foundations concept 76.	Sensor & Monitoring Garden
SV-0908	garden foundations concept 77 Garden Foundations	A planned growing or learning space associated with garden foundations concept 77.	Smart Irrigation Demonstrator
SV-0909	garden foundations concept 78 Garden Foundations	A planned growing or learning space associated with garden foundations concept 78.	Research & Design Garden
SV-0910	garden foundations concept 79 Garden Foundations	A planned growing or learning space associated with garden foundations concept 79.	Integrated Food Systems Laboratory
SV-0911	garden foundations concept 80 Garden Foundations	A planned growing or learning space associated with garden foundations concept 80.	Advanced Production Garden
SV-0912	garden foundations concept 81 Garden Foundations	A planned growing or learning space associated with garden foundations concept 81.	Crop Trial Garden
SV-0913	plant & production concept 82 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 82 at the SSS 1-3 level.	Controlled Experiment Garden
SV-0914	garden foundations concept 83 Garden Foundations	A planned growing or learning space associated with garden foundations concept 83.	Irrigation Engineering Garden
SV-0915	soil / growing medium concept 84 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 84.	Water Productivity Garden
SV-0916	soil / growing medium concept 85 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 85.	Advanced Soilless Garden
SV-0917	soil / growing medium concept 86 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 86.	Sensor & Monitoring Garden
SV-0918	garden foundations concept 87 Garden Foundations	A planned growing or learning space associated with garden foundations concept 87.	Smart Irrigation Demonstrator
SV-0919	garden foundations concept 88 Garden Foundations	A planned growing or learning space associated with garden foundations concept 88.	Research & Design Garden
SV-0920	garden foundations concept 89 Garden Foundations	A planned growing or learning space associated with garden foundations concept 89.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0921	water & irrigation concept 90 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 90.	Advanced Production Garden
SV-0922	garden foundations concept 91 Garden Foundations	A planned growing or learning space associated with garden foundations concept 91.	Crop Trial Garden
SV-0923	garden foundations concept 92 Garden Foundations	A planned growing or learning space associated with garden foundations concept 92.	Controlled Experiment Garden
SV-0924	garden foundations concept 93 Garden Foundations	A planned growing or learning space associated with garden foundations concept 93.	Irrigation Engineering Garden
SV-0925	garden foundations concept 94 Garden Foundations	A planned growing or learning space associated with garden foundations concept 94.	Water Productivity Garden
SV-0926	garden foundations concept 95 Garden Foundations	A planned growing or learning space associated with garden foundations concept 95.	Advanced Soilless Garden
SV-0927	garden foundations concept 96 Garden Foundations	A planned growing or learning space associated with garden foundations concept 96.	Sensor & Monitoring Garden
SV-0928	garden foundations concept 97 Garden Foundations	A planned growing or learning space associated with garden foundations concept 97.	Smart Irrigation Demonstrator
SV-0929	garden foundations concept 98 Garden Foundations	A planned growing or learning space associated with garden foundations concept 98.	Research & Design Garden
SV-0930	garden foundations concept 99 Garden Foundations	A planned growing or learning space associated with garden foundations concept 99.	Integrated Food Systems Laboratory
SV-0931	garden foundations concept 100 Garden Foundations	A planned growing or learning space associated with garden foundations concept 100.	Advanced Production Garden
SV-0932	garden foundations concept 101 Garden Foundations	A planned growing or learning space associated with garden foundations concept 101.	Crop Trial Garden
SV-0933	garden foundations concept 102 Garden Foundations	A planned growing or learning space associated with garden foundations concept 102.	Controlled Experiment Garden
SV-0934	investigation & research concept 103 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 103 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0935	investigation & research concept 104 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 104 at the SSS 1-3 level.	Water Productivity Garden
SV-0936	investigation & research concept 105 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 105 at the SSS 1-3 level.	Advanced Soilless Garden
SV-0937	investigation & research concept 106 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 106 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-0938	investigation & research concept 107 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 107 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-0939	garden foundations concept 108 Garden Foundations	A planned growing or learning space associated with garden foundations concept 108.	Research & Design Garden
SV-0940	engineering & decision concept 109 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 109 at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0941	investigation & research concept 110 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 110 at the SSS 1-3 level.	Advanced Production Garden
SV-0942	investigation & research concept 111 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 111 at the SSS 1-3 level.	Crop Trial Garden
SV-0943	garden foundations concept 112 Garden Foundations	A planned growing or learning space associated with garden foundations concept 112.	Controlled Experiment Garden
SV-0944	garden foundations concept 113 Garden Foundations	A planned growing or learning space associated with garden foundations concept 113.	Irrigation Engineering Garden
SV-0945	garden foundations concept 114 Garden Foundations	A planned growing or learning space associated with garden foundations concept 114.	Water Productivity Garden
SV-0946	garden foundations concept 115 Garden Foundations	A planned growing or learning space associated with garden foundations concept 115.	Advanced Soilless Garden
SV-0947	garden foundations concept 116 Garden Foundations	A planned growing or learning space associated with garden foundations concept 116.	Sensor & Monitoring Garden
SV-0948	garden foundations concept 117 Garden Foundations	A planned growing or learning space associated with garden foundations concept 117.	Smart Irrigation Demonstrator
SV-0949	plant & production concept 118 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 118 at the SSS 1-3 level.	Research & Design Garden
SV-0950	garden foundations concept 119 Garden Foundations	A planned growing or learning space associated with garden foundations concept 119.	Integrated Food Systems Laboratory
SV-0951	garden foundations concept 120 Garden Foundations	A planned growing or learning space associated with garden foundations concept 120.	Advanced Production Garden
SV-0952	garden foundations concept 121 Garden Foundations	A planned growing or learning space associated with garden foundations concept 121.	Crop Trial Garden
SV-0953	water & irrigation concept 122 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 122.	Controlled Experiment Garden
SV-0954	garden foundations concept 123 Garden Foundations	A planned growing or learning space associated with garden foundations concept 123.	Irrigation Engineering Garden
SV-0955	water & irrigation concept 124 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 124.	Water Productivity Garden
SV-0956	water & irrigation concept 125 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 125.	Advanced Soilless Garden
SV-0957	garden foundations concept 126 Garden Foundations	A planned growing or learning space associated with garden foundations concept 126.	Sensor & Monitoring Garden
SV-0958	garden foundations concept 127 Garden Foundations	A planned growing or learning space associated with garden foundations concept 127.	Smart Irrigation Demonstrator
SV-0959	water & irrigation concept 128 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 128.	Research & Design Garden
SV-0960	garden foundations concept 129 Garden Foundations	A planned growing or learning space associated with garden foundations concept 129.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0961	water & irrigation concept 130 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 130.	Advanced Production Garden
SV-0962	plant & production concept 131 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 131 at the SSS 1-3 level.	Crop Trial Garden
SV-0963	soil / growing medium concept 132 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 132.	Controlled Experiment Garden
SV-0964	soil / growing medium concept 133 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 133.	Irrigation Engineering Garden
SV-0965	soil / growing medium concept 134 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 134.	Water Productivity Garden
SV-0966	garden foundations concept 135 Garden Foundations	A planned growing or learning space associated with garden foundations concept 135.	Advanced Soilless Garden
SV-0967	garden foundations concept 136 Garden Foundations	A planned growing or learning space associated with garden foundations concept 136.	Sensor & Monitoring Garden
SV-0968	garden foundations concept 137 Garden Foundations	A planned growing or learning space associated with garden foundations concept 137.	Smart Irrigation Demonstrator
SV-0969	garden foundations concept 138 Garden Foundations	A planned growing or learning space associated with garden foundations concept 138.	Research & Design Garden
SV-0970	garden foundations concept 139 Garden Foundations	A planned growing or learning space associated with garden foundations concept 139.	Integrated Food Systems Laboratory
SV-0971	soil / growing medium concept 140 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 140.	Advanced Production Garden
SV-0972	soil / growing medium concept 141 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 141.	Crop Trial Garden
SV-0973	garden foundations concept 142 Garden Foundations	A planned growing or learning space associated with garden foundations concept 142.	Controlled Experiment Garden
SV-0974	garden foundations concept 143 Garden Foundations	A planned growing or learning space associated with garden foundations concept 143.	Irrigation Engineering Garden
SV-0975	garden foundations concept 144 Garden Foundations	A planned growing or learning space associated with garden foundations concept 144.	Water Productivity Garden
SV-0976	water & irrigation concept 145 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 145.	Advanced Soilless Garden
SV-0977	garden foundations concept 146 Garden Foundations	A planned growing or learning space associated with garden foundations concept 146.	Sensor & Monitoring Garden
SV-0978	garden foundations concept 147 Garden Foundations	A planned growing or learning space associated with garden foundations concept 147.	Smart Irrigation Demonstrator
SV-0979	garden foundations concept 148 Garden Foundations	A planned growing or learning space associated with garden foundations concept 148.	Research & Design Garden
SV-0980	garden foundations concept 149 Garden Foundations	A planned growing or learning space associated with garden foundations concept 149.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-0981	plant & production concept 150 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 150 at the SSS 1-3 level.	Advanced Production Garden
