

OBSERVE DEMONSTRATION

Primary 1-3 | Alphabet Food Garden

SET UP

Mark safe work points and prepare simple tools for food-crop vocabulary. Pair pupils where useful.

DEMONSTRATE

Show exactly how to observe, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-101 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COUNT DEMONSTRATION

Primary 1-3 | Alphabet Food Garden

SET UP

Mark safe work points and prepare simple tools for food-crop vocabulary. Pair pupils where useful.

DEMONSTRATE

Show exactly how to count, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-102 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MEASURE DEMONSTRATION

Primary 1-3 | Alphabet Food Garden

SET UP

Mark safe work points and prepare simple tools for food-crop vocabulary. Pair pupils where useful.

DEMONSTRATE

Show exactly how to measure, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-103 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COMPARE DEMONSTRATION

Primary 1-3 | Alphabet Food Garden

SET UP

Mark safe work points and prepare simple tools for food-crop vocabulary. Pair pupils where useful.

DEMONSTRATE

Show exactly how to compare, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-104 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

RECORD DEMONSTRATION

Primary 1-3 | Alphabet Food Garden

SET UP

Mark safe work points and prepare simple tools for food-crop vocabulary. Pair pupils where useful.

DEMONSTRATE

Show exactly how to record, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-105 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MAP DEMONSTRATION

Primary 1-3 | Alphabet Food Garden

SET UP

Mark safe work points and prepare simple tools for food-crop vocabulary. Pair pupils where useful.

DEMONSTRATE

Show exactly how to map, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-106 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

GROW DEMONSTRATION

Primary 1-3 | Alphabet Food Garden

SET UP

Mark safe work points and prepare simple tools for food-crop vocabulary. Pair pupils where useful.

DEMONSTRATE

Show exactly how to grow, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-107 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

CHECK DEMONSTRATION

Primary 1-3 | Alphabet Food Garden

SET UP

Mark safe work points and prepare simple tools for food-crop vocabulary. Pair pupils where useful.

DEMONSTRATE

Show exactly how to check, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-108 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

EXPLAIN DEMONSTRATION

Primary 1-3 | Alphabet Food Garden

SET UP

Mark safe work points and prepare simple tools for food-crop vocabulary. Pair pupils where useful.

DEMONSTRATE

Show exactly how to explain, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-109 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

IMPROVE DEMONSTRATION

Primary 1-3 | Alphabet Food Garden

SET UP

Mark safe work points and prepare simple tools for food-crop vocabulary. Pair pupils where useful.

DEMONSTRATE

Show exactly how to improve, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-110 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

OBSERVE DEMONSTRATION

Primary 1-3 | Number Food Garden

SET UP

Mark safe work points and prepare simple tools for counts and simple measurements. Pair pupils where useful.

DEMONSTRATE

Show exactly how to observe, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-111 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COUNT DEMONSTRATION

Primary 1-3 | Number Food Garden

SET UP

Mark safe work points and prepare simple tools for counts and simple measurements. Pair pupils where useful.

DEMONSTRATE

Show exactly how to count, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-112 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MEASURE DEMONSTRATION

Primary 1-3 | Number Food Garden

SET UP

Mark safe work points and prepare simple tools for counts and simple measurements. Pair pupils where useful.

DEMONSTRATE

Show exactly how to measure, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-113 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COMPARE DEMONSTRATION

Primary 1-3 | Number Food Garden

SET UP

Mark safe work points and prepare simple tools for counts and simple measurements. Pair pupils where useful.

DEMONSTRATE

Show exactly how to compare, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-114 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

RECORD DEMONSTRATION

Primary 1-3 | Number Food Garden

SET UP

Mark safe work points and prepare simple tools for counts and simple measurements. Pair pupils where useful.

DEMONSTRATE

Show exactly how to record, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-115 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MAP DEMONSTRATION

Primary 1-3 | Number Food Garden

SET UP

Mark safe work points and prepare simple tools for counts and simple measurements. Pair pupils where useful.

DEMONSTRATE

Show exactly how to map, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-116 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

GROW DEMONSTRATION

Primary 1-3 | Number Food Garden

SET UP

Mark safe work points and prepare simple tools for counts and simple measurements. Pair pupils where useful.

DEMONSTRATE

Show exactly how to grow, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-117 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

CHECK DEMONSTRATION

Primary 1-3 | Number Food Garden

SET UP

Mark safe work points and prepare simple tools for counts and simple measurements. Pair pupils where useful.

