Nursery ASSESSMENT & QUIZ SYSTEM

TEACHER MARKING & MODERATION GUIDE

Purpose: assess knowledge, practical competence, investigation/data skills, and mission-based problem solving without reducing garden learning to recall alone.

Domain	Weight	Primary evidence
Knowledge	30%	Oral/written response, concept explanation
Practical competence	30%	Demonstration, technique, safety, record quality
Investigation/Data	20%	Measurement, table/graph, calculation, interpretation
Mission problem solving	20%	Diagnosis, design, recommendation, evidence-based decision

Performance rubric for open/practical items

Score	Descriptor
3 - Secure	Completes the task safely and independently for the age level; observation is correct and clearly communicated.
2 - Developing	Completes most of the task with a small prompt; evidence is mostly correct.
1 - Emerging	Needs substantial teacher support; partial evidence is shown.
0 - Not demonstrated	Task was not completed or no assessable evidence was produced.

Moderation rule: award credit for scientifically or practically valid alternatives when they satisfy the task. Do not award marks for unsupported claims. For Nursery, use oral responses and observed performance where writing is not developmentally appropriate.

LEVEL MODERATION & REPORTING

Recommended reporting: maintain the four domain scores separately as well as a weighted total. A student may have a strong overall total but still need targeted support in practical technique, data interpretation or problem solving.

Suggested achievement bands: 85-100 Advanced; 70-84 Secure; 55-69 Developing; 40-54 Emerging; below 40 Requires targeted support. Schools may adjust bands to their approved assessment policy.