SV-0982	plant & production concept 151 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 151 at the SSS 1-3 level.	Crop Trial Garden
SV-0983	garden foundations concept 152 Garden Foundations	A planned growing or learning space associated with garden foundations concept 152.	Controlled Experiment Garden
SV-0984	plant & production concept 153 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 153 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-0985	garden foundations concept 154 Garden Foundations	A planned growing or learning space associated with garden foundations concept 154.	Water Productivity Garden
SV-0986	garden foundations concept 155 Garden Foundations	A planned growing or learning space associated with garden foundations concept 155.	Advanced Soilless Garden
SV-0987	garden foundations concept 156 Garden Foundations	A planned growing or learning space associated with garden foundations concept 156.	Sensor & Monitoring Garden
SV-0988	garden foundations concept 157 Garden Foundations	A planned growing or learning space associated with garden foundations concept 157.	Smart Irrigation Demonstrator
SV-0989	soil / growing medium concept 158 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 158.	Research & Design Garden
SV-0990	garden foundations concept 159 Garden Foundations	A planned growing or learning space associated with garden foundations concept 159.	Integrated Food Systems Laboratory
SV-0991	garden foundations concept 160 Garden Foundations	A planned growing or learning space associated with garden foundations concept 160.	Advanced Production Garden
SV-0992	garden foundations concept 161 Garden Foundations	A planned growing or learning space associated with garden foundations concept 161.	Crop Trial Garden
SV-0993	garden foundations concept 162 Garden Foundations	A planned growing or learning space associated with garden foundations concept 162.	Controlled Experiment Garden
SV-0994	garden foundations concept 163 Garden Foundations	A planned growing or learning space associated with garden foundations concept 163.	Irrigation Engineering Garden
SV-0995	measurement & data concept 164 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 164 at the SSS 1-3 level.	Water Productivity Garden
SV-0996	measurement & data concept 165 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 165 at the SSS 1-3 level.	Advanced Soilless Garden
SV-0997	garden foundations concept 166 Garden Foundations	A planned growing or learning space associated with garden foundations concept 166.	Sensor & Monitoring Garden
SV-0998	garden foundations concept 167 Garden Foundations	A planned growing or learning space associated with garden foundations concept 167.	Smart Irrigation Demonstrator
SV-0999	garden foundations concept 168 Garden Foundations	A planned growing or learning space associated with garden foundations concept 168.	Research & Design Garden
SV-1000	garden foundations concept 169 Garden Foundations	A planned growing or learning space associated with garden foundations concept 169.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1001	investigation & research concept 170 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 170 at the SSS 1-3 level.	Advanced Production Garden
SV-1002	investigation & research concept 171 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 171 at the SSS 1-3 level.	Crop Trial Garden
SV-1003	garden foundations concept 172 Garden Foundations	A planned growing or learning space associated with garden foundations concept 172.	Controlled Experiment Garden
SV-1004	investigation & research concept 173 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 173 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1005	investigation & research concept 174 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 174 at the SSS 1-3 level.	Water Productivity Garden
SV-1006	garden foundations concept 175 Garden Foundations	A planned growing or learning space associated with garden foundations concept 175.	Advanced Soilless Garden
SV-1007	garden foundations concept 176 Garden Foundations	A planned growing or learning space associated with garden foundations concept 176.	Sensor & Monitoring Garden
SV-1008	investigation & research concept 177 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 177 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1009	investigation & research concept 178 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 178 at the SSS 1-3 level.	Research & Design Garden
SV-1010	investigation & research concept 179 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 179 at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-1011	garden foundations concept 180 Garden Foundations	A planned growing or learning space associated with garden foundations concept 180.	Advanced Production Garden
SV-1012	garden foundations concept 181 Garden Foundations	A planned growing or learning space associated with garden foundations concept 181.	Crop Trial Garden
SV-1013	garden foundations concept 182 Garden Foundations	A planned growing or learning space associated with garden foundations concept 182.	Controlled Experiment Garden
SV-1014	investigation & research concept 183 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 183 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1015	measurement & data concept 184 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 184 at the SSS 1-3 level.	Water Productivity Garden
SV-1016	measurement & data concept 185 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 185 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1017	measurement & data concept 186 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 186 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1018	measurement & data concept 187 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 187 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1019	garden foundations concept 188 Garden Foundations	A planned growing or learning space associated with garden foundations concept 188.	Research & Design Garden
SV-1020	garden foundations concept 189 Garden Foundations	A planned growing or learning space associated with garden foundations concept 189.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1021	garden foundations concept 190 Garden Foundations	A planned growing or learning space associated with garden foundations concept 190.	Advanced Production Garden
SV-1022	garden foundations concept 191 Garden Foundations	A planned growing or learning space associated with garden foundations concept 191.	Crop Trial Garden
SV-1023	garden foundations concept 192 Garden Foundations	A planned growing or learning space associated with garden foundations concept 192.	Controlled Experiment Garden
SV-1024	garden foundations concept 193 Garden Foundations	A planned growing or learning space associated with garden foundations concept 193.	Irrigation Engineering Garden
SV-1025	garden foundations concept 194 Garden Foundations	A planned growing or learning space associated with garden foundations concept 194.	Water Productivity Garden
SV-1026	garden foundations concept 195 Garden Foundations	A planned growing or learning space associated with garden foundations concept 195.	Advanced Soilless Garden
SV-1027	garden foundations concept 196 Garden Foundations	A planned growing or learning space associated with garden foundations concept 196.	Sensor & Monitoring Garden
SV-1028	garden foundations concept 197 Garden Foundations	A planned growing or learning space associated with garden foundations concept 197.	Smart Irrigation Demonstrator
SV-1029	garden foundations concept 198 Garden Foundations	A planned growing or learning space associated with garden foundations concept 198.	Research & Design Garden
SV-1030	garden foundations concept 199 Garden Foundations	A planned growing or learning space associated with garden foundations concept 199.	Integrated Food Systems Laboratory
SV-1031	measurement & data concept 200 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 200 at the SSS 1-3 level.	Advanced Production Garden
SV-1032	measurement & data concept 201 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 201 at the SSS 1-3 level.	Crop Trial Garden
SV-1033	measurement & data concept 202 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 202 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1034	garden foundations concept 203 Garden Foundations	A planned growing or learning space associated with garden foundations concept 203.	Irrigation Engineering Garden
SV-1035	garden foundations concept 204 Garden Foundations	A planned growing or learning space associated with garden foundations concept 204.	Water Productivity Garden
SV-1036	garden foundations concept 205 Garden Foundations	A planned growing or learning space associated with garden foundations concept 205.	Advanced Soilless Garden
SV-1037	measurement & data concept 206 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 206 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1038	garden foundations concept 207 Garden Foundations	A planned growing or learning space associated with garden foundations concept 207.	Smart Irrigation Demonstrator
SV-1039	measurement & data concept 208 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 208 at the SSS 1-3 level.	Research & Design Garden
SV-1040	measurement & data concept 209 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 209 at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1041	measurement & data concept 210 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 210 at the SSS 1-3 level.	Advanced Production Garden
SV-1042	soil / growing medium concept 211 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 211.	Crop Trial Garden
SV-1043	measurement & data concept 212 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 212 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1044	water & irrigation concept 213 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 213.	Irrigation Engineering Garden
SV-1045	water & irrigation concept 214 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 214.	Water Productivity Garden
SV-1046	garden foundations concept 215 Garden Foundations	A planned growing or learning space associated with garden foundations concept 215.	Advanced Soilless Garden
SV-1047	garden foundations concept 216 Garden Foundations	A planned growing or learning space associated with garden foundations concept 216.	Sensor & Monitoring Garden
SV-1048	garden foundations concept 217 Garden Foundations	A planned growing or learning space associated with garden foundations concept 217.	Smart Irrigation Demonstrator
SV-1049	garden foundations concept 218 Garden Foundations	A planned growing or learning space associated with garden foundations concept 218.	Research & Design Garden
SV-1050	measurement & data concept 219 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 219 at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-1051	engineering & decision concept 220 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 220 at the SSS 1-3 level.	Advanced Production Garden
SV-1052	plant & production concept 221 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 221 at the SSS 1-3 level.	Crop Trial Garden
SV-1053	plant & production concept 222 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 222 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1054	plant & production concept 223 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 223 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1055	garden foundations concept 224 Garden Foundations	A planned growing or learning space associated with garden foundations concept 224.	Water Productivity Garden
