

LIFEWS AgriShine(TM) GrowMeal(TM)

Primary 1-3 ASSESSMENT & QUIZ SYSTEM

STUDENT ASSESSMENT BOOKLET

This booklet assesses four dimensions: knowledge, practical competence, investigation/data skills, and mission-based problem solving.

Knowledge	25%
Practical competence	30%
Investigation/Data	25%
Mission problem solving	20%

Name: _____ Class: _____

School: _____ Term/Date: _____

SECTION A - KNOWLEDGE

AQ-101 What is one important idea in crop names and garden vocabulary?

AQ-102 Which tool or method could help you study the crop label?

AQ-103 Why should measurements or counts be written down?

SECTION B - PRACTICAL COMPETENCE

Task	Student evidence	Score
AQ-104: Demonstrate how to observe or measure the crop label safely.		/3
AQ-105: Make a clear record showing word record.		/3

SECTION C - INVESTIGATION / DATA SKILLS

AQ-106 Collect two observations or measurements and compare them.

AQ-107 Make a tally, table, picture graph or labeled drawing from your evidence.

SECTION D - MISSION-BASED PROBLEM SOLVING

AQ-108 A classmate gets a different result. Give one reasonable reason the results may differ.

AQ-109 Recommend one safe garden-care improvement using your evidence.

AQ-110 Write one new question that could be tested in the Alphabet Food Garden.

Student reflection: What evidence from this assessment are you most confident about?

SECTION A - KNOWLEDGE

AQ-111 What is one important idea in counts, heights and simple totals?

AQ-112 Which tool or method could help you study the plant sample?

AQ-113 Why should measurements or counts be written down?

SECTION B - PRACTICAL COMPETENCE

Task	Student evidence	Score
AQ-114: Demonstrate how to observe or measure the plant sample safely.		/3
AQ-115: Make a clear record showing number record.		/3

SECTION C - INVESTIGATION / DATA SKILLS

AQ-116 Collect two observations or measurements and compare them.

AQ-117 Make a tally, table, picture graph or labeled drawing from your evidence.

SECTION D - MISSION-BASED PROBLEM SOLVING

AQ-118 A classmate gets a different result. Give one reasonable reason the results may differ.

AQ-119 Recommend one safe garden-care improvement using your evidence.

AQ-120 Write one new question that could be tested in the Number Food Garden.

Student reflection: What evidence from this assessment are you most confident about?

SECTION A - KNOWLEDGE

AQ-121 What is one important idea in shapes, sides and garden spaces?

AQ-122 Which tool or method could help you study the garden bed or path?

AQ-123 Why should measurements or counts be written down?

SECTION B - PRACTICAL COMPETENCE

Task	Student evidence	Score
AQ-124: Demonstrate how to observe or measure the garden bed or path safely.		/3
AQ-125: Make a clear record showing shape or length.		/3

SECTION C - INVESTIGATION / DATA SKILLS

AQ-126 Collect two observations or measurements and compare them.

AQ-127 Make a tally, table, picture graph or labeled drawing from your evidence.

SECTION D - MISSION-BASED PROBLEM SOLVING

AQ-128 A classmate gets a different result. Give one reasonable reason the results may differ.

AQ-129 Recommend one safe garden-care improvement using your evidence.

AQ-130 Write one new question that could be tested in the Geometry Garden.

Student reflection: What evidence from this assessment are you most confident about?

SECTION A - KNOWLEDGE

AQ-131 What is one important idea in leaf shape, size, color and texture?

AQ-132 Which tool or method could help you study the safe leaf?

AQ-133 Why should measurements or counts be written down?

SECTION B - PRACTICAL COMPETENCE

Task	Student evidence	Score
AQ-134: Demonstrate how to observe or measure the safe leaf safely.		/3
AQ-135: Make a clear record showing leaf observation.		/3

SECTION C - INVESTIGATION / DATA SKILLS

AQ-136 Collect two observations or measurements and compare them.

AQ-137 Make a tally, table, picture graph or labeled drawing from your evidence.

SECTION D - MISSION-BASED PROBLEM SOLVING

AQ-138 A classmate gets a different result. Give one reasonable reason the results may differ.

AQ-139 Recommend one safe garden-care improvement using your evidence.

AQ-140 Write one new question that could be tested in the Leaf Garden.

Student reflection: What evidence from this assessment are you most confident about?

SECTION A - KNOWLEDGE

AQ-141 What is one important idea in flower abundance and pollinator activity?

AQ-142 Which tool or method could help you study the flower patch?

AQ-143 Why should measurements or counts be written down?

SECTION B - PRACTICAL COMPETENCE

Task	Student evidence	Score
AQ-144: Demonstrate how to observe or measure the flower patch safely.		/3
AQ-145: Make a clear record showing visitor tally.		/3

SECTION C - INVESTIGATION / DATA SKILLS

AQ-146 Collect two observations or measurements and compare them.

AQ-147 Make a tally, table, picture graph or labeled drawing from your evidence.

SECTION D - MISSION-BASED PROBLEM SOLVING

AQ-148 A classmate gets a different result. Give one reasonable reason the results may differ.

