

Primary 1-3

12-WEEK TEACHER LESSON PLAN

OBSERVE -> MEASURE -> COMPARE -> RECORD -> EXPLAIN

Structure	Weeks 1-10: one GrowMeal garden per week. Week 11: synthesis, remediation and portfolio. Week 12: celebration, demonstration and level completion.
Integrated resources	Vocabulary -> Flashcards -> Teacher Demonstration -> Practical Activity -> Journal -> Garden Mission -> Ingredient Lab/Farm-to-Food/Food Smart -> Assessment -> Passport.
Teacher preparation	Inspect the garden/site, choose exact cards/activities, prepare materials and DIY substitutes, review safety, assign learner groups and pre-check instruments.
Evidence rule	Every week should leave visible evidence: oral/drawn evidence at Nursery; records and measurements in Primary; increasingly traceable data, analysis and decisions at JSS/SSS.
Safety	School safeguarding, food-safety and tool-use rules take priority. No tasting is required. Teachers control knives, heat, chemicals, powered equipment and other higher-risk tools.

WEEK 01 - Alphabet Food Garden

Learning objective	Observe the Alphabet Food Garden, make a simple measurement or comparison, record evidence and explain one finding.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Flashcards for Alphabet Food Garden; TD-101 to TD-110; PA-101 to PA-110; GM-101 to GM-110; AQ-101 to AQ-110.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Select one IL-101–IL-110, FF-101–FF-110, or FSC-101–FSC-110 activity where it fits the week's garden evidence.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Use observation plus AQ-101–AQ-110; record practical, data/investigation and mission problem-solving evidence in the Food Smart Passport.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 02 - Number Food Garden

Learning objective	Observe the Number Food Garden, make a simple measurement or comparison, record evidence and explain one finding.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Flashcards for Number Food Garden; TD-111 to TD-120; PA-111 to PA-120; GM-111 to GM-120; AQ-111 to AQ-120.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Select one IL-111–IL-120, FF-111–FF-120, or FSC-111–FSC-120 activity where it fits the week's garden evidence.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Use observation plus AQ-111–AQ-120; record practical, data/investigation and mission problem-solving evidence in the Food Smart Passport.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 03 - Geometry Garden

Learning objective	Observe the Geometry Garden, make a simple measurement or comparison, record evidence and explain one finding.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Flashcards for Geometry Garden; TD-121 to TD-130; PA-121 to PA-130; GM-121 to GM-130; AQ-121 to AQ-130.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Select one IL-121–IL-130, FF-121–FF-130, or FSC-121–FSC-130 activity where it fits the week's garden evidence.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Use observation plus AQ-121–AQ-130; record practical, data/investigation and mission problem-solving evidence in the Food Smart Passport.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 04 - Leaf Garden

Learning objective	Observe the Leaf Garden, make a simple measurement or comparison, record evidence and explain one finding.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Flashcards for Leaf Garden; TD-131 to TD-140; PA-131 to PA-140; GM-131 to GM-140; AQ-131 to AQ-140.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Select one IL-131–IL-140, FF-131–FF-140, or FSC-131–FSC-140 activity where it fits the week's garden evidence.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Use observation plus AQ-131–AQ-140; record practical, data/investigation and mission problem-solving evidence in the Food Smart Passport.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 05 - Pollinator Garden

Learning objective	Observe the Pollinator Garden, make a simple measurement or comparison, record evidence and explain one finding.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Flashcards for Pollinator Garden; TD-141 to TD-150; PA-141 to PA-150; GM-141 to GM-150; AQ-141 to AQ-150.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Select one IL-141–IL-150, FF-141–FF-150, or FSC-141–FSC-150 activity where it fits the week's garden evidence.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Use observation plus AQ-141–AQ-150; record practical, data/investigation and mission problem-solving evidence in the Food Smart Passport.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 06 - Raised Food Garden

Learning objective	Observe the Raised Food Garden, make a simple measurement or comparison, record evidence and explain one finding.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Flashcards for Raised Food Garden; TD-151 to TD-160; PA-151 to PA-160; GM-151 to GM-160; AQ-151 to AQ-160.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Select one IL-151–IL-160, FF-151–FF-160, or FSC-151–FSC-160 activity where it fits the week's garden evidence.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Use observation plus AQ-151–AQ-160; record practical, data/investigation and mission problem-solving evidence in the Food Smart Passport.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 07 - ReBottle Wall Garden