SV-1056	garden foundations concept 225 Garden Foundations	A planned growing or learning space associated with garden foundations concept 225.	Advanced Soilless Garden
SV-1057	garden foundations concept 226 Garden Foundations	A planned growing or learning space associated with garden foundations concept 226.	Sensor & Monitoring Garden
SV-1058	plant & production concept 227 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 227 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1059	garden foundations concept 228 Garden Foundations	A planned growing or learning space associated with garden foundations concept 228.	Research & Design Garden
SV-1060	garden foundations concept 229 Garden Foundations	A planned growing or learning space associated with garden foundations concept 229.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1061	water & irrigation concept 230 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 230.	Advanced Production Garden
SV-1062	garden foundations concept 231 Garden Foundations	A planned growing or learning space associated with garden foundations concept 231.	Crop Trial Garden
SV-1063	garden foundations concept 232 Garden Foundations	A planned growing or learning space associated with garden foundations concept 232.	Controlled Experiment Garden
SV-1064	garden foundations concept 233 Garden Foundations	A planned growing or learning space associated with garden foundations concept 233.	Irrigation Engineering Garden
SV-1065	water & irrigation concept 234 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 234.	Water Productivity Garden
SV-1066	soil / growing medium concept 235 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 235.	Advanced Soilless Garden
SV-1067	plant & production concept 236 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 236 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1068	water & irrigation concept 237 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 237.	Smart Irrigation Demonstrator
SV-1069	water & irrigation concept 238 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 238.	Research & Design Garden
SV-1070	plant & production concept 239 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 239 at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-1071	plant & production concept 240 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 240 at the SSS 1-3 level.	Advanced Production Garden
SV-1072	garden foundations concept 241 Garden Foundations	A planned growing or learning space associated with garden foundations concept 241.	Crop Trial Garden
SV-1073	garden foundations concept 242 Garden Foundations	A planned growing or learning space associated with garden foundations concept 242.	Controlled Experiment Garden
SV-1074	garden foundations concept 243 Garden Foundations	A planned growing or learning space associated with garden foundations concept 243.	Irrigation Engineering Garden
SV-1075	plant & production concept 244 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 244 at the SSS 1-3 level.	Water Productivity Garden
SV-1076	garden foundations concept 245 Garden Foundations	A planned growing or learning space associated with garden foundations concept 245.	Advanced Soilless Garden
SV-1077	soil / growing medium concept 246 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 246.	Sensor & Monitoring Garden
SV-1078	garden foundations concept 247 Garden Foundations	A planned growing or learning space associated with garden foundations concept 247.	Smart Irrigation Demonstrator
SV-1079	soil / growing medium concept 248 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 248.	Research & Design Garden
SV-1080	soil / growing medium concept 249 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 249.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1081	garden foundations concept 250 Garden Foundations	A planned growing or learning space associated with garden foundations concept 250.	Advanced Production Garden
SV-1082	garden foundations concept 251 Garden Foundations	A planned growing or learning space associated with garden foundations concept 251.	Crop Trial Garden
SV-1083	garden foundations concept 252 Garden Foundations	A planned growing or learning space associated with garden foundations concept 252.	Controlled Experiment Garden
SV-1084	garden foundations concept 253 Garden Foundations	A planned growing or learning space associated with garden foundations concept 253.	Irrigation Engineering Garden
SV-1085	soil / growing medium concept 254 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 254.	Water Productivity Garden
SV-1086	soil / growing medium concept 255 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 255.	Advanced Soilless Garden
SV-1087	garden foundations concept 256 Garden Foundations	A planned growing or learning space associated with garden foundations concept 256.	Sensor & Monitoring Garden
SV-1088	garden foundations concept 257 Garden Foundations	A planned growing or learning space associated with garden foundations concept 257.	Smart Irrigation Demonstrator
SV-1089	plant & production concept 258 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 258 at the SSS 1-3 level.	Research & Design Garden
SV-1090	systems thinking concept 259 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 259 at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-1091	water & irrigation concept 260 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 260.	Advanced Production Garden
SV-1092	systems thinking concept 261 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 261 at the SSS 1-3 level.	Crop Trial Garden
SV-1093	garden foundations concept 262 Garden Foundations	A planned growing or learning space associated with garden foundations concept 262.	Controlled Experiment Garden
SV-1094	systems thinking concept 263 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 263 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1095	systems thinking concept 264 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 264 at the SSS 1-3 level.	Water Productivity Garden
SV-1096	garden foundations concept 265 Garden Foundations	A planned growing or learning space associated with garden foundations concept 265.	Advanced Soilless Garden
SV-1097	garden foundations concept 266 Garden Foundations	A planned growing or learning space associated with garden foundations concept 266.	Sensor & Monitoring Garden
SV-1098	garden foundations concept 267 Garden Foundations	A planned growing or learning space associated with garden foundations concept 267.	Smart Irrigation Demonstrator
SV-1099	garden foundations concept 268 Garden Foundations	A planned growing or learning space associated with garden foundations concept 268.	Research & Design Garden
SV-1100	garden foundations concept 269 Garden Foundations	A planned growing or learning space associated with garden foundations concept 269.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1101	garden foundations concept 270 Garden Foundations	A planned growing or learning space associated with garden foundations concept 270.	Advanced Production Garden
SV-1102	investigation & research concept 271 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 271 at the SSS 1-3 level.	Crop Trial Garden
SV-1103	investigation & research concept 272 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 272 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1104	investigation & research concept 273 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 273 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1105	garden foundations concept 274 Garden Foundations	A planned growing or learning space associated with garden foundations concept 274.	Water Productivity Garden
SV-1106	garden foundations concept 275 Garden Foundations	A planned growing or learning space associated with garden foundations concept 275.	Advanced Soilless Garden
SV-1107	engineering & decision concept 276 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 276 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1108	investigation & research concept 277 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 277 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1109	investigation & research concept 278 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 278 at the SSS 1-3 level.	Research & Design Garden
SV-1110	garden foundations concept 279 Garden Foundations	A planned growing or learning space associated with garden foundations concept 279.	Integrated Food Systems Laboratory
SV-1111	garden foundations concept 280 Garden Foundations	A planned growing or learning space associated with garden foundations concept 280.	Advanced Production Garden
SV-1112	investigation & research concept 281 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 281 at the SSS 1-3 level.	Crop Trial Garden
SV-1113	measurement & data concept 282 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 282 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1114	garden foundations concept 283 Garden Foundations	A planned growing or learning space associated with garden foundations concept 283.	Irrigation Engineering Garden
SV-1115	investigation & research concept 284 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 284 at the SSS 1-3 level.	Water Productivity Garden
SV-1116	garden foundations concept 285 Garden Foundations	A planned growing or learning space associated with garden foundations concept 285.	Advanced Soilless Garden
SV-1117	garden foundations concept 286 Garden Foundations	A planned growing or learning space associated with garden foundations concept 286.	Sensor & Monitoring Garden
SV-1118	garden foundations concept 287 Garden Foundations	A planned growing or learning space associated with garden foundations concept 287.	Smart Irrigation Demonstrator
SV-1119	measurement & data concept 288 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 288 at the SSS 1-3 level.	Research & Design Garden
SV-1120	measurement & data concept 289 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 289 at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1121	garden foundations concept 290 Garden Foundations	A planned growing or learning space associated with garden foundations concept 290.	Advanced Production Garden
SV-1122	garden foundations concept 291 Garden Foundations	A planned growing or learning space associated with garden foundations concept 291.	Crop Trial Garden
SV-1123	garden foundations concept 292 Garden Foundations	A planned growing or learning space associated with garden foundations concept 292.	Controlled Experiment Garden
SV-1124	measurement & data concept 293 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 293 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1125	plant & production concept 294 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 294 at the SSS 1-3 level.	Water Productivity Garden
SV-1126	garden foundations concept 295 Garden Foundations	A planned growing or learning space associated with garden foundations concept 295.	Advanced Soilless Garden
SV-1127	garden foundations concept 296 Garden Foundations	A planned growing or learning space associated with garden foundations concept 296.	Sensor & Monitoring Garden
SV-1128	investigation & research concept 297 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 297 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1129	garden foundations concept 298 Garden Foundations	A planned growing or learning space associated with garden foundations concept 298.	Research & Design Garden
SV-1130	garden foundations concept 299 Garden Foundations	A planned growing or learning space associated with garden foundations concept 299.	Integrated Food Systems Laboratory
SV-1131	garden foundations concept 300 Garden Foundations	A planned growing or learning space associated with garden foundations concept 300.	Advanced Production Garden