AQ-149 Recommend one safe garden-care improvement using your evidence.

AQ-150 Write one new question that could be tested in the Pollinator Garden.

Student reflection: What evidence from this assessment are you most confident about?

SECTION A - KNOWLEDGE

AQ-151 What is one important idea in raised-bed crop growth and spacing?

AQ-152 Which tool or method could help you study the raised bed?

AQ-153 Why should measurements or counts be written down?

SECTION B - PRACTICAL COMPETENCE

Task	Student evidence	Score
AQ-154: Demonstrate how to observe or measure the raised bed safely.		/3
AQ-155: Make a clear record showing measurement.		/3

SECTION C - INVESTIGATION / DATA SKILLS

AQ-156 Collect two observations or measurements and compare them.

AQ-157 Make a tally, table, picture graph or labeled drawing from your evidence.

SECTION D - MISSION-BASED PROBLEM SOLVING

AQ-158 A classmate gets a different result. Give one reasonable reason the results may differ.

AQ-159 Recommend one safe garden-care improvement using your evidence.

AQ-160 Write one new question that could be tested in the Raised Food Garden.

Student reflection: What evidence from this assessment are you most confident about?

SECTION A - KNOWLEDGE

AQ-161 What is one important idea in vertical reused-container production?

AQ-162 Which tool or method could help you study the wall planter?

AQ-163 Why should measurements or counts be written down?

SECTION B - PRACTICAL COMPETENCE

Task	Student evidence	Score
AQ-164: Demonstrate how to observe or measure the wall planter safely.		/3
AQ-165: Make a clear record showing level comparison.		/3

SECTION C - INVESTIGATION / DATA SKILLS

AQ-166 Collect two observations or measurements and compare them.

AQ-167 Make a tally, table, picture graph or labeled drawing from your evidence.

SECTION D - MISSION-BASED PROBLEM SOLVING

AQ-168 A classmate gets a different result. Give one reasonable reason the results may differ.

AQ-169 Recommend one safe garden-care improvement using your evidence.

AQ-170 Write one new question that could be tested in the ReBottle Wall Garden.

Student reflection: What evidence from this assessment are you most confident about?

SECTION A - KNOWLEDGE

AQ-171 What is one important idea in growbag production?

AQ-172 Which tool or method could help you study the growbag?

AQ-173 Why should measurements or counts be written down?

SECTION B - PRACTICAL COMPETENCE

Task	Student evidence	Score
AQ-174: Demonstrate how to observe or measure the growbag safely.		/3
AQ-175: Make a clear record showing growbag record.		/3

SECTION C - INVESTIGATION / DATA SKILLS

AQ-176 Collect two observations or measurements and compare them.

AQ-177 Make a tally, table, picture graph or labeled drawing from your evidence.

SECTION D - MISSION-BASED PROBLEM SOLVING

AQ-178 A classmate gets a different result. Give one reasonable reason the results may differ.

AQ-179 Recommend one safe garden-care improvement using your evidence.

AQ-180 Write one new question that could be tested in the Sack GrowBag Garden.

Student reflection: What evidence from this assessment are you most confident about?

SECTION A - KNOWLEDGE

AQ-181 What is one important idea in row length, plant spacing and stand establishment?

AQ-182 Which tool or method could help you study the crop row?

AQ-183 Why should measurements or counts be written down?

SECTION B - PRACTICAL COMPETENCE

Task	Student evidence	Score
AQ-184: Demonstrate how to observe or measure the crop row safely.		/3
AQ-185: Make a clear record showing row record.		/3

SECTION C - INVESTIGATION / DATA SKILLS

AQ-186 Collect two observations or measurements and compare them.

AQ-187 Make a tally, table, picture graph or labeled drawing from your evidence.

SECTION D - MISSION-BASED PROBLEM SOLVING

AQ-188 A classmate gets a different result. Give one reasonable reason the results may differ.

AQ-189 Recommend one safe garden-care improvement using your evidence.

AQ-190 Write one new question that could be tested in the Ground Production Garden.

Student reflection: What evidence from this assessment are you most confident about?

SECTION A - KNOWLEDGE

AQ-191 What is one important idea in student-led garden questions?

AQ-192 Which tool or method could help you study the production plot?

AQ-193 Why should measurements or counts be written down?

SECTION B - PRACTICAL COMPETENCE

Task	Student evidence	Score
AQ-194: Demonstrate how to observe or measure the production plot safely.		/3
AQ-195: Make a clear record showing investigation record.		/3

SECTION C - INVESTIGATION / DATA SKILLS

AQ-196 Collect two observations or measurements and compare them.

AQ-197 Make a tally, table, picture graph or labeled drawing from your evidence.

SECTION D - MISSION-BASED PROBLEM SOLVING

AQ-198 A classmate gets a different result. Give one reasonable reason the results may differ.

AQ-199 Recommend one safe garden-care improvement using your evidence.

AQ-200 Write one new question that could be tested in the Discovery Production Garden.

Student reflection: What evidence from this assessment are you most confident about?

MY GROWMEAL(TM) ASSESSMENT SUMMARY

My strongest area: _____

One skill I will improve: _____

One mission I want to try again: _____

Teacher feedback:
