

OBSERVE DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to observe, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-151 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COUNT DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to count, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-152 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MEASURE DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to measure, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-153 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

COMPARE DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to compare, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-154 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

RECORD DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to record, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-155 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

MAP DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to map, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-156 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

GROW DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to grow, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-157 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

CHECK DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to check, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-158 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

EXPLAIN DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to explain, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-159 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.

IMPROVE DEMONSTRATION

Primary 1-3 | Raised Food Garden

SET UP

Mark safe work points and prepare simple tools for raised-bed growth and spacing. Pair pupils where useful.

DEMONSTRATE

Show exactly how to improve, including where to start, how to use the tool and how to record the result.

ASK

What are we observing or measuring? What did you record? Which result is larger/smaller? Why might they differ?

TD-160 | OBSERVE -> CHECK -> CLOSE

OBSERVE

Check tool handling, units where needed, complete records and whether pupils compare evidence rather than guess.

CHECK LEARNING

Pupil produces at least two usable observations/measurements and explains one comparison.

CLOSE

Share one result, correct a common error, restore tools/site and connect the evidence to the journal or mission card.

LINK THE LEARNING

Record evidence in the GrowMeal journal -> assign the related Garden Mission Card -> use the matching practical/data/problem-solving assessment item.