SV-1132	engineering & decision concept 301 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 301 at the SSS 1-3 level.	Crop Trial Garden
SV-1133	garden foundations concept 302 Garden Foundations	A planned growing or learning space associated with garden foundations concept 302.	Controlled Experiment Garden
SV-1134	investigation & research concept 303 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 303 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1135	engineering & decision concept 304 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 304 at the SSS 1-3 level.	Water Productivity Garden
SV-1136	garden foundations concept 305 Garden Foundations	A planned growing or learning space associated with garden foundations concept 305.	Advanced Soilless Garden
SV-1137	garden foundations concept 306 Garden Foundations	A planned growing or learning space associated with garden foundations concept 306.	Sensor & Monitoring Garden
SV-1138	garden foundations concept 307 Garden Foundations	A planned growing or learning space associated with garden foundations concept 307.	Smart Irrigation Demonstrator
SV-1139	garden foundations concept 308 Garden Foundations	A planned growing or learning space associated with garden foundations concept 308.	Research & Design Garden
SV-1140	garden foundations concept 309 Garden Foundations	A planned growing or learning space associated with garden foundations concept 309.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1141	systems thinking concept 310 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 310 at the SSS 1-3 level.	Advanced Production Garden
SV-1142	garden foundations concept 311 Garden Foundations	A planned growing or learning space associated with garden foundations concept 311.	Crop Trial Garden
SV-1143	garden foundations concept 312 Garden Foundations	A planned growing or learning space associated with garden foundations concept 312.	Controlled Experiment Garden
SV-1144	garden foundations concept 313 Garden Foundations	A planned growing or learning space associated with garden foundations concept 313.	Irrigation Engineering Garden
SV-1145	systems thinking concept 314 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 314 at the SSS 1-3 level.	Water Productivity Garden
SV-1146	garden foundations concept 315 Garden Foundations	A planned growing or learning space associated with garden foundations concept 315.	Advanced Soilless Garden
SV-1147	garden foundations concept 316 Garden Foundations	A planned growing or learning space associated with garden foundations concept 316.	Sensor & Monitoring Garden
SV-1148	measurement & data concept 317 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 317 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1149	garden foundations concept 318 Garden Foundations	A planned growing or learning space associated with garden foundations concept 318.	Research & Design Garden
SV-1150	measurement & data concept 319 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 319 at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-1151	measurement & data concept 320 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 320 at the SSS 1-3 level.	Advanced Production Garden
SV-1152	measurement & data concept 321 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 321 at the SSS 1-3 level.	Crop Trial Garden
SV-1153	measurement & data concept 322 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 322 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1154	measurement & data concept 323 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 323 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1155	measurement & data concept 324 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 324 at the SSS 1-3 level.	Water Productivity Garden
SV-1156	garden foundations concept 325 Garden Foundations	A planned growing or learning space associated with garden foundations concept 325.	Advanced Soilless Garden
SV-1157	measurement & data concept 326 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 326 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1158	water & irrigation concept 327 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 327.	Smart Irrigation Demonstrator
SV-1159	water & irrigation concept 328 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 328.	Research & Design Garden
SV-1160	water & irrigation concept 329 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 329.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1161	garden foundations concept 330 Garden Foundations	A planned growing or learning space associated with garden foundations concept 330.	Advanced Production Garden
SV-1162	garden foundations concept 331 Garden Foundations	A planned growing or learning space associated with garden foundations concept 331.	Crop Trial Garden
SV-1163	garden foundations concept 332 Garden Foundations	A planned growing or learning space associated with garden foundations concept 332.	Controlled Experiment Garden
SV-1164	garden foundations concept 333 Garden Foundations	A planned growing or learning space associated with garden foundations concept 333.	Irrigation Engineering Garden
SV-1165	garden foundations concept 334 Garden Foundations	A planned growing or learning space associated with garden foundations concept 334.	Water Productivity Garden
SV-1166	water & irrigation concept 335 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 335.	Advanced Soilless Garden
SV-1167	plant & production concept 336 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 336 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1168	garden foundations concept 337 Garden Foundations	A planned growing or learning space associated with garden foundations concept 337.	Smart Irrigation Demonstrator
SV-1169	water & irrigation concept 338 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 338.	Research & Design Garden
SV-1170	garden foundations concept 339 Garden Foundations	A planned growing or learning space associated with garden foundations concept 339.	Integrated Food Systems Laboratory
SV-1171	garden foundations concept 340 Garden Foundations	A planned growing or learning space associated with garden foundations concept 340.	Advanced Production Garden
SV-1172	garden foundations concept 341 Garden Foundations	A planned growing or learning space associated with garden foundations concept 341.	Crop Trial Garden
SV-1173	water & irrigation concept 342 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 342.	Controlled Experiment Garden
SV-1174	soil / growing medium concept 343 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 343.	Irrigation Engineering Garden
SV-1175	plant & production concept 344 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 344 at the SSS 1-3 level.	Water Productivity Garden
SV-1176	water & irrigation concept 345 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 345.	Advanced Soilless Garden
SV-1177	plant & production concept 346 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 346 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1178	water & irrigation concept 347 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 347.	Smart Irrigation Demonstrator
SV-1179	water & irrigation concept 348 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 348.	Research & Design Garden
SV-1180	water & irrigation concept 349 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 349.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1181	systems thinking concept 350 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 350 at the SSS 1-3 level.	Advanced Production Garden
SV-1182	systems thinking concept 351 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 351 at the SSS 1-3 level.	Crop Trial Garden
SV-1183	systems thinking concept 352 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 352 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1184	garden foundations concept 353 Garden Foundations	A planned growing or learning space associated with garden foundations concept 353.	Irrigation Engineering Garden
SV-1185	garden foundations concept 354 Garden Foundations	A planned growing or learning space associated with garden foundations concept 354.	Water Productivity Garden
SV-1186	garden foundations concept 355 Garden Foundations	A planned growing or learning space associated with garden foundations concept 355.	Advanced Soilless Garden
SV-1187	garden foundations concept 356 Garden Foundations	A planned growing or learning space associated with garden foundations concept 356.	Sensor & Monitoring Garden
SV-1188	systems thinking concept 357 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 357 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1189	engineering & decision concept 358 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 358 at the SSS 1-3 level.	Research & Design Garden
SV-1190	garden foundations concept 359 Garden Foundations	A planned growing or learning space associated with garden foundations concept 359.	Integrated Food Systems Laboratory
SV-1191	garden foundations concept 360 Garden Foundations	A planned growing or learning space associated with garden foundations concept 360.	Advanced Production Garden
SV-1192	engineering & decision concept 361 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 361 at the SSS 1-3 level.	Crop Trial Garden
SV-1193	garden foundations concept 362 Garden Foundations	A planned growing or learning space associated with garden foundations concept 362.	Controlled Experiment Garden
SV-1194	garden foundations concept 363 Garden Foundations	A planned growing or learning space associated with garden foundations concept 363.	Irrigation Engineering Garden
SV-1195	garden foundations concept 364 Garden Foundations	A planned growing or learning space associated with garden foundations concept 364.	Water Productivity Garden
SV-1196	engineering & decision concept 365 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 365 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1197	engineering & decision concept 366 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 366 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1198	soil / growing medium concept 367 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 367.	Smart Irrigation Demonstrator
SV-1199	garden foundations concept 368 Garden Foundations	A planned growing or learning space associated with garden foundations concept 368.	Research & Design Garden
SV-1200	water & irrigation concept 369 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 369.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1201	garden foundations concept 370 Garden Foundations	A planned growing or learning space associated with garden foundations concept 370.	Advanced Production Garden
SV-1202	garden foundations concept 371 Garden Foundations	A planned growing or learning space associated with garden foundations concept 371.	Crop Trial Garden
SV-1203	garden foundations concept 372 Garden Foundations	A planned growing or learning space associated with garden foundations concept 372.	Controlled Experiment Garden
SV-1204	soil / growing medium concept 373 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 373.	Irrigation Engineering Garden
SV-1205	garden foundations concept 374 Garden Foundations	A planned growing or learning space associated with garden foundations concept 374.	Water Productivity Garden
SV-1206	plant & production concept 375 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 375 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1207	plant & production concept 376 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 376 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1208	garden foundations concept 377 Garden Foundations	A planned growing or learning space associated with garden foundations concept 377.	Smart Irrigation Demonstrator