DEMONSTRATE

Show exactly how to check, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-118 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

EXPLAIN DEMONSTRATION

Primary 1-3 | Number Food Garden

SET UP

Mark safe work points and prepare simple tools for counts and simple measurements. Pair pupils where useful.

DEMONSTRATE

Show exactly how to explain, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-119 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-137 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

CHECK DEMONSTRATION

Primary 1-3 | Leaf Garden

SET UP

Mark safe work points and prepare simple tools for leaf features. Pair pupils where useful.

DEMONSTRATE

Show exactly how to check, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-138 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

EXPLAIN DEMONSTRATION

Primary 1-3 | Leaf Garden

SET UP

Mark safe work points and prepare simple tools for leaf features. Pair pupils where useful.

DEMONSTRATE

Show exactly how to explain, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-139 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

IMPROVE DEMONSTRATION

Primary 1-3 | Leaf Garden

SET UP

Mark safe work points and prepare simple tools for leaf features. Pair pupils where useful.

DEMONSTRATE

Show exactly how to improve, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-140 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

OBSERVE DEMONSTRATION

Primary 1-3 | Pollinator Garden

SET UP

Mark safe work points and prepare simple tools for flowers and pollinator visits. Pair pupils where useful.

DEMONSTRATE

Show exactly how to observe, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-141 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COUNT DEMONSTRATION

Primary 1-3 | Pollinator Garden

SET UP

Mark safe work points and prepare simple tools for flowers and pollinator visits. Pair pupils where useful.

DEMONSTRATE

Show exactly how to count, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-142 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MEASURE DEMONSTRATION

Primary 1-3 | Pollinator Garden

SET UP

Mark safe work points and prepare simple tools for flowers and pollinator visits. Pair pupils where useful.

DEMONSTRATE

Show exactly how to measure, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-143 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COMPARE DEMONSTRATION

Primary 1-3 | Pollinator Garden

SET UP

Mark safe work points and prepare simple tools for flowers and pollinator visits. Pair pupils where useful.

DEMONSTRATE

Show exactly how to compare, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-144 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

RECORD DEMONSTRATION

Primary 1-3 | Pollinator Garden

SET UP

Mark safe work points and prepare simple tools for flowers and pollinator visits. Pair pupils where useful.

DEMONSTRATE

Show exactly how to record, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-145 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MAP DEMONSTRATION

Primary 1-3 | Pollinator Garden

SET UP

Mark safe work points and prepare simple tools for flowers and pollinator visits. Pair pupils where useful.

DEMONSTRATE

Show exactly how to map, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-146 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

GROW DEMONSTRATION

Primary 1-3 | Pollinator Garden

SET UP

Mark safe work points and prepare simple tools for flowers and pollinator visits. Pair pupils where useful.

DEMONSTRATE

Show exactly how to grow, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-147 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

CHECK DEMONSTRATION

Primary 1-3 | Pollinator Garden

SET UP

Mark safe work points and prepare simple tools for flowers and pollinator visits. Pair pupils where useful.

DEMONSTRATE

Show exactly how to check, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-148 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

EXPLAIN DEMONSTRATION

Primary 1-3 | Pollinator Garden

SET UP

Mark safe work points and prepare simple tools for flowers and pollinator visits. Pair pupils where useful.

DEMONSTRATE

Show exactly how to explain, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-149 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

IMPROVE DEMONSTRATION

Primary 1-3 | Pollinator Garden

SET UP

Mark safe work points and prepare simple tools for flowers and pollinator visits. Pair pupils where useful.

DEMONSTRATE

Show exactly how to improve, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-150 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

OBSERVE DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to observe, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-151 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COUNT DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to count, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-152 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MEASURE DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to measure, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-153 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COMPARE DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to compare, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-154 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

RECORD DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to record, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-155 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MAP DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to map, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-156 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

GROW DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to grow, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-157 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

CHECK DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to check, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-158 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

EXPLAIN DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to explain, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-159 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COMPARE DEMONSTRATION

Primary 1-3 | Sack GrowBag Garden

SET UP

Mark safe work points and prepare simple tools for growbag production. Pair pupils where useful.

DEMONSTRATE

Show exactly how to compare, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-174 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

RECORD DEMONSTRATION

Primary 1-3 | Sack GrowBag Garden

SET UP

Mark safe work points and prepare simple tools for growbag production. Pair pupils where useful.

DEMONSTRATE

Show exactly how to record, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-175 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MAP DEMONSTRATION

Primary 1-3 | Sack GrowBag Garden

SET UP

Mark safe work points and prepare simple tools for growbag production. Pair pupils where useful.