Learning objective	Observe the ReBottle Wall Garden, make a simple measurement or comparison, record evidence and explain one finding.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Flashcards for ReBottle Wall Garden; TD-161 to TD-170; PA-161 to PA-170; GM-161 to GM-170; AQ-161 to AQ-170.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Select one IL-161–IL-170, FF-161–FF-170, or FSC-161–FSC-170 activity where it fits the week's garden evidence.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Use observation plus AQ-161–AQ-170; record practical, data/investigation and mission problem-solving evidence in the Food Smart Passport.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 08 - Sack GrowBag Garden

Learning objective	Observe the Sack GrowBag Garden, make a simple measurement or comparison, record evidence and explain one finding.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Flashcards for Sack GrowBag Garden; TD-171 to TD-180; PA-171 to PA-180; GM-171 to GM-180; AQ-171 to AQ-180.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Select one IL-171–IL-180, FF-171–FF-180, or FSC-171–FSC-180 activity where it fits the week's garden evidence.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Use observation plus AQ-171–AQ-180; record practical, data/investigation and mission problem-solving evidence in the Food Smart Passport.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 09 - Ground Production Garden

Learning objective	Observe the Ground Production Garden, make a simple measurement or comparison, record evidence and explain one finding.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Flashcards for Ground Production Garden; TD-181 to TD-190; PA-181 to PA-190; GM-181 to GM-190; AQ-181 to AQ-190.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Select one IL-181–IL-190, FF-181–FF-190, or FSC-181–FSC-190 activity where it fits the week's garden evidence.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Use observation plus AQ-181–AQ-190; record practical, data/investigation and mission problem-solving evidence in the Food Smart Passport.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 10 - Discovery Production Garden

Learning objective	Observe the Discovery Production Garden, make a simple measurement or comparison, record evidence and explain one finding.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Flashcards for Discovery Production Garden; TD-191 to TD-200; PA-191 to PA-200; GM-191 to GM-200; AQ-191 to AQ-200.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Select one IL-191–IL-200, FF-191–FF-200, or FSC-191–FSC-200 activity where it fits the week's garden evidence.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Use observation plus AQ-191–AQ-200; record practical, data/investigation and mission problem-solving evidence in the Food Smart Passport.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 11 - Synthesis & Portfolio

Learning objective	Synthesize evidence from the ten gardens, revisit weak competencies, complete unfinished missions, and prepare a portfolio of the learner's strongest evidence.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Student Journal; Food Smart Passport; selected Practical Cards, Garden Missions, Ingredient Lab, Farm-to-Food and Food Smart Challenge evidence from Weeks 1-10.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Learners choose evidence that shows growth in knowledge, practical competence, investigation/data skills and mission-based problem solving.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Teacher moderation: review journal, passport, assessment results and practical evidence; reteach or reassess competencies not yet secure.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?

WEEK 12 - GrowMeal Celebration & Demonstration

Learning objective	Celebrate learning through a safe GrowMeal showcase in which learners communicate what they grew, observed, measured, investigated and solved.
Vocabulary	8-12 garden and measurement words; require learners to use selected terms in their journal.
Resources	Food Smart Passport; learner portfolio; garden displays; selected charts/models; certificates or school-approved recognition materials.
Materials / DIY	Cardboard rulers/labels, reused clean measuring containers, string lines, tally sheets and locally available garden materials.
Suggested lesson flow	Question/vocabulary (10 min) -> demonstration (10 min) -> practical investigation (25 min) -> journal record (15 min) -> mission/reflection (10 min).
Journal / evidence	Learners record the age-appropriate observation, drawing, measurement, data table, graph, analysis, reflection or design evidence generated this week.
Integrated extension	Garden walk, learner demonstrations, evidence exhibition, Farm-to-Food/Ingredient Lab displays and age-appropriate challenge presentations.
Questions to ask	What did you observe? What did you measure? Which result is greater/smaller? What evidence supports your explanation?
Assessment	Final teacher verification, learner reflection, level-completion record and next-level learning goals.
AgriShine task	End with one real garden-care, improvement, communication or problem-solving action that leaves the learning environment better documented or better managed.

Teacher weekly review: What was achieved? Who needs support? What materials/garden maintenance are needed before the next lesson?