SV-1209	garden foundations concept 378 Garden Foundations	A planned growing or learning space associated with garden foundations concept 378.	Research & Design Garden
SV-1210	garden foundations concept 379 Garden Foundations	A planned growing or learning space associated with garden foundations concept 379.	Integrated Food Systems Laboratory
SV-1211	garden foundations concept 380 Garden Foundations	A planned growing or learning space associated with garden foundations concept 380.	Advanced Production Garden
SV-1212	garden foundations concept 381 Garden Foundations	A planned growing or learning space associated with garden foundations concept 381.	Crop Trial Garden
SV-1213	measurement & data concept 382 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 382 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1214	measurement & data concept 383 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 383 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1215	garden foundations concept 384 Garden Foundations	A planned growing or learning space associated with garden foundations concept 384.	Water Productivity Garden
SV-1216	measurement & data concept 385 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 385 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1217	plant & production concept 386 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 386 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1218	engineering & decision concept 387 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 387 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1219	engineering & decision concept 388 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 388 at the SSS 1-3 level.	Research & Design Garden
SV-1220	engineering & decision concept 389 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 389 at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1221	garden foundations concept 390 Garden Foundations	A planned growing or learning space associated with garden foundations concept 390.	Advanced Production Garden
SV-1222	garden foundations concept 391 Garden Foundations	A planned growing or learning space associated with garden foundations concept 391.	Crop Trial Garden
SV-1223	engineering & decision concept 392 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 392 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1224	engineering & decision concept 393 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 393 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1225	engineering & decision concept 394 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 394 at the SSS 1-3 level.	Water Productivity Garden
SV-1226	engineering & decision concept 395 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 395 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1227	engineering & decision concept 396 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 396 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1228	engineering & decision concept 397 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 397 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1229	garden foundations concept 398 Garden Foundations	A planned growing or learning space associated with garden foundations concept 398.	Research & Design Garden
SV-1230	engineering & decision concept 399 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 399 at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-1231	garden foundations concept 400 Garden Foundations	A planned growing or learning space associated with garden foundations concept 400.	Advanced Production Garden
SV-1232	garden foundations concept 401 Garden Foundations	A planned growing or learning space associated with garden foundations concept 401.	Crop Trial Garden
SV-1233	engineering & decision concept 402 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 402 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1234	garden foundations concept 403 Garden Foundations	A planned growing or learning space associated with garden foundations concept 403.	Irrigation Engineering Garden
SV-1235	plant & production concept 404 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 404 at the SSS 1-3 level.	Water Productivity Garden
SV-1236	water & irrigation concept 405 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 405.	Advanced Soilless Garden
SV-1237	garden foundations concept 406 Garden Foundations	A planned growing or learning space associated with garden foundations concept 406.	Sensor & Monitoring Garden
SV-1238	systems thinking concept 407 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 407 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1239	garden foundations concept 408 Garden Foundations	A planned growing or learning space associated with garden foundations concept 408.	Research & Design Garden
SV-1240	systems thinking concept 409 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 409 at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1241	garden foundations concept 410 Garden Foundations	A planned growing or learning space associated with garden foundations concept 410.	Advanced Production Garden
SV-1242	systems thinking concept 411 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage systems thinking concept 411 at the SSS 1-3 level.	Crop Trial Garden
SV-1243	garden foundations concept 412 Garden Foundations	A planned growing or learning space associated with garden foundations concept 412.	Controlled Experiment Garden
SV-1244	plant & production concept 413 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 413 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1245	garden foundations concept 414 Garden Foundations	A planned growing or learning space associated with garden foundations concept 414.	Water Productivity Garden
SV-1246	garden foundations concept 415 Garden Foundations	A planned growing or learning space associated with garden foundations concept 415.	Advanced Soilless Garden
SV-1247	garden foundations concept 416 Garden Foundations	A planned growing or learning space associated with garden foundations concept 416.	Sensor & Monitoring Garden
SV-1248	garden foundations concept 417 Garden Foundations	A planned growing or learning space associated with garden foundations concept 417.	Smart Irrigation Demonstrator
SV-1249	garden foundations concept 418 Garden Foundations	A planned growing or learning space associated with garden foundations concept 418.	Research & Design Garden
SV-1250	garden foundations concept 419 Garden Foundations	A planned growing or learning space associated with garden foundations concept 419.	Integrated Food Systems Laboratory
SV-1251	garden foundations concept 420 Garden Foundations	A planned growing or learning space associated with garden foundations concept 420.	Advanced Production Garden
SV-1252	garden foundations concept 421 Garden Foundations	A planned growing or learning space associated with garden foundations concept 421.	Crop Trial Garden
SV-1253	garden foundations concept 422 Garden Foundations	A planned growing or learning space associated with garden foundations concept 422.	Controlled Experiment Garden
SV-1254	garden foundations concept 423 Garden Foundations	A planned growing or learning space associated with garden foundations concept 423.	Irrigation Engineering Garden
SV-1255	plant & production concept 424 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 424 at the SSS 1-3 level.	Water Productivity Garden
SV-1256	garden foundations concept 425 Garden Foundations	A planned growing or learning space associated with garden foundations concept 425.	Advanced Soilless Garden
SV-1257	plant & production concept 426 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 426 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1258	plant & production concept 427 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 427 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1259	plant & production concept 428 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 428 at the SSS 1-3 level.	Research & Design Garden
SV-1260	plant & production concept 429 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 429 at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1261	garden foundations concept 430 Garden Foundations	A planned growing or learning space associated with garden foundations concept 430.	Advanced Production Garden
SV-1262	plant & production concept 431 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 431 at the SSS 1-3 level.	Crop Trial Garden
SV-1263	plant & production concept 432 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 432 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1264	plant & production concept 433 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 433 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1265	plant & production concept 434 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 434 at the SSS 1-3 level.	Water Productivity Garden
SV-1266	garden foundations concept 435 Garden Foundations	A planned growing or learning space associated with garden foundations concept 435.	Advanced Soilless Garden
SV-1267	garden foundations concept 436 Garden Foundations	A planned growing or learning space associated with garden foundations concept 436.	Sensor & Monitoring Garden
SV-1268	garden foundations concept 437 Garden Foundations	A planned growing or learning space associated with garden foundations concept 437.	Smart Irrigation Demonstrator
SV-1269	plant & production concept 438 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 438 at the SSS 1-3 level.	Research & Design Garden
SV-1270	plant & production concept 439 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 439 at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-1271	soil / growing medium concept 440 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 440.	Advanced Production Garden
SV-1272	soil / growing medium concept 441 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 441.	Crop Trial Garden
SV-1273	garden foundations concept 442 Garden Foundations	A planned growing or learning space associated with garden foundations concept 442.	Controlled Experiment Garden
SV-1274	garden foundations concept 443 Garden Foundations	A planned growing or learning space associated with garden foundations concept 443.	Irrigation Engineering Garden
SV-1275	garden foundations concept 444 Garden Foundations	A planned growing or learning space associated with garden foundations concept 444.	Water Productivity Garden
SV-1276	garden foundations concept 445 Garden Foundations	A planned growing or learning space associated with garden foundations concept 445.	Advanced Soilless Garden
SV-1277	soil / growing medium concept 446 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 446.	Sensor & Monitoring Garden
SV-1278	garden foundations concept 447 Garden Foundations	A planned growing or learning space associated with garden foundations concept 447.	Smart Irrigation Demonstrator
SV-1279	water & irrigation concept 448 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 448.	Research & Design Garden
SV-1280	water & irrigation concept 449 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 449.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1281	garden foundations concept 450 Garden Foundations	A planned growing or learning space associated with garden foundations concept 450.	Advanced Production Garden
SV-1282	garden foundations concept 451 Garden Foundations	A planned growing or learning space associated with garden foundations concept 451.	Crop Trial Garden