DEMONSTRATE

Show exactly how to map, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-176 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

GROW DEMONSTRATION

Primary 1-3 | Sack GrowBag Garden

SET UP

Mark safe work points and prepare simple tools for growbag production. Pair pupils where useful.

DEMONSTRATE

Show exactly how to grow, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-177 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

CHECK DEMONSTRATION

Primary 1-3 | Sack GrowBag Garden

SET UP

Mark safe work points and prepare simple tools for growbag production. Pair pupils where useful.

DEMONSTRATE

Show exactly how to check, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-178 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

EXPLAIN DEMONSTRATION

Primary 1-3 | Sack GrowBag Garden

SET UP

Mark safe work points and prepare simple tools for growbag production. Pair pupils where useful.

DEMONSTRATE

Show exactly how to explain, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-179 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

IMPROVE DEMONSTRATION

Primary 1-3 | Sack GrowBag Garden

SET UP

Mark safe work points and prepare simple tools for growbag production. Pair pupils where useful.

DEMONSTRATE

Show exactly how to improve, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-180 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

OBSERVE DEMONSTRATION

Primary 1-3 | Ground Production Garden

SET UP

Mark safe work points and prepare simple tools for rows, spacing and stand. Pair pupils where useful.

DEMONSTRATE

Show exactly how to observe, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-181 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COUNT DEMONSTRATION

Primary 1-3 | Ground Production Garden

SET UP

Mark safe work points and prepare simple tools for rows, spacing and stand. Pair pupils where useful.

DEMONSTRATE

Show exactly how to count, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-182 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MEASURE DEMONSTRATION

Primary 1-3 | Ground Production Garden

SET UP

Mark safe work points and prepare simple tools for rows, spacing and stand. Pair pupils where useful.

DEMONSTRATE

Show exactly how to measure, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-183 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COMPARE DEMONSTRATION

Primary 1-3 | Ground Production Garden

SET UP

Mark safe work points and prepare simple tools for rows, spacing and stand. Pair pupils where useful.

DEMONSTRATE

Show exactly how to compare, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-184 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

RECORD DEMONSTRATION

Primary 1-3 | Ground Production Garden

SET UP

Mark safe work points and prepare simple tools for rows, spacing and stand. Pair pupils where useful.

DEMONSTRATE

Show exactly how to record, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-185 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MAP DEMONSTRATION

Primary 1-3 | Ground Production Garden

SET UP

Mark safe work points and prepare simple tools for rows, spacing and stand. Pair pupils where useful.

DEMONSTRATE

Show exactly how to map, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-186 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

GROW DEMONSTRATION

Primary 1-3 | Ground Production Garden

SET UP

Mark safe work points and prepare simple tools for rows, spacing and stand. Pair pupils where useful.

DEMONSTRATE

Show exactly how to grow, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-187 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

CHECK DEMONSTRATION

Primary 1-3 | Ground Production Garden

SET UP

Mark safe work points and prepare simple tools for rows, spacing and stand. Pair pupils where useful.

DEMONSTRATE

Show exactly how to check, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-188 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

EXPLAIN DEMONSTRATION

Primary 1-3 | Ground Production Garden

SET UP

Mark safe work points and prepare simple tools for rows, spacing and stand. Pair pupils where useful.

DEMONSTRATE

Show exactly how to explain, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-189 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

IMPROVE DEMONSTRATION

Primary 1-3 | Ground Production Garden

SET UP

Mark safe work points and prepare simple tools for rows, spacing and stand. Pair pupils where useful.

DEMONSTRATE

Show exactly how to improve, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-190 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

OBSERVE DEMONSTRATION

Primary 1-3 | Discovery Production Garden

SET UP

Mark safe work points and prepare simple tools for measurable production questions. Pair pupils where useful.

DEMONSTRATE

Show exactly how to observe, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-191 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COUNT DEMONSTRATION

Primary 1-3 | Discovery Production Garden

SET UP

Mark safe work points and prepare simple tools for measurable production questions. Pair pupils where useful.

DEMONSTRATE

Show exactly how to count, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-192 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MEASURE DEMONSTRATION

Primary 1-3 | Discovery Production Garden

SET UP

Mark safe work points and prepare simple tools for measurable production questions. Pair pupils where useful.

DEMONSTRATE

Show exactly how to measure, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-193 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COMPARE DEMONSTRATION

Primary 1-3 | Discovery Production Garden

SET UP

Mark safe work points and prepare simple tools for measurable production questions. Pair pupils where useful.

DEMONSTRATE

Show exactly how to compare, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?