SV-1283	garden foundations concept 452 Garden Foundations	A planned growing or learning space associated with garden foundations concept 452.	Controlled Experiment Garden
SV-1284	water & irrigation concept 453 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 453.	Irrigation Engineering Garden
SV-1285	garden foundations concept 454 Garden Foundations	A planned growing or learning space associated with garden foundations concept 454.	Water Productivity Garden
SV-1286	garden foundations concept 455 Garden Foundations	A planned growing or learning space associated with garden foundations concept 455.	Advanced Soilless Garden
SV-1287	garden foundations concept 456 Garden Foundations	A planned growing or learning space associated with garden foundations concept 456.	Sensor & Monitoring Garden
SV-1288	garden foundations concept 457 Garden Foundations	A planned growing or learning space associated with garden foundations concept 457.	Smart Irrigation Demonstrator
SV-1289	garden foundations concept 458 Garden Foundations	A planned growing or learning space associated with garden foundations concept 458.	Research & Design Garden
SV-1290	garden foundations concept 459 Garden Foundations	A planned growing or learning space associated with garden foundations concept 459.	Integrated Food Systems Laboratory
SV-1291	garden foundations concept 460 Garden Foundations	A planned growing or learning space associated with garden foundations concept 460.	Advanced Production Garden
SV-1292	garden foundations concept 461 Garden Foundations	A planned growing or learning space associated with garden foundations concept 461.	Crop Trial Garden
SV-1293	garden foundations concept 462 Garden Foundations	A planned growing or learning space associated with garden foundations concept 462.	Controlled Experiment Garden
SV-1294	garden foundations concept 463 Garden Foundations	A planned growing or learning space associated with garden foundations concept 463.	Irrigation Engineering Garden
SV-1295	garden foundations concept 464 Garden Foundations	A planned growing or learning space associated with garden foundations concept 464.	Water Productivity Garden
SV-1296	garden foundations concept 465 Garden Foundations	A planned growing or learning space associated with garden foundations concept 465.	Advanced Soilless Garden
SV-1297	garden foundations concept 466 Garden Foundations	A planned growing or learning space associated with garden foundations concept 466.	Sensor & Monitoring Garden
SV-1298	garden foundations concept 467 Garden Foundations	A planned growing or learning space associated with garden foundations concept 467.	Smart Irrigation Demonstrator
SV-1299	garden foundations concept 468 Garden Foundations	A planned growing or learning space associated with garden foundations concept 468.	Research & Design Garden
SV-1300	garden foundations concept 469 Garden Foundations	A planned growing or learning space associated with garden foundations concept 469.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1301	garden foundations concept 470 Garden Foundations	A planned growing or learning space associated with garden foundations concept 470.	Advanced Production Garden
SV-1302	investigation & research concept 471 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 471 at the SSS 1-3 level.	Crop Trial Garden
SV-1303	garden foundations concept 472 Garden Foundations	A planned growing or learning space associated with garden foundations concept 472.	Controlled Experiment Garden
SV-1304	garden foundations concept 473 Garden Foundations	A planned growing or learning space associated with garden foundations concept 473.	Irrigation Engineering Garden
SV-1305	garden foundations concept 474 Garden Foundations	A planned growing or learning space associated with garden foundations concept 474.	Water Productivity Garden
SV-1306	garden foundations concept 475 Garden Foundations	A planned growing or learning space associated with garden foundations concept 475.	Advanced Soilless Garden
SV-1307	garden foundations concept 476 Garden Foundations	A planned growing or learning space associated with garden foundations concept 476.	Sensor & Monitoring Garden
SV-1308	garden foundations concept 477 Garden Foundations	A planned growing or learning space associated with garden foundations concept 477.	Smart Irrigation Demonstrator
SV-1309	garden foundations concept 478 Garden Foundations	A planned growing or learning space associated with garden foundations concept 478.	Research & Design Garden
SV-1310	garden foundations concept 479 Garden Foundations	A planned growing or learning space associated with garden foundations concept 479.	Integrated Food Systems Laboratory
SV-1311	garden foundations concept 480 Garden Foundations	A planned growing or learning space associated with garden foundations concept 480.	Advanced Production Garden
SV-1312	garden foundations concept 481 Garden Foundations	A planned growing or learning space associated with garden foundations concept 481.	Crop Trial Garden
SV-1313	garden foundations concept 482 Garden Foundations	A planned growing or learning space associated with garden foundations concept 482.	Controlled Experiment Garden
SV-1314	garden foundations concept 483 Garden Foundations	A planned growing or learning space associated with garden foundations concept 483.	Irrigation Engineering Garden
SV-1315	garden foundations concept 484 Garden Foundations	A planned growing or learning space associated with garden foundations concept 484.	Water Productivity Garden
SV-1316	garden foundations concept 485 Garden Foundations	A planned growing or learning space associated with garden foundations concept 485.	Advanced Soilless Garden
SV-1317	garden foundations concept 486 Garden Foundations	A planned growing or learning space associated with garden foundations concept 486.	Sensor & Monitoring Garden
SV-1318	garden foundations concept 487 Garden Foundations	A planned growing or learning space associated with garden foundations concept 487.	Smart Irrigation Demonstrator
SV-1319	garden foundations concept 488 Garden Foundations	A planned growing or learning space associated with garden foundations concept 488.	Research & Design Garden
SV-1320	garden foundations concept 489 Garden Foundations	A planned growing or learning space associated with garden foundations concept 489.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1321	plant & production concept 490 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 490 at the SSS 1-3 level.	Advanced Production Garden
SV-1322	plant & production concept 491 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 491 at the SSS 1-3 level.	Crop Trial Garden
SV-1323	garden foundations concept 492 Garden Foundations	A planned growing or learning space associated with garden foundations concept 492.	Controlled Experiment Garden
SV-1324	garden foundations concept 493 Garden Foundations	A planned growing or learning space associated with garden foundations concept 493.	Irrigation Engineering Garden
SV-1325	plant & production concept 494 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 494 at the SSS 1-3 level.	Water Productivity Garden
SV-1326	garden foundations concept 495 Garden Foundations	A planned growing or learning space associated with garden foundations concept 495.	Advanced Soilless Garden
SV-1327	garden foundations concept 496 Garden Foundations	A planned growing or learning space associated with garden foundations concept 496.	Sensor & Monitoring Garden
SV-1328	plant & production concept 497 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 497 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1329	garden foundations concept 498 Garden Foundations	A planned growing or learning space associated with garden foundations concept 498.	Research & Design Garden
SV-1330	plant & production concept 499 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 499 at the SSS 1-3 level.	Integrated Food Systems Laboratory
SV-1331	garden foundations concept 500 Garden Foundations	A planned growing or learning space associated with garden foundations concept 500.	Advanced Production Garden
SV-1332	garden foundations concept 501 Garden Foundations	A planned growing or learning space associated with garden foundations concept 501.	Crop Trial Garden
SV-1333	garden foundations concept 502 Garden Foundations	A planned growing or learning space associated with garden foundations concept 502.	Controlled Experiment Garden
SV-1334	garden foundations concept 503 Garden Foundations	A planned growing or learning space associated with garden foundations concept 503.	Irrigation Engineering Garden
SV-1335	garden foundations concept 504 Garden Foundations	A planned growing or learning space associated with garden foundations concept 504.	Water Productivity Garden
SV-1336	garden foundations concept 505 Garden Foundations	A planned growing or learning space associated with garden foundations concept 505.	Advanced Soilless Garden
SV-1337	plant & production concept 506 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 506 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1338	garden foundations concept 507 Garden Foundations	A planned growing or learning space associated with garden foundations concept 507.	Smart Irrigation Demonstrator
SV-1339	soil / growing medium concept 508 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 508.	Research & Design Garden
SV-1340	soil / growing medium concept 509 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 509.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1341	soil / growing medium concept 510 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 510.	Advanced Production Garden
SV-1342	garden foundations concept 511 Garden Foundations	A planned growing or learning space associated with garden foundations concept 511.	Crop Trial Garden
SV-1343	garden foundations concept 512 Garden Foundations	A planned growing or learning space associated with garden foundations concept 512.	Controlled Experiment Garden
SV-1344	garden foundations concept 513 Garden Foundations	A planned growing or learning space associated with garden foundations concept 513.	Irrigation Engineering Garden
SV-1345	water & irrigation concept 514 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 514.	Water Productivity Garden
SV-1346	garden foundations concept 515 Garden Foundations	A planned growing or learning space associated with garden foundations concept 515.	Advanced Soilless Garden
SV-1347	garden foundations concept 516 Garden Foundations	A planned growing or learning space associated with garden foundations concept 516.	Sensor & Monitoring Garden
SV-1348	garden foundations concept 517 Garden Foundations	A planned growing or learning space associated with garden foundations concept 517.	Smart Irrigation Demonstrator
SV-1349	garden foundations concept 518 Garden Foundations	A planned growing or learning space associated with garden foundations concept 518.	Research & Design Garden
SV-1350	garden foundations concept 519 Garden Foundations	A planned growing or learning space associated with garden foundations concept 519.	Integrated Food Systems Laboratory
SV-1351	garden foundations concept 520 Garden Foundations	A planned growing or learning space associated with garden foundations concept 520.	Advanced Production Garden
SV-1352	garden foundations concept 521 Garden Foundations	A planned growing or learning space associated with garden foundations concept 521.	Crop Trial Garden
SV-1353	garden foundations concept 522 Garden Foundations	A planned growing or learning space associated with garden foundations concept 522.	Controlled Experiment Garden
SV-1354	garden foundations concept 523 Garden Foundations	A planned growing or learning space associated with garden foundations concept 523.	Irrigation Engineering Garden
SV-1355	garden foundations concept 524 Garden Foundations	A planned growing or learning space associated with garden foundations concept 524.	Water Productivity Garden
SV-1356	garden foundations concept 525 Garden Foundations	A planned growing or learning space associated with garden foundations concept 525.	Advanced Soilless Garden
SV-1357	garden foundations concept 526 Garden Foundations	A planned growing or learning space associated with garden foundations concept 526.	Sensor & Monitoring Garden
SV-1358	investigation & research concept 527 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 527 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1359	investigation & research concept 528 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 528 at the SSS 1-3 level.	Research & Design Garden
SV-1360	investigation & research concept 529 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 529 at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1361	investigation & research concept 530 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 530 at the SSS 1-3 level.	Advanced Production Garden
SV-1362	investigation & research concept 531 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 531 at the SSS 1-3 level.	Crop Trial Garden
SV-1363	garden foundations concept 532 Garden Foundations	A planned growing or learning space associated with garden foundations concept 532.	Controlled Experiment Garden
SV-1364	engineering & decision concept 533 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 533 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1365	investigation & research concept 534 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 534 at the SSS 1-3 level.	Water Productivity Garden
SV-1366	investigation & research concept 535 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 535 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1367	garden foundations concept 536 Garden Foundations	A planned growing or learning space associated with garden foundations concept 536.	Sensor & Monitoring Garden
SV-1368	garden foundations concept 537 Garden Foundations	A planned growing or learning space associated with garden foundations concept 537.	Smart Irrigation Demonstrator
SV-1369	garden foundations concept 538 Garden Foundations	A planned growing or learning space associated with garden foundations concept 538.	Research & Design Garden
SV-1370	garden foundations concept 539 Garden Foundations	A planned growing or learning space associated with garden foundations concept 539.	Integrated Food Systems Laboratory
SV-1371	garden foundations concept 540 Garden Foundations	A planned growing or learning space associated with garden foundations concept 540.	Advanced Production Garden
SV-1372	garden foundations concept 541 Garden Foundations	A planned growing or learning space associated with garden foundations concept 541.	Crop Trial Garden
SV-1373	plant & production concept 542 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 542 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1374	garden foundations concept 543 Garden Foundations	A planned growing or learning space associated with garden foundations concept 543.	Irrigation Engineering Garden
SV-1375	garden foundations concept 544 Garden Foundations	A planned growing or learning space associated with garden foundations concept 544.	Water Productivity Garden
SV-1376	garden foundations concept 545 Garden Foundations	A planned growing or learning space associated with garden foundations concept 545.	Advanced Soilless Garden
SV-1377	water & irrigation concept 546 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 546.	Sensor & Monitoring Garden
SV-1378	garden foundations concept 547 Garden Foundations	A planned growing or learning space associated with garden foundations concept 547.	Smart Irrigation Demonstrator
SV-1379	water & irrigation concept 548 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 548.	Research & Design Garden
SV-1380	water & irrigation concept 549 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 549.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1381	garden foundations concept 550 Garden Foundations	A planned growing or learning space associated with garden foundations concept 550.	Advanced Production Garden
SV-1382	garden foundations concept 551 Garden Foundations	A planned growing or learning space associated with garden foundations concept 551.	Crop Trial Garden
SV-1383	water & irrigation concept 552 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 552.	Controlled Experiment Garden
SV-1384	garden foundations concept 553 Garden Foundations	A planned growing or learning space associated with garden foundations concept 553.	Irrigation Engineering Garden
SV-1385	water & irrigation concept 554 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 554.	Water Productivity Garden
SV-1386	plant & production concept 555 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 555 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1387	soil / growing medium concept 556 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 556.	Sensor & Monitoring Garden
SV-1388	soil / growing medium concept 557 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 557.	Smart Irrigation Demonstrator
SV-1389	soil / growing medium concept 558 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 558.	Research & Design Garden
SV-1390	garden foundations concept 559 Garden Foundations	A planned growing or learning space associated with garden foundations concept 559.	Integrated Food Systems Laboratory
SV-1391	garden foundations concept 560 Garden Foundations	A planned growing or learning space associated with garden foundations concept 560.	Advanced Production Garden
SV-1392	garden foundations concept 561 Garden Foundations	A planned growing or learning space associated with garden foundations concept 561.	Crop Trial Garden
SV-1393	garden foundations concept 562 Garden Foundations	A planned growing or learning space associated with garden foundations concept 562.	Controlled Experiment Garden
SV-1394	garden foundations concept 563 Garden Foundations	A planned growing or learning space associated with garden foundations concept 563.	Irrigation Engineering Garden
SV-1395	soil / growing medium concept 564 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 564.	Water Productivity Garden
SV-1396	soil / growing medium concept 565 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 565.	Advanced Soilless Garden
SV-1397	garden foundations concept 566 Garden Foundations	A planned growing or learning space associated with garden foundations concept 566.	Sensor & Monitoring Garden
SV-1398	garden foundations concept 567 Garden Foundations	A planned growing or learning space associated with garden foundations concept 567.	Smart Irrigation Demonstrator
SV-1399	garden foundations concept 568 Garden Foundations	A planned growing or learning space associated with garden foundations concept 568.	Research & Design Garden
SV-1400	water & irrigation concept 569 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 569.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1401	garden foundations concept 570 Garden Foundations	A planned growing or learning space associated with garden foundations concept 570.	Advanced Production Garden
SV-1402	garden foundations concept 571 Garden Foundations	A planned growing or learning space associated with garden foundations concept 571.	Crop Trial Garden
SV-1403	garden foundations concept 572 Garden Foundations	A planned growing or learning space associated with garden foundations concept 572.	Controlled Experiment Garden
SV-1404	garden foundations concept 573 Garden Foundations	A planned growing or learning space associated with garden foundations concept 573.	Irrigation Engineering Garden
SV-1405	plant & production concept 574 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 574 at the SSS 1-3 level.	Water Productivity Garden
SV-1406	plant & production concept 575 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 575 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1407	garden foundations concept 576 Garden Foundations	A planned growing or learning space associated with garden foundations concept 576.	Sensor & Monitoring Garden
SV-1408	plant & production concept 577 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 577 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1409	garden foundations concept 578 Garden Foundations	A planned growing or learning space associated with garden foundations concept 578.	Research & Design Garden
SV-1410	garden foundations concept 579 Garden Foundations	A planned growing or learning space associated with garden foundations concept 579.	Integrated Food Systems Laboratory
SV-1411	garden foundations concept 580 Garden Foundations	A planned growing or learning space associated with garden foundations concept 580.	Advanced Production Garden
SV-1412	garden foundations concept 581 Garden Foundations	A planned growing or learning space associated with garden foundations concept 581.	Crop Trial Garden
SV-1413	soil / growing medium concept 582 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 582.	Controlled Experiment Garden
SV-1414	garden foundations concept 583 Garden Foundations	A planned growing or learning space associated with garden foundations concept 583.	Irrigation Engineering Garden
SV-1415	garden foundations concept 584 Garden Foundations	A planned growing or learning space associated with garden foundations concept 584.	Water Productivity Garden
SV-1416	garden foundations concept 585 Garden Foundations	A planned growing or learning space associated with garden foundations concept 585.	Advanced Soilless Garden
SV-1417	garden foundations concept 586 Garden Foundations	A planned growing or learning space associated with garden foundations concept 586.	Sensor & Monitoring Garden
SV-1418	garden foundations concept 587 Garden Foundations	A planned growing or learning space associated with garden foundations concept 587.	Smart Irrigation Demonstrator
SV-1419	measurement & data concept 588 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 588 at the SSS 1-3 level.	Research & Design Garden
SV-1420	measurement & data concept 589 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 589 at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1421	garden foundations concept 590 Garden Foundations	A planned growing or learning space associated with garden foundations concept 590.	Advanced Production Garden
SV-1422	garden foundations concept 591 Garden Foundations	A planned growing or learning space associated with garden foundations concept 591.	Crop Trial Garden
SV-1423	garden foundations concept 592 Garden Foundations	A planned growing or learning space associated with garden foundations concept 592.	Controlled Experiment Garden
SV-1424	garden foundations concept 593 Garden Foundations	A planned growing or learning space associated with garden foundations concept 593.	Irrigation Engineering Garden
SV-1425	investigation & research concept 594 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 594 at the SSS 1-3 level.	Water Productivity Garden
SV-1426	investigation & research concept 595 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 595 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1427	garden foundations concept 596 Garden Foundations	A planned growing or learning space associated with garden foundations concept 596.	Sensor & Monitoring Garden
SV-1428	investigation & research concept 597 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 597 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1429	investigation & research concept 598 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 598 at the SSS 1-3 level.	Research & Design Garden
SV-1430	garden foundations concept 599 Garden Foundations	A planned growing or learning space associated with garden foundations concept 599.	Integrated Food Systems Laboratory
SV-1431	garden foundations concept 600 Garden Foundations	A planned growing or learning space associated with garden foundations concept 600.	Advanced Production Garden
SV-1432	investigation & research concept 601 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 601 at the SSS 1-3 level.	Crop Trial Garden
SV-1433	investigation & research concept 602 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 602 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1434	investigation & research concept 603 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 603 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1435	garden foundations concept 604 Garden Foundations	A planned growing or learning space associated with garden foundations concept 604.	Water Productivity Garden
SV-1436	garden foundations concept 605 Garden Foundations	A planned growing or learning space associated with garden foundations concept 605.	Advanced Soilless Garden
SV-1437	garden foundations concept 606 Garden Foundations	A planned growing or learning space associated with garden foundations concept 606.	Sensor & Monitoring Garden
SV-1438	investigation & research concept 607 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage investigation & research concept 607 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1439	measurement & data concept 608 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 608 at the SSS 1-3 level.	Research & Design Garden
SV-1440	measurement & data concept 609 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 609 at the SSS 1-3 level.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1441	measurement & data concept 610 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 610 at the SSS 1-3 level.	Advanced Production Garden
SV-1442	measurement & data concept 611 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 611 at the SSS 1-3 level.	Crop Trial Garden
SV-1443	garden foundations concept 612 Garden Foundations	A planned growing or learning space associated with garden foundations concept 612.	Controlled Experiment Garden
SV-1444	garden foundations concept 613 Garden Foundations	A planned growing or learning space associated with garden foundations concept 613.	Irrigation Engineering Garden
SV-1445	garden foundations concept 614 Garden Foundations	A planned growing or learning space associated with garden foundations concept 614.	Water Productivity Garden
SV-1446	garden foundations concept 615 Garden Foundations	A planned growing or learning space associated with garden foundations concept 615.	Advanced Soilless Garden
SV-1447	garden foundations concept 616 Garden Foundations	A planned growing or learning space associated with garden foundations concept 616.	Sensor & Monitoring Garden
SV-1448	garden foundations concept 617 Garden Foundations	A planned growing or learning space associated with garden foundations concept 617.	Smart Irrigation Demonstrator
SV-1449	garden foundations concept 618 Garden Foundations	A planned growing or learning space associated with garden foundations concept 618.	Research & Design Garden
SV-1450	garden foundations concept 619 Garden Foundations	A planned growing or learning space associated with garden foundations concept 619.	Integrated Food Systems Laboratory
SV-1451	garden foundations concept 620 Garden Foundations	A planned growing or learning space associated with garden foundations concept 620.	Advanced Production Garden
SV-1452	garden foundations concept 621 Garden Foundations	A planned growing or learning space associated with garden foundations concept 621.	Crop Trial Garden
SV-1453	garden foundations concept 622 Garden Foundations	A planned growing or learning space associated with garden foundations concept 622.	Controlled Experiment Garden
SV-1454	garden foundations concept 623 Garden Foundations	A planned growing or learning space associated with garden foundations concept 623.	Irrigation Engineering Garden
SV-1455	measurement & data concept 624 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 624 at the SSS 1-3 level.	Water Productivity Garden
SV-1456	measurement & data concept 625 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 625 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1457	measurement & data concept 626 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 626 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1458	garden foundations concept 627 Garden Foundations	A planned growing or learning space associated with garden foundations concept 627.	Smart Irrigation Demonstrator
SV-1459	garden foundations concept 628 Garden Foundations	A planned growing or learning space associated with garden foundations concept 628.	Research & Design Garden
SV-1460	garden foundations concept 629 Garden Foundations	A planned growing or learning space associated with garden foundations concept 629.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1461	measurement & data concept 630 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 630 at the SSS 1-3 level.	Advanced Production Garden
SV-1462	garden foundations concept 631 Garden Foundations	A planned growing or learning space associated with garden foundations concept 631.	Crop Trial Garden
SV-1463	measurement & data concept 632 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 632 at the SSS 1-3 level.	Controlled Experiment Garden
SV-1464	measurement & data concept 633 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 633 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1465	measurement & data concept 634 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 634 at the SSS 1-3 level.	Water Productivity Garden
SV-1466	soil / growing medium concept 635 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 635.	Advanced Soilless Garden
SV-1467	measurement & data concept 636 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 636 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1468	water & irrigation concept 637 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 637.	Smart Irrigation Demonstrator
SV-1469	water & irrigation concept 638 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 638.	Research & Design Garden
SV-1470	garden foundations concept 639 Garden Foundations	A planned growing or learning space associated with garden foundations concept 639.	Integrated Food Systems Laboratory
SV-1471	garden foundations concept 640 Garden Foundations	A planned growing or learning space associated with garden foundations concept 640.	Advanced Production Garden
SV-1472	garden foundations concept 641 Garden Foundations	A planned growing or learning space associated with garden foundations concept 641.	Crop Trial Garden
SV-1473	garden foundations concept 642 Garden Foundations	A planned growing or learning space associated with garden foundations concept 642.	Controlled Experiment Garden
SV-1474	measurement & data concept 643 Measurement & Data	A GrowMeal concept used to observe, describe, measure, analyze or manage measurement & data concept 643 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1475	engineering & decision concept 644 Garden Foundations	A GrowMeal concept used to observe, describe, measure, analyze or manage engineering & decision concept 644 at the SSS 1-3 level.	Water Productivity Garden
SV-1476	plant & production concept 645 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 645 at the SSS 1-3 level.	Advanced Soilless Garden
SV-1477	plant & production concept 646 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 646 at the SSS 1-3 level.	Sensor & Monitoring Garden
SV-1478	plant & production concept 647 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 647 at the SSS 1-3 level.	Smart Irrigation Demonstrator
SV-1479	garden foundations concept 648 Garden Foundations	A planned growing or learning space associated with garden foundations concept 648.	Research & Design Garden
SV-1480	garden foundations concept 649 Garden Foundations	A planned growing or learning space associated with garden foundations concept 649.	Integrated Food Systems Laboratory

ID	Term / Concept	Meaning	Garden link
SV-1481	garden foundations concept 650 Garden Foundations	A planned growing or learning space associated with garden foundations concept 650.	Advanced Production Garden
SV-1482	plant & production concept 651 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 651 at the SSS 1-3 level.	Crop Trial Garden
SV-1483	garden foundations concept 652 Garden Foundations	A planned growing or learning space associated with garden foundations concept 652.	Controlled Experiment Garden
SV-1484	garden foundations concept 653 Garden Foundations	A planned growing or learning space associated with garden foundations concept 653.	Irrigation Engineering Garden
SV-1485	water & irrigation concept 654 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 654.	Water Productivity Garden
SV-1486	garden foundations concept 655 Garden Foundations	A planned growing or learning space associated with garden foundations concept 655.	Advanced Soilless Garden
SV-1487	garden foundations concept 656 Garden Foundations	A planned growing or learning space associated with garden foundations concept 656.	Sensor & Monitoring Garden
SV-1488	garden foundations concept 657 Garden Foundations	A planned growing or learning space associated with garden foundations concept 657.	Smart Irrigation Demonstrator
SV-1489	water & irrigation concept 658 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 658.	Research & Design Garden
SV-1490	soil / growing medium concept 659 Soil / Growing Medium	A soil-related property, process or management concept: soil / growing medium concept 659.	Integrated Food Systems Laboratory
SV-1491	plant & production concept 660 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 660 at the SSS 1-3 level.	Advanced Production Garden
SV-1492	water & irrigation concept 661 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 661.	Crop Trial Garden
SV-1493	water & irrigation concept 662 Water & Irrigation	A concept used to describe, measure or manage water within the growing system: water & irrigation concept 662.	Controlled Experiment Garden
SV-1494	plant & production concept 663 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 663 at the SSS 1-3 level.	Irrigation Engineering Garden
SV-1495	plant & production concept 664 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 664 at the SSS 1-3 level.	Water Productivity Garden
SV-1496	garden foundations concept 665 Garden Foundations	A planned growing or learning space associated with garden foundations concept 665.	Advanced Soilless Garden
SV-1497	garden foundations concept 666 Garden Foundations	A planned growing or learning space associated with garden foundations concept 666.	Sensor & Monitoring Garden
SV-1498	garden foundations concept 667 Garden Foundations	A planned growing or learning space associated with garden foundations concept 667.	Smart Irrigation Demonstrator
SV-1499	plant & production concept 668 Plant & Production	A GrowMeal concept used to observe, describe, measure, analyze or manage plant & production concept 668 at the SSS 1-3 level.	Research & Design Garden
SV-1500	garden foundations concept 669 Garden Foundations	A planned growing or learning space associated with garden foundations concept 669.	Integrated Food Systems Laboratory
